MURDER IS PUT BEFORE WILSON

John B. McManus Slain Beneath Shadow of U. S. Flag

Incident Is Regarded as Serious at White House

By Associated Press.

LOS ANGELES, March 12.—Two thousand Mexicans stormed the national palace at Mexico City yesterday in an effort to release the 250 Catholic priests imprisoned there, according to advices received here today. A riot followed, Octavio Bertrand, chief of police of the capital, was stabbed, two Mexican assassins, who attempted his death, were killed and a large number of persons injured.

By Associated Press.

WASHINGTON, March 12.—John B. McManus, originally of Chicago, a prominent American in Mexico City, was killed yesterday when Zapata forces entered the city. An American flag was flying over his house and the doors had been sealed by the Brazilian consul, according to advices to the state department today from the Brazilian minister in Mexico City.

General Salazar, the post commander, promised the Brazilian minister he would punish those responsible for the murder, which is said to have been one of revenge because it was charged that McManus killed three Zapatists when they were in the city previously.

Secretary Bryan took the dispatches on the killing of McManus to the cabinet meeting and they were laid before President Wilson. Mr. Bryan said further reports on the punishment of those responsible were being awaited.

Secretary Bryan said that meanwhile no representations would be made pending receipt of further details from the Brazilian minister. He said that a very full investigation would be made.

The incident was regarded very seriously at the White House.

Accounts of the killing of McManus vary. Some persons said he fired the first shot at the Zapatistas as they were trying to force an entrance to his house. Others said the Zapatistas began the shooting.

The American's hat was full of bullet holes and that is said to indicate that the attack on him had been made from a short distance.

After he had been killed the house was looted. The matter was immediately reported to Generals Barona and Guerra, who promsed to make an investigation.

ARRANGE FOOD TRANSPORT.

General Zalazar also told the Brazilian minister, the state department advices said, that he would see to making arrangements for transportation of food supplies into the city.

It was pointed out here that President Wilson's note to General Carranza, calling upon him in strong terms to alter his attitude toward foreigners in Mexico City, specifically pointed out that the American Government intended to hold Carranza and Obregon personally responsible for any injury to life or property of

Sixteen-Year-Old Girl Takes Poison

Marie Meador, a 16-year-old girl employed as domestic in the home of H. Newman, 717 Santa Ray avenue, is held at the Emergency hospital today following an attempt at suicide early this morning. The girl refused to give any reason for her drinking the contents of a bottle said to have contained poison. She was taken to the hospital by Newman and treated by Steward Emby and nurses. Her condition is not serious. The girl's home is at 3218 East Tenth street.

$5000 Cash for Mother of Four In Senate Bill

By Associated Press.

SACRAMENTO, March 12.—A legislative appropriation of $5000 for the support of four babies, quadruplets, born to Mrs. C. O. McKnight, wife of a Shasta county farmer, yesterday was introduced in the Senate today by Scott of San Francisco. It is set forth in the resolution that Mrs. McKnight has added to the glory of the State and that the father of the four babies due to the sudden increase of his family from ten to fourteen has not adequate funds "to support so numerous a progeny."

Girl of Mystery Is, Removed to Hospital

Mystery surrounds the circumstances under which an 18-year-old girl who gave the name of Lydia Gilbert was escorted to the Hall of Records this morning by a man, left penniless, bag and baggage, and ill in health, to be taken care of by strangers who had her removed to the emergency hospital and later to the county infirmary.

The girl was found wandering about the corridors at the county building, Fifth and Broadway. She stated that she wanted to go to the hospital, but further than that she would give no information about herself and at the emergency hospital she was reticent regarding the circumstances under which she reached the Hall of Records. Upon her arrival at the county infirmary shortly before noon she was registered under the name of Lydia Gilbert. She stated that she had been employed for some time past by a man named Jones, who owned a small ranch on the outskirts of Oakland, and that Jones had taken her to the Hall of Records today. Further than that she would not talk about herself to the nurses who attended her.

Seeks Alimony From Hubby and Hospital

While Edward A. Chapin, a former well-to-do rancher of Hayward, lies in the Merritt Hospital suffering from injuries sustained in a recent jitney accident, his wife, Zoe A. Chapin appeared before Superior Judge Brown today in an effort to obtain alimony pending the outcome of her divorce suit which was filed ten days ago.

Mrs. Chapin brought unusual accusations against her husband, charging that he had treated her in a cruel manner and reciting the circumstances of an incident that occurred several years ago during cherry season.

At that time she said that she and two women friends became acquainted with two men who drove an automobile and after asking them into the Chapin ranch to pick cherries, invited them to call again, which they did.

Then, Mrs. Chapin alleges, her husband became suspicious of the new acquaintances without just cause.

Kansas Cattlemen Ask for U. S. Aid

By Associated Press.

TOPEKA, Kan., March 12.—An appeal to President Wilson for government aid in fighting the foot and mouth disease in Kansas has been made by Governor Capper. The President was asked to send Dr. A. D. Melvin, head of the bureau of animal industry to the state.

"The foot and mouth disease continues to spread and threates to wipe out the livestock industry of Kansas," Governor Capper telegraphed. "It is imperative that quick action be taken."

New cases of the disease were reported from Butler county, not far from the affected herds of 518 cattle and 185 hogs on a farm near El Dorado. Slaughter of the animals will begin Saturday, it was announced.

Assembly Resolution Seeks Ruef Pardon

By Associated Press.

SACRAMENTO, March 12.—A concurrent resolution petitioning Governor Johnson to issue a pardon to Abraham Ruef, former political leader of San Francisco, who is now serving fourteen years in San Quentin for bribery, was presented for introduction in the Assembly today by Assemblyman Marron of San Francisco.

The petition recites that executive clemency should be extended for the reason that Ruef's mother is seriously ill and for the further reason that the ends of justice have been satisfied.

SEA ROVER EITEL STILL IN PORT

Officials Believe German Raider Will Be Forced to Interne

President Demands a Thorough Investigation of "Piracy"

By Associated Press.

WASHINGTON, March 12.—Confidential reports to officials here on the condition of the German auxiliary cruiser Prinz Eitel Friederich, in drydock at Newport News, Va., seem to make it certain that the German raider will be forced to interne there.

Assistant Secretary Peters of the Treasury Department told President Wilson today he expected the German commander would not venture to sea again.

Mr. Peters informed the President that his reports from Newport News show that Prinz Eitel is in very bad condition and utterly unfit to put to sea. After his conference with the President, Mr. Peters talked with Captain Kiehne of the American ship William P. Frye, sunk by the Prinz Eitel, over the telephone and directed him to get sworn statements from as many of the crew of the Frye as possible.

The President directed Mr. Peters to make a thorough investigation of all the facts in the case.

U. S. TO DEMAND PAY FOR VESSEL

By Associated Press.

WASHINGTON, March 12 — Three questions raised by the destruction of the American sailing vessel William P. Frye by the German converted cruiser Prinz Eitel Friedrich and the entry of the latter vessel into an American port for repairs still were to be determined today by the United States Government. They are on account of the sinking of the Frye, the length of time to be allowed the Prinz Eitel to make repairs at Newport News and the disposition of her prisoners. Pending the completion of an inquiry into the case, however, no decision on any of the questions involved was expected.

One thing has been settled and that is that unless the German government offers to make reparation for the sinking of the American ship and expresses regret for the occurrence, strong protest will be made by the American government for damages. Officials here are unanimously of the opinion that the German captain had no right to sink the Frye. It was thought likely that the German government after being acquainted with the facts would admit the mistake of the German commander and make reparations.

Arrest Gertrude Kanno on Insanity Charge

SAN FRANCISCO, March 12.—Gertrude Boyle Kanno, noted sculptress, protege of the late Joaquin Miller, "Poet of the Sierras," and wife of Count Kanno, Japanese poet, was arrested in her studio at 491 California street, this afternoon, on a warrant charging insanity, preferred by her sister, Miss Helen Boyle, of 698 Corbett road, this city. Miss Boyle accuses her talented sister with having threatened to kill her when she attempted to effect a reconciliation between she and her husband, Count Kanno.

At the detention hospital this afternoon Mrs. Kanno declared that she was the victim of a plot in which her husband was concerned.

"Count Kanno and I agreed to disagree a few days ago. He is now living at 'The Hights,' the Joaquin Miller home in the Fruitvale hills.

"I have entered the path of free love," she continued, but refused to explain herself on this point. She said that she had recently been engaged in nursing E. Ishigaki, a Japanese sculptor, with a studio on the ninth floor of the Phelan building, back to health. He has been very ill for several weeks.

"When I telephoned to my sister yesterday remonstrating that she should go back to her husband, she threatened to kill me." Miss Boyle said this afternoon. "I think that she is insane. Her threats to kill me and her actions with regard to her husband and her statements regarding free love have convinced me of this."

She will be taken before a lunacy commission.

SUSPECTED SON HELD BY POLICE

Officers Think He Failed to Keep Promise With Parent

Money Matters Said to Cut Figure in Death of Old Lady

SAN FRANCISCO, March 12.—With his wife sitting by his bedside at the Central Emergency Hospital this afternoon, Emil Carleson admitted that he was the man who stood trial in Tacoma in 1905 for killing his father. On being questioned as to whether or not he was the same man who had been arrested in Tacoma, Carleson first sent up an armor of reserve and declined to speak.

"Remember, your mother died this morning. You can tell the truth now," his wife reminded him. Then Carlson told his story.

"I did not kill my father," he said. "I was arrested and charged with the crime and acquitted. It was my mother who fired the shot that ended my father's life. He came home intoxicated and abused her and she shot him. The police came and rapped on the door, and, fearing that they would arrest my mother, I grabbed the gun, and as they entered, said, 'I shot him. I interrupted him abusing my mother and I killed him.'"

SAN FRANCISCO, March 12.—Determining upon death as the only means of surcease from their sorrows, Mrs. Lottie Carleson, 62 years old, a pioneer resident of Watsonville, and her son Emil, a telegraph operator, aged 32, entered in a suicide pact on Tuesday and finally nerved themselves to carry it out late last night. This morning the aged woman was found dead in the Grant Hotel, 50 Clay street, and her son in a dazed condition was taken to the Harbor Emergency Hospital. The woman had very evidently succumbed to the effects of rat poisoning. Carleson, who is rapidly recovering, declares that he, too, swallowed the poison, but the police are of the theory that he may not have kept his side of the suicide agreement, and are holding him under surveillance. He is under guard at the Harbor Hospital.

The statement of Mrs. Emil Carleson, the wife, who, with her 9-months-old baby boy, has been living at 1762 Pine street, moved from Los Angeles two weeks ago, declared to the police that she believed that her mother-in-law had considerable money on deposit at various banks. For that reason the police decided to hold Carleson in detinue for several days until a thorough investigation can be made.

The possibility that murder may have been done has led Detectives Bailey, Kracke and McGrath to proceed very cautiously, and a great deal will depend upon what they learn of Mrs. Lottie Carleson's affairs as to whether or not a charge will be placed against her son.

THIRD TIME SUCCESS.

According to Carleson the agreement to commit suicide was due to despondency over money matters. He says that for three nights he and his mother endeavored to nerve themselves to face death, but backed out each time. First they took a room here on Tuesday night, then crossed over to Oakland Wednesday night and came back and registered at the Grant hotel last night. It was on the third attempt, he asserts, that they found themselves possessed of sufficient courage to take the poison.

It was shortly after 6 a. m. that Mrs. Carleson was found dead and her son, who had been drinking a little, dazed, but not unconscious. There was no evidence that he had taken poison although the surgeons at the Harbor Hospital would not make a positive statement that he had not done so.

Two notes written by him were found. The first is addressed to his brother-in-law and reads:

"Dear Dode—Goodby. Been too much for me to stand. Have tried to be good, but it's no use. Mother goes with me. Have tried to arrange for Ollie and babe's suicide.—Emil."

The other missive is to a friend, evi-

MRS. ROCKEFELLER DIES SUDDEN RELAPSE FATAL

THE LATE MRS. JOHN D. ROCKEFELLER, WIFE OF THE OIL KING.

Sells, in Prison, Highly Excited; Near Breakdown

With Albert Sells, confessed Vogel murderer, safely in the city prison, held incommunicado, Chief of Police Walter J. Petersen permitted himself a cheerful grin this morning. Petersen has been battling for the possession of the alleged murderer for some weeks, and is highly pleased that he has accomplished his purpose.

Sells, according to Petersen, is on the verge of a nervous breakdown. No attempt was made to question him this morning, as he was in a greatly excited condition.

Sells will be arraigned tomorrow or Monday morning on the murder charge before Judge Mortimer Smith. In the meanwhile the Oakland detectives will weave together the loose ends of their case against Sells in preparation for the examination.

Two matters of controversy were definitely set at rest today by Chief Petersen. The first is that the Oakland police will not participate in the reward offered for the capture and conviction of Sells. The second is that the promise of immunity from the death penalty offered Sells by the Oakland authorities if he would confess when he was in Los Angeles will be honored, even if Sells is convicted of both murders.

"It has been rumored and even stated that our motive for bringing Sells to Oakland for trial was that the members of this department boped to get some or all of this $4000 reward," said Petersen. "That is not the case. No member of the Oakland department can or will participate in this reward. There is a charter provision against it. When Mr. Vogel, the son of the deceased banker, decided to offer the reward, I told him that my men, even if they captured the murderer, would not be permitted to accept any portion of the reward.

"The reward matter may have had a lot to do with the handling of the case in Los Angeles, as the private detectives there were anxious to convict Sells of the Southern Pacific Lark robbery, and so get a reward for that. But that has not been our motive, and has had nothing to do with the policy of this department.

"As to whether Sells will be granted immunity from the death penalty, I am ready to state that we feel that the agreement entered into with Sells to induce him to make a clean breast of this Vogel murder will be honored. It is a fact that after a consultation with District Attorney Hynes, Sells

Oil Magnate, in Special, Speeding To Death Chamber

NEW YORK, March 12.—Mrs. John D. Rockefeller died at her home in Tarrytown, N. Y., early today.

Mrs. Rockefeller died at 10:20 o'clock this forenoon at the Rockefeller country home at Pocantico Hills, just outside of Tarrytown where she had been ill for some time.

While Mrs. Rockefeller had been an invalid for many months, it is understood that her death came unexpectedly. Her husband, John D. Rockefeller, and her son were at Ormonde, Fla., and were advised early today that Mrs. Rockefeller had taken a critical turn for the worse.

Mr. Rockefeller and his son immediately engaged a special train which left Jacksonville early today, it was learned, and is due here some time tomorrow. Mrs. E. Parmalee Prentice, Mrs. Rockefeller's daughter, was the only immediate relative present when she died.

Laura Celestia Spelman Rockefeller was born in Wadsworth, Ohio, of well-to-do New England parents, on September 9, 1839. She was her husband's junior by two months. As a child she lived in Wadsworth, in Burlington, Ia., in Akron, O., where her father, Harvey B. Spelman, achieved a competence in the dry goods business, and later in Cleveland. In the grammar school at Cleveland she met John Rockefeller when they were fifteen years old.

Rockefeller was a country boy. She was the daughter of one of Cleveland's leading citizens. His home was a little farm house; hers, one of Cleveland's handsomest residences. His associates, outside of school, were mostly farm hands and country boys; hers were talented folk of affairs drawn to her father's handsome home, for her father then was a member of the Ohio legislature, a public-spirited citizen interested in philanthropies and a man of many activities. Notwithstanding other differences, the awkward youth and the city girl had in common a love of study and simple tastes, and they became fast friends.

EARLY DAY COURTSHIP.

There seems to have been little sentimentality in the friendship between Miss Spelman and young Rockefeller, but for ten years each was the other's best friend. During the days of Rockefeller's early manhood, when he saw his hopes of a college education fade away, and soon thereafter when he tramped the streets of Cleveland for weeks in a

LONDON, March 12, 3:03 p. m.—It is learned through diplomatic sources in London that the Russian Black Sea fleet is expected to start a bombardment of the Bosphorus ports today in active co-operation with the allied fleet which is attempting to force its way to Constantinople through the Dardanelles from the south.

MOSLEM GUNMEN PROVE EFFECTIVE

By Associated Press.

CONSTANTINOPLE, March 8, via Berlin March 11 and via London March 12, 12:10 p. m.—The fire of British warships on Turkish positions in the Dardanelles has been well directed on the whole, but at times inefficacious. The Turks, on their side, have shown a fair degree of accuracy in their marksmanship and have compelled British vessels to exercise great caution in approaching their batteries.

A correspondent of the Associated Press witnessed the bombardment of March 5 directed against the positions at Kilid Bahr, on the European side of the straits. He could see the fire of either side and note how all the shots fell. The vessels engaged were British ships of the Agamemnon type. The firing started at 11:50 a. m. and lasted until 4:25 p. m., when the British withdrew. Their fire had been rather scattered. Some of it was directed against Dardanus and other points on the European side of the straits and the material damage inflicted was only slight.

BRITISH CRUISER RETREATS.

At Milid Bahr the British fire was well directed on the whole, but it was not very effective. Of about thirty heavy shells ten fell close to the Turkish batteries, while the others mostly fell short. Many of them struck at the water's edge. A certain British vessel which ventured within range of the Kilid Bahr batteries, was subjected to well-aimed fire from them. She retreated hastily. The vicinity of these particular batteries was then avoided for the rest of the day. In the afternoon two other British vessels came within range of a hidden Turkish battery and had narrow escapes from the shore fire. During all the afternoon the British vessels inside the straits were obliged to maneuver actively because as soon as any one of them stopped it invariably drew a fairly accurate Turkish fire. It was evident that the British was exercising the greatest caution.

At about a quarter before 4 o'clock in the afternoon several hydro-aeroplanes of the allies appeared and made a reconnoissance. To the observers it was apparent that they dropped bombs on a village on the European side of the straits. The airships retired when fired upon.

foreigners if they failed to provide adequate protection in the event of their evacuation of the capital.

It also was reported to the State Department that after General Obregon left Mexico City there was looting in Popotla, a suburb.

ONE HUNDRED INJURED.

Official dispatches received in diplomatic quarters from other legations in Mexico City said that one British house was looted and 100 persons were injured in the disorder which prevailed between the evacuation of Obregon and the entry of the Zapata troops.

Both Generals Carranza and Obregon have been informed that the prestige of the cause for which they are fighting will be seriously affected in the view of the United States government should they fail to take prompt measures to prevent famine in Mexico City and to permit the free exodus of foreigners to Vera Cruz.

This was the principal argument, it was learned today, in the note sent by the United States government in reply to Carranza's communication denying that Obregon had interfered with the shipment of food supplies to Mexico City or had made the utterances which the American government believed might cause anti-foreign riots.

Without arguing further the authenticity of the reports reaching the Washington government from various diplomatic missions in Mexico City, stating that Obregon had caused all foreigners to be apprehensive of their safety, the new American note lays emphasis on the necessity for keeping the lines of communication open between Mexico City and Vera Cruz, and points out the need for allowing trains to be used for the transportation of freight.

REPLY RELIEVES TENSION.

Officials seemed confident that the exchange of notes would produce a better understanding of what the United States deemed necessary steps for the protection of foreigners in Mexico. The tension over the situation has been greatly relieved by the friendly character of the Carranza reply.

The note of the United States government says in part:

"The Government of the United States has noted with increasing concern the reports of General Obregon's utterances to the residents of Mexico City.

"This government believes they tend to incite the populace to commit outrages in which innocent foreigners within Mexican territory, particularly the City of Mexico, may be involved. This government is particularly impressed with General Obregon's suggestions that he would refuse to protect not only Mexicans but foreigners in case of violence, and that his present manifesto is a forerunner of others more disastrous in effect.

PEOPLE WITHOUT PROTECTION.

"In this condition of affairs the government of the United States is informed that the City of Mexico may soon be evacuated by the Constitutionalist forces, leaving the population without protection against whatever faction may choose to occupy it, thus shirking the responsibility which may happen as a result of the instigation to lawlessness before and after the evacuation of the city. The Government of the United States is led to believe that a deplorable situation has been wilfully brought about by Constitutionalist leaders, and forces upon the popular submission to their incredible demands and to punish the city on account of refusal to comply with them.

"When a factional leader preys upon a starving city to compel obedience to his decrees by inciting outlawry and at the same time uses means to prevent the city from being supplied with food, a situation is created which it is impossible for the United States to contemplate longer with patience.

CONDITIONS INTOLERABLE.

"Conditions have become intolerable and can no longer be endured. The government of the United States, therefore, desires General Obregon and General Carranza to know that it has, after mature consideration, determined that if, as a result of the situation for which they are responsible, Americans will suffer by reason of the conduct of the Constitutionalist forces in the City of Mexico, or because they fail to provide means of protection to life and property, it will hold General Obregon and General Carranza personally responsible.

"Therefore, having reached this determination with the greatest consideration, the Government of the United States will take such measures as are expedient to bring to account those who are personally responsible for what may occur."

After a conference between President Wilson and the cabinet a formal demand was sent to General Salazar insisting that the Zapatistas guilty of the murder of McManus be punished and that adequate reparation be made to the family of the victim.

NOT RELATED TO VICTIM.

By Associated Press.

CHICAGO, March 12.—Robert C. McManus, attorney for Swift & Co., when told of the killing of John B. McManus in Mexico City, said:

"I believe John B. McManus never lived in Chicago. His brother, Thos. McManus, is a prominent lawyer, and I believe they were associated in Mexico City. I know little about them."

Robert C. McManus is not related to the McManus family of Mexico City.

John B. McManus was one of the best known, most respected and most responsible members of the American colony in Mexico City, according to a prominent Chicagoan who has large interests there.

He was financial agent for Bryant, McIlhenny & Company, a big firm which manages a large group of mines in the Guanajuata district. He had been in business in Mexico City for about fifteen years and was a leader in the affairs of the American colony.

Explosion Reported on Steamer Lukenbach

RICHMOND, March 12.—The steamer Frederick Lukenbach is reported late this afternoon to be pounding to pieces in the breakers off of Port Richmond, where she was driven when her boilers are said to have exploded, disabling the craft. One man, a member of the engine room force, is reported to have been seriously, and perhaps fatally injured.

KEEP YOUR BOWELS REGULAR.

was offered immunity from the death penalty in a telegram sent from here if he would tell all he knew about the murder. It is also a fact that he did not tell all he knew, and did not do so at that time.

"But in response to that promise Sells told enough to make it possible for us to weave the chain of evidence about him. Technically, we may not be bound by those promises. But I think that they are morally binding upon us, and upon the courts of this county."

Sells was brought to Oakland last night by Inspectors Hodgkins and McSorley and booked for murder. He attempted to preserve an easy demeanor but showed signs of great nervousness.

"I shall probably have a little chat with Sells today," said Petersen. "But he is very nervous, and we are going to allow him to calm down a bit before we talk with him."

Marion E. Cox, the grained nurse, who is declared by Sells to have inadvertently given him information as to the Vogel home and the concealment of large sums of money by Banker Jacob Vogel and his wife, visited the city hall today, and went over some of his statements and those of Sells with the police. Cox will be a witness against Sells at the preliminary hearing before Judge Smith and at the trial.

It has not been decided whether it will be necessary to bring Charles E. Sligh, Sell's partner in several crimes, to Oakland as a witness in the Vogel murder case. Sligh will probably not be brought here for the preliminary examination, and by the time the case case goes to trial, Sligh will in all probability have been convicted of robbery and will be in San Quentin. It will then be less costly to Alameda county to bring him here as a witness than if he had to be transported from Los Angeles here and back.

Herbert Vogel, son of the murdered banker, held a conference with Chief Petersen today. The subject was not given out.

WOMAN SUES RAILROAD.

Adrianna M. Hill today commenced suit for $2000 damages against the Southern Pacific Company for injuries alleged to have been sustained when she was struck by a gate on a train she was attempting to board at West Berkeley on May 14 last. She also wants $190 for loss of employment.

"I have been working in the interest of the Exposition bonds and I intend to keep on working among my friends. Alameda county owes this debt to the Exposition and should not falter in its payment."—Joseph Leon, attorney.

AVOID COUGHS AND COLDS

Grip and Pneumonia Usually Follow if Neglected.

The chief danger of "grip" and "colds" lies not in their own direct effects, but in the fact that they weaken the body and open the way for the entrance of the organisms of other diseases. It is therefore advisable to take the proper precautions with a cold at the start when it can be conquered with comparatively little trouble. The ounce of prevention is worth many pounds of cure in the case of colds and the best prevention is to keep the body in good physical condition.

Duffy's Pure Malt Whiskey helps keep the body in good general health because it is a predigested liquid food which requires no labor of the digestive organs, and is ready to enter the blood when it enters the stomach, enriching and increasing the circulation. It sharpens the appetite, aids digestion of the ordinary foods, helps repair wasted tissues of the body, quiets and strengthens the nerves of the body and brain, makes eating a pleasure and adds to your power of endurance. People who "Get Duffy's and keep well" are seldom troubled with colds—it is a medicine for all mankind.—Advertisement.

RUSSIAN FLEET TO STRIKE BLOW AT BOSPHORUS

(Continued From Page 1)

erations by air craft attached to both armies are recounted in a semi-official communication issued last night. The statement says:

"The weather for the past few days has been excellent for aeroplane reconnaissances on the northern fronts. Both sides have been very active in this respect and also have used dirigibles. The enemy's aviators dropped twenty bombs on Ossowetz without damage to the fortifications.

"On the right bank of the Vistula we captured an aeroplane. On the Pilica our aviators attacked and defeated a German aeroplane. At certain points the enemy dropped incendiary bombs without causing damage.

"Our aeroplanes did excellent work in correcting artillery fire and the enemy's aviators evidently were similarly serviceable, for their artillery succeeded in firing projectiles of all sorts on our positions, including shells containing poisonous gases and shells so old they failed to explode.

"In the Pilica region the Germans have brought up new troops not to break our line, but to withstand our offensive."

AUSTRIANS CLAIM POLAND VICTORY

By Associated Press.

VIENNA, March 12, via London, 12:53 a. m.—The following official communication was issued tonight:

"The ground won in the recent battles in Russian Poland and on the western Galician front to the rear and south of Gorlice has been strongly maintained. Attempts to regain some of the vantage points failed.

"A heavy snowfall in the Carpathians has hampered operations, but in spite of unfavorable conditions, battles are continuing at several parts of the battlefront.

"During the occupation of a height, several companies of the enemy were repulsed, and 2 officers and 350 men were captured. Some night attacks were repulsed with losses for the enemy.

"The enemy was repulsed before our positions north of Nadworna and 230 additional prisoners were captured.

"On the remainder of the front and in Bukowina calm prevails."

TIME STROKE TO AID RUSSIANS

By Associated Press.

LONDON, March 12, 12:22 p. m.—The sweeping advance of British and Indian troops around Neuve Chapelle in the direction of the strong German position at LaBassee is regarded by some English newspapers today as the commencement of acuve operations on the left wing of the allied front in the western theater of war and as likely to be followed by another important offensive thrust preliminary to a general advance in the spring.

It is believed, moreover, that the Germans will promptly seek to retaliate. If they do this it will compel them to keep their western forces intact, if not to reinforce them, to meet the fresh forces which Great Britain is putting into the field. This is just what the allies profess to desire. Their stroke is timed to aid the Russians, for if the allies had not kept the Germans busy along the western front it is believed the German commanders would again have shifted forces to the eastern line to strengthen Field Marshal Von Hindenberg, whose armies are now fighting hard to regain the ascendancy between the Vistula and the Niemen rivers.

These battles in Northern Poland are not thought in London to have reached their maximum intensity, but Field Marshal Von Hindenberg, with heavy reinforcements, is said to be attempting another flanking movement against Przasnysz, with the idea of resuming his original plan of advancing along the Niemen should the operations against Przasnysz be successful. The battle line which is the crux of these operations extends roughly for a distance of eighty miles between the River Orzye and the River Vistula.

No recent news has been received in London concerning the operations of the allied fleets in the Dardanelles. Delayed dispatches direct from Constantinople say the damage inflicted on the Turkish forts has not been serious and that life in Constantinople is entirely normal. This contradicts the reports published today that the Turkish capital is in a state of panic

GENERAL SIEVERS COMMITS SUICIDE

By Associated Press.

BERLIN, March 12, by wireless to Sayville.—The Frankfurter Zeitung has received a private dispatch from Petrograd intimating that General Sievers, commandant of the Russian tenth army corps, defeated in the winter battle at the Mazurian lakes, has committed suicide. The basis for this inference seems to be the fact that reports have been in circulation concerning a mourning service held for the general in a Lutheran church.

Dispatches from Constantinople tell of the further resultless bombardment by the allies of the Turkish forts at the Dardanelles. The operations have been hindered by stormy and foggy weather.

A British landing force, estimated at from 100 to 2000 men, is reported to have been repulsed and compelled to retire to their vessels. One report says these men were either killed or captured by the Turks.

RUSSIAN TROOPS PURSUE RAIDERS

By Associated Press.

LONDON, March 12, 2:20 p. m.—A small party of Germans in China is reported to have undertaken one of the most striking adventures of the war in the east. A dispatch to Reuter's Telegram Company from Peking describes the exploits of these Germans, nine in number, who escaped from Tsing-Tau after its capture by the Japanese and traveled nearly 1000 miles overland in an effort to tie up Russia's trans-Siberian railway. The dispatch says the party is headed by Captain Rabe von Pappenheim, German military attache at Peking.

The eight men with whom he set forth made their way out of Tsing-Tau and managed to procure Chinese passports, ostensibly for the purpose of going on a hunting expedition in the interior. They started away several weeks ago and no word was heard from them until recently.

It now appears that the Germans procured twenty camels and a large supply of explosives and pushed northward into Manchuria. They are now known to be between Buchatu and Tsitsihar, in Manchuria, along the line of the Russian trans-continental railway. Their object, the Peking message says, is to put the Russian railroad out of commission by blowing up tunnels.

Russian soldiers are pursuing the Germans.

Japan has been forwarding arms and ammunition to Russia over the Trans-Siberian railway and it might be assumed that the object of the Germans was to cut off this source of supply.

Greece Will Keep Neutral, Envoy Says

By Associated Press.

PARIS, March 12, 4:55 p. m.—"The statement of neutrality issued by my ministry seems to me sufficently clear to leave no room for anxiety in France as to the policy the cabinet will follow," declared Premier Ghounaris of Greece, in a statement to the correspondent of the Havas agency at Athens, who informed him that the change in ministry had created a strong impression in France.

"In any case," continued M. Ghounaris, "I can add that the policy of neutrality spoken of in the ministerial declaration will be understood and carried out exactly in the same way as by the preceding cabinet. Without a feeling of hostility for anybody, we Greeks love France from motives of gratitude and also and above all from the impulse of our hearts.

"France will have no occasion to complain of Greece, who, on her side, hopes and counts always and under all circumstances on the kindly assurances of the former. Faithful to our alliance with Serbia, we shall continue in perfect understanding with Rumania, to pursue a watchful policy, always mindful of the integrity of our territory and the maintainence of our national aspirations."

The ministerial declaration referred to by M. Ghounaris was issued at Athens on March 10, after he had completed the formation of a new cabinet. It expressed the belief that the observance of neutrality was imperative on Greece if she wished to protect her national interests.

Deny Submarine Chased S. S. Lapland

By Associated Press.

LONDON, March 12.—The report that a wireless message from the steamer Lapland had reached Liverpool saying she had been chased by a German submarine after leaving Liverpool has been denied by the White Star company. The Lapland left Liverpool March 11 for New York and she has on board many American passengers. The company says it has heard nothing from the vessel since she left and therefore assumes all on board are well.

Aeroplanes to Scour Sea for German Ship

By Associated Press.

VICTORIA, B. C., March 12.—Because of their inability to locate the German cruiser Dresden, British warships which have been prosecuting the search ever since the naval battle off the Falkland Islands, have requested the British government to send sea planes to spy out the enemy, according to one of the allies' warships which has just arrived from Patagonia. It is believed that the Dresden, sole survivor of the German Pacific fleet, is hiding in one of the many waterways that penetrate the coast of the type of South America.

Germans May Stop War by Submarines

By Associated Press.

LONDON, March 12, 3:35 a. m.—A dispatch to the Daily Express from The Hague says:

"A secret report has been set from Cuxhaven to the Admiralty at Berlin that 12 submarines have failed to report at their base, eight of them being among German's newest boats.

"The naval council will meet today or tomorrow under the presidency of Emperor William to discuss whether or not it would be better to abandon the submarine war."

"In a way I think Alameda county is destined to derive more benefits from the Exposition than San Francisco. Of course, these benefits may be longer coming, but they are sure to come just the same. I am certainly in favor of the bond issue."—Thomas H. Benton Jr., Oakland merchant.

Official War Statements

By Associated Press.

LONDON, March 12, 2:35 p. m.—The following report concerning the operations of the British forces on the western battle front was given out today by the official information bureau:

"During the night of the 11th and 12th and in the early morning several counter-attacks were easily repulsed by the Fourth Corps and the Indian Corps with heavy losses to the enemy. Sixty prisoners were captured in a night attack and also the village Lepinette was captured by the Third Corps with slight loss. Mist and fog now prevail and hinder operations."

By Associated Press.

BERLIN, via Wireless to Sayville, Mach 12.—The general staff of the German army today gave out a report on the progress of the war as follows:

"In the western arena two battleships of the enemy, accompanied by two torpedo boats, fired on Westende on the Belgian coast to the north of Nieuport yesterday. Seventy shots were fired without doing any damage. When our batteries became active, the warships of the enemy retreated.

"The British who have occupied Neuve Chapelle advanced several times last night to the eastward, but were repulsed. Also to the north of Neuve Chapelle minor British attacks yesterday were repulsed. The fighting in this district still continues.

"It was quiet in the Champagne district yesterday. In the Vosges a heavy snow storm prevailed and only minor operations took place.

"In the eastern arena to the north of the Forest of Augustowo we vanquished a force of Russians which avoided complete defeat by retreating hastily in the direction of Grodno. We took more than four thousand prisoners, including two commanders of regiments, and we captured three cannon and ten machine guns. Furthermore, from the Augustowo district the Russians began a retreat in the direction of Grodno.

"At a point northwest of Ostralenko, during an attack we captured three Russian officers and 220 men. To the north and northwest of Przasnysz the German attacks have made progress. In this district we took over 2200 prisoners yesterday.

"A recent Russian official bulletin announced two great Russian victories, one at Grodno and the other at Przasnysz. In each of these engagements the Russians claim to have vanquished or annihilated two German army corps. If the chief in command of the Russian army really believed this the events of the past few days will have corrected his opinion concerning the fighting power of the German army. The offensive movement of the Russians before Grodno, through the Augustowo Forest, resulted in failure. Near Przasnysz German troops after giving way for a short time are again two and one-half miles north of that town. Since relinquishing Przasnysz, the Germans have taken prisoner a total of 11,460 Russians on battlefields between the Vistula and the Orzyc rivers."

By Associated Press.

PARIS, March 12, via London, 3:30 p. m.—The official statement issued this afternoon by the French War Department says:

"In Belgium two divisions of the Belgian army advanced between 400 and 500 meters, notably in the direction of Schoorbaka to the southeast of Nieuport.

"On the remainder of the front nothing has taken place to add to yesterday's official statement."

NEUTRALITY SOUGHT.

By Associated Press.

GENEVA, via Paris, March 12.—Dr. Ghenadieff, the former Bulgarian foreign minister, who is at Neuchatel, is quoted in an interview as saying in effect that Bulgaria has only one desire—to remain neutral, like Switzerland, till the end of the war.

Second Ceremony Binds German to Japanese

By Associated Press.

NEW YORK, March 12.—Yazi Yazuzo, a Japanese, and his German bride, who was Kate Kluger, both of whom had passed a seven months' honeymoon in the jail at Saarbrucken, arrived here yesterday from Italy on board the steamship Ancona. They said that German officials who learned that they had been married soon after Japan entered the war, refused to sanction the marriage, but that the American consul obtained their release from jail, as Yazuzo had lived seventeen years in the United States. Another marriage ceremony was performed on their arrival here.

MAY BE MURDERER.

Robert Foster, a negro, is being held in the city prison pending advices from Hendersonville, Ill., as to whether he is wanted there for a murder committed twelve years ago in a dance hall in that village. Foster was turned over to the Oakland police last night by Daisy Guest, a negress, who was angered at the man. The police say the two have been living together. Foster denied having committed the murder.

"I am very much in favor of the Exposition bonds and I believe that all of Oakland is in favor of the issue. Without a doubt the investment of a million dollars in the Exposition will be an investment in the future welfare and progress of Alameda county. I shall do all in my power to aid the issue."—Mrs. Harriet F. Hawes, 1522 Twenty-third avenue, Oakland.

'COP' PEACHES IN FRAUD CASES

Indianapolis Policeman Tells of Frame-up to Get Rid of Workers.

By Associated Press.

INDIANAPOLIS, March 12.—Robert Lloyd, a policeman, one of 38 men who pleaded guilty to federal indictments charging conspiracy to corrupt elections, testifying today in the trial of 28 defendants in the election cases said Mayor Donn M. Roberts of Terre Haute "thanked him for the work" he did last election day in Terre Haute.

Lloyd previously had told about driving a city automobile and carrying negroes from a number of saloons to the "Bagdad" precinct. The night before the election Lloyd said Hilton Redman, a defendant, and Night Chief of Police John Nugent, who has pleaded guilty, "planned a frame-up to get rid of some election workers."

Lloyd told about building two special detention cells at police headquarters which he said were filled up on election day and the night before.

The policeman also told of Nugent leading Lloyd and two other patrolmen to the city crematory and arresting three men who had been placed there to guard voting machines. These men were assaulted and placed in the detention cell, Lloyd said.

dently also a telegraph operator. It reads.

"Dear Terry—Well, I got out of down there and came up here, only to get in worse, so I am taking the route of all despondent suicides; 'TS' to the boys."

In his first letter Carleson clearly implies that he intended to arrange for the suicide of his wife Ollie and his baby boy. When asked about this he denied such an implication strenuously.

"I couldn't support them, that was all. I didn't want them to die. I did not mean that I was going to have my wife try suicide," he explained. "I have had some trouble, that's true. My wife and I didn't agree. I decided that we would come up from Los Angeles, but it only became worse after we got here. I had no money and when my mother came from Watsonville she and I decided we would kill ourselves. We didn't have the nerve first and we went around to different hotels and Wednesday night we went to Oakland, but we couldn't seem able to face death. Last night it was different. We just took rat poison together."

Out at 1763 Pine street, where Mrs. Ollie Carleson, wife of Emil, and the 9-months-old babe were found, it was learned from the landlady that there was friction between mother and daughter-in-law.

GLAD SHE IS DEAD.

"The Carlesons came here to me about five weeks ago," she declared. "Aside from the fact that Mr. Carleson drank a good deal, they seemed all right. Then last Friday his mother came and she took him away. They left arm in arm. He rang up his wife on Tuesday and she told him he had better come home. He said to her that he was going to do something and that he would be home later, and she said, 'Well, when you come I may not be here,' and he replied that if she wasn't here when he came he would kill himself. I understand that they had the same trouble in Los Angeles."

Mrs. Carleson, when located by the detectives, also placed the blame directly on her mother-in-law. "I am glad that she is dead. She came between me and my husband," was the woman's explanation. She was nervous and excited and seemed anxious to reach her husband's beside.

"I am going to keep Carleson under surveillance until a further investigation has been made," said Detective Kracke. "I learned that his mother had several deposits in banks under different names. This information was given me by the wife and until we can be absolutely positive that a crime has not been committeed and that murder has not been done we will not turn this man loose."

Put on Your Skid Chains, the 'Jitney Tango' Is Coming

Dance-loving guests of the Hotel Oakland are today advertising for skid chains! They want them, and want them urgently, by next Monday evening, when they will be taught the "Jitney Tango," which is termed a 1915-model, in the Ivory ballroom of the hotel. The chains are wanted to prevent skidding while in dangerous places.

That the "Jitney Tango" may be realistic in its every detail, the orchestra which will dispense the Terpsichorean strains will be equipped with a large automobile horn, the strident, not to say raucous notes of which will blare forth throughout the specially written music. It is at each honk-honk of the horn that the skid chains, the hotel guests feel, will be needed, as that will signal a full and sudden stop, mayhap on a slippery stretch.

Those of the hotel guests who have children are seeking adjustable skid chains to introduce the "Jitney Tango" among the younger dancers Thursday afternoon of next week.

The "Carburator Glide," the "Gasoline Trot" and the "Spark Plug Three-Step" will be among the new dances that may be introduced to Oakland's dancing social set.

BIG DIVIDENDS PAID.

By Associated Press.

BERLIN, via London, March 12.—According to newspaper reports, the next dividend of the Reichsbank will be 10 24 per cent, as compared with 8 43 per cent, the last previous rate. The improvement is due to the heavy discounting of government bills and to the abolishment of the note tax upon the outbreak of the war.

ENGLAND'S THREAT ROUSES GERMAN IRE

If Great Britain Treats Crews of Submarines as Pirates, Will Retaliate.

BERLIN, via London, March 12.—In naval circles it is declared that a searching investigation will be instituted into the report that the British admiralty intends to withhold the customary honorable imprisonment conditions from submarine crews made captive and that if Great Britain places such Germans under special restrictions retaliatory measures will be adopted.

The navy officials say the investigation will not be made through diplomatic channels, but decline to specify how their information will be gleaned. They claim that should Great Britain take the action she contemplates this will not affect the submarine war plans in the slightest particular, nor have any influence on the spirit of the crews.

Announcement was made by the British admiralty March 8 that the admiralty was not justified in extending honors to captured German submarine crews owing to their method of warfare, and that it was intended to segregate them under special restrictions pending their possible conviction at the conclusion of peace.

The new policy, the admiralty said, applied to the twenty-nine officers and men of the German submarine U-8 who were rescued when their craft was sunk off Dover. This submarine, it was charged, had been guilty of attacking unarmed merchantmen and of endeavoring to torpedo ships carrying non-combatants, neutrals and women.

Admiral Lord Charles Beresford, retired recently, proposed that the crews of submarines be tried for murder as pirates.

KILLED BY PULLEY.

SAN FRANCISCO, March 12.—Arthur Schirmer, of 808 Alvarado street, employed at a planing mill at 151 Beach street, was instantly killed yesterday afternoon, when he was struck with a pulley while at work. He was thrown a distance of 10 feet, and when picked up was already dead.

"There are many reasons why Alameda county should pay out money towards the support of the Exposition. It was never intended that the Exposition should be for the benefit of San Francisco alone, but for the benefit of the entire state. Alameda county will derive benefit in many ways from the Exposition, and it is up to the voters to help in every honorable way."—F. N. Heaney, Oakland merchant.

New York Fashions Lead Them All

We have been talking New York fashions for six months or more. Now we hear of "Made in America" garments from other sources. But we continue to skim off the cream of the best New Yorkers and have a wonderful assortment to show tomorrow at our three stores.

Extraordinary Values

Arrive For Tomorrow—Saturday

These are Suits that New York designers and manufacturers might well be proud of. Made in America for American women from American made fabrics.

No single store would think of buying so many at one time, but with three New York stores in California we are in a position to take advantage of price concessions which would otherwise be out of the question.

We select from manufacturers' stocks what we want and we pass up what, in our opinion, does not come up to our style and value standard.

Come tomorrow and see these $25.00, $30.00 and $35 Suits which have just been added to our big $18 line.

MORE STRENGTH FOR OLD PEOPLE

Mrs. Hutchison—Eighty-One Years Old—Uses No Other Tonic but Vinol and Recommends It to Friends.

Greenville, S. C.—"It is with pleasure I tell others of the great benefit I have derived from Vinol, for the past several years. I am 81 years old and I find Vinol gives me strength, a healthy appetite and overcomes nervous disorders. Vinol is the only tonic reconstructor I have used for several years. I have recommended it to a great many of my friends and it has always proved satisfactory."—Mrs. M. A. HUTCHISON, Greenville, S. C.

Such cases as the above are constantly coming to our attention. If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

It is the tissue building, curative elements of the cod's livers, aided by the blood making strengthening properties of tonic iron contained in Vinol, that makes it so successful in building up strength for old people, delicate children and for all run-down conditions. Vinol is also a most successful remedy for chronic coughs, colds and bronchitis. If it fails to benefit any one who tries it we return your money.

BURHAN-EDDIN FOUND STRANGLED IN BEDROOM

PARIS, March 12.—The Balkan agency has received the following dispatch from Sofia, Bulgaria:

"Advices received here from Constantinople say that Mehemmed Burhan-Eddin Effendi, favorite son of the former Sultan Abdul Hamid, has been found strangled in his bedroom.

"Despite the reserve of the Turkish police, it has been confirmed that the prince was killed by political enemies."

With the abdication of Prince William of Wied as ruler of Albania last year, it was reported that Turkey would urge Burhan-Eddin's appointment to the throne.

Keep Your Lungs Strong

This advice is doubly important with the knowledge that every three minutes some one in the United States succumbs to consumption and many refuse to realize they are afflicted until it is too late.

It is after colds or sickness, from overwork, confining duties or when general weakness exists that tubercular germs thrive because the resistive powers of the body are weakened.

Only with fresh air, sunshine and abundant rich blood can one hope to arrest their progress, and the concentrated fats in Scott's Emulsion furnish fuel for rich blood, and its rare nourishment helps strengthen the lungs while it builds up the forces.

If you work indoors, tire easily, feel languid or run-down Scott's Emulsion is the most strengthening food-medicine known and is free from alcohol or stupefying drugs. Avoid substitutes.

SENATE AND ASSEMBLY AT WORK ON GRIST FROM COMMITTEES

BOTH HOUSES BUSY ON BILLS

Wide Range of Legislation Is Faced: Committees Report Work.

SACRAMENTO, March 12.—The Senate and Assembly were prepared today to resume consideration of their third reading files with a view to passing a number of minor bills. The committees of the two houses spent a busy afternoon and evening yesterday in serious consideration of hundreds of bills many of which were passed with recommendation for affirmative or negative action.

In the Assembly Speaker Young's non-partisan election bill was scheduled to go on the second reading file following a favorable recommendation for its passage last night. Its champions expect a House vote on the measure early next week.

A new state excise bill as a substitute for the original measure introduced last January placing the liquor traffic under control of a state commission, was to be introduced today by Assemblyman Bismarck Bruck of St. Helena. A number of amendments framed by Bruck will change the old form of the bill, in several particulars. Among other changes the district commissions are eliminated in favor of one general commission of nine members to be appointed at large by the governor.

Several matters of engrossing interest are before the assembled legislators. The Western Pacific situation, a plan for the purchase of the old Frigate Independence by the state, and a dozen smaller bills are all attracting attention and causing lively debate. The bill providing for Bible teaching in the public schools is to come in for a lively controversy and a protest against the law proposed to protect bears under the game laws is to be contested by the stockmen of California on the ground that their interests will be threatened seriously through the law.

Passage of the two-platoon fire system law is indicated in the committee on municipal corporations. The law is designed to prevent firemen doing twenty-four hours' duty a day.

"The people must be made to know how insignificant the cost is to be and how cheaply the honor of the county would be sold if the bonds are defeated. The cost to the taxpayer averages one and one-half cents per month on property assessed at $1000."—A. S. Lavenson, president of the Business Men's Bond Campaign Committe. Exposition bonds election March 19.

Face Eruptions Have Deep Significance

Often They Indicate Impurities Deep in the Tissues.

The results shown by S. S. S. in clearing the skin reveal how searchingly and how deeply this famous blood purifier attacks blood troubles. Facial eruptions are more often significant of impaired nutrition resulting from faulty elimination of body wastes.

Most people realize this to be true. And yet it is a difficult matter to convince such people they should avoid those harmful drugs such as mercury, iodide of potash, arsenic and so on. S. S. S. gives just as good effect without the destructive results, because it is more searching. It goes deeply into the circulation wherever the blood flows but it does not remain to clog the system and its effect is complete and thorough, indicated by blood tests. One of the strange things today is that so many people are wedded to the notion that mercury is the one antidote. It is not so. There is in S. S. S. a product of nature that is rated one of the most potent principles known for the complete elimination of blood troubles.

Wherever you go there are people who know this to be true from their own experience, for it has been clearly shown there is one ingredient in S. S. S. as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts of our daily food. Get a bottle of S. S. S. today of any druggist, but insist upon S. S. S., accept no substitute. And if your case is peculiar or of long standing, write to the Medical Adviser, The Swift Specific Co., 101 Swift Bldg., Atlanta, Ga.

'John Muir Trail' Planned to Honor Writer's Memory

SACRAMENTO, Cal., March 12.—A $10,000 appropriation to build a John Muir trail" from Yosemite Valley to Mount Whitney has been approved by the Senate Committee on Roads and Highways and referred to the Finance Committee.

Survey appropriations for State highways in Los Angeles county from Azusa to Antelope Valley and from La Canada Valley to Antelope Valley, to be called the Pasadena State Highway, were recommended.

BOARD CONTROL OF RATES URGED

Transfer of Adjustment Powers to Railroad Commission Reported On.

By Associated Press.

SACRAMENTO, March 12. — An enabling act to carry out a constitutional amendment voted last fall by the people giving the railroad commission power to fix public utility rates in all municipalities of the state was sent out of the Senate and Assembly committees on public utilities last night with a recommendation that it be passed.

Three representatives of public utilities, including the two largest telephone corporations of California, asked that the railroad commission be allowed to assume rate fixing powers over their utilities in cities without waiting the 90 days after the legislative adjournment for a possible referendum.

"We want to go under the railroad commission as quickly as possible, rather than have out rates fixed this year by local boards," they said, but Max Thelan, president of the railroad commission, declared that it was legally safer to wait the 90 days and his argument prevailed.

ASSEMBLY ADJOURNS AND COMMITTEES WORK

By Associated Press.

SACRAMENTO, March 12.—Two bills, minor in character, were passed by the Assembly yesterday, after which adjournment was taken to permit thirty or more committees to delve into the intricacies of assorting 1400 measures. Speaker Young suggested a continuance of the haste that marked the first few days of the week and strongly advised against dilatoriness.

Widenmann's bill empowering the governing boards of state hospitals to change the designation of "steward" to "business manager," and H. W. Brown's bill, fixing a legal rate of interest on claims against estates of deceased persons, were the two measures passed. Three bills, all relating to the management of reclamation and irrigation districts were introduced. Meek of Oroville introduced a concurrent resolution requesting the legislature to set apart March 31, 1915, for the observance of "California Ripe Olive Day."

PROTECTION PLANNED FOR CALIFORNIA GAME

By Associated Press.

SACRAMENTO, March 12. — No spike buck may be killed in California under a bill placing the spike buck with female deer and does on the protected list, which has been recommended for passage by the Senate fish and game committee. Statistics were produced from states where spike bucks are protected showing a large decrease in the number of fatalities from men being mistaken for game. Such a law requires a more careful survey of game before firing, it was argued. A bill reducing the limit on Pismo clams from 200 to 75 a day was passed out of the committee with unanimous support when it was shown that the Pismo clam is growing rare.

PARDON BOARD TO PROBE CLEMENCY PLEAS URGED

By Associated Press.

SACRAMENTO, March 12.—A bill providing for an advisory pardon board to sift applications of prisoners for executive clemency and to make recommendations to the governor was supported for passage by a vote of the senate judiciary committee yesterday. It was said that hundreds of pardon applications are constantly on file with the governor. The bill makes the lieutenant governor, attorney general and the two prison wardens the members of the board.

LEGISLATORS TO VISIT FAIR ON MARCH 20

SACRAMENTO, March 12.—An invitation from President C. C. Moore of the Panama Pacific Exposition for the members of the Legislature to visit the Exposition Saturday, March 20, in a body was received today. It was taken up immediately in the Senate after its reading and on motion of Senator Wolfe of San Francisco was unanimously adopted.

It is intended that the legislators shall go down to the bay in a special train with Governor Johnson, Lieutenant-Governor Eshleman and other state officials.

An anti-cartooning law and a law requiring newspaper articles to be signed by their writers are repealed in two bills which were reported to the Senate this morning for passage by the judiciary committee.

OPPOSE CONVICT LABOR.

SACRAMENTO, March 12. — A bill by Senator Owens permitting the employment of convicts upon state highways was ready for favorable endorsement by the Senate committee on roads and highways yesterday when Senator Luce asked that laber representatives who are opposed to the bill be given an opportunity to present arguments and a special hearing was set for Thursday afternoon next.

DISCUSS RAIL PURCHASE.

SACRAMENTO, March 12.—Further discussion of the proposed purchase of the Western Pacific Railroad by the state was taken up this morning by Governor Johnson with Max Thelan, president of the Railroad Commission. Thelen chanced to be here on other business and in a long conference with the Governor the Western Pacific matter was discussed at considerable length.

FIELD HAS FEVER.

By Associated Press.

NEW YORK, March 12.—Marshall Field, who was taken ill while on his honeymoon at Palm Beach, Fla., arrived in this city tonight and was taken in an ambulance to the home of his wife, who was Miss Evelyn Marshall. Mr. Fields' physician said that he did not believe the patient's illness to be serious. It is understood that he is suffering from fever.

ELECTION BILL IS RECOMMENDED

Young's Non-Partisan Measure Favorably Reported Out of Committee.

By Associated Press.

SACRAMENTO, March 12. — Speaker C. C. Young's non-partisan election bill, providing for the elimination of party lines in state and congressional elections, has been reported out of the Assembly elections committee with a unanimous recommendation that "it do pass."

Under the Young bill one-half per cent, instead of one per cent, as originally provided for, of signatures based on the vote for Governor or United States Senator, will be required on nominating petitions for state or congressional candidates.

The Assembly committee on education passed out Gebhart's bill making school attendance compulsory between the ages of seven and sixteen or until children have graduated from the eighth grade. The committee also favorably recommended the passage of a bill to bring the teachers of the Preston and Whittier industrial schools under the provisions of the teachers' pension law.

There are indications in the constitutional amendment committee that the bill to permit the Bible to be read in public schools without sectarian comment would have a difficult road before it. Dr. J. O. Corliss, secretary of the Pacific Coast Liberty Association, and the Rev. W. R. Martin, both of Los Angeles, spoke against the measure. The Rev. E. Guy Talbot, secretary of the Sacramento Church Federation, urged a favorable recommendation on the bill. The committee postponed action.

The committee on municipal corporations indicated that it would report favorably a bill for a two platoon fire system, which is designed to relieve firemen from the necessity of being on duty 24 hours a day. The measure creates two shifts of twelve hours each.

The public morals committee, which has in hand all measures affecting the state liquor traffic and proposed re-establishment of horse racing with a form of betting, decided last night on general field day for next Wednesday, when a number of important bills will be discussed in public meeting. Among these are the Bruck state excise law, which would place all liquor traffic under state control by a commission. The Phillips anti-cigarette bill and the Marron horse racing bill.

WILL BE FREED WHEN HE REACHES PRISON

By Associated Press.

PEORIA, Ill., March 12.—Newton C. Dougherty, former superintendent of schools here, who was convicted of misappropriating funds and was sentenced here yesterday a second time to a term in the penitentiary, was in jail here last night impatient to reach the prison walls at Joliet. Governor Dunne has announced that he will pardon Dougherty as soon as he enters the penitentiary and the prisoner expects to leave immediately thereafter to live with his son near Greeley, Colo.

Dougherty served one term and was sentenced to another, but made restitution of funds, thereby winning promise of pardon. The sheriff said last night he was too busy to take his prisoner to the penitentiary and didn't know how soon it could be done.

U. S. GIVES RADIUM FOR CURE OF CANCER

By Associated Press.

WASHINGTON, March 12. — The government's second production of radium bromide, worth approximately $19,000, was turned over to Dr. Howard Kelly of Baltimore today for use by the National Radium Institute in the treatment of cancer.

This made a total of $30,000 worth of radium refined by the Federal Bureau of Mines laboratory at Denver, Colo.

Deliveries will be made more rapidly in the future as a result of the establishment of a new radium laboratory at the Denver station.

BILL PASSES SENATE.

By Associated Press.

MONTPELIER, Vt., March 12.—A prohibition referendum bill previously adopted by the House passed the Senate yesterday. If the bill is approved by Governor Gates the question of state prohibition will be decided at the municipal election in March, 1916. After 60 years of prohibition, the state adopted a local option policy at a special election in 1913.

WELFARE UNION MEETS.

The Welfare Union Co-operative, No. 2, held their regular monthly meeting last night. Following the reading of the minutes was a discussion on the financial standing of the home. Reports were read by the different committees and the meeting closed.

To Cure Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home by an internal remedy that in many instances has effected a complete cure after all else has failed. Sufferers who could scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrh, or catarrhal deafness, cut out this formula and hand to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home, and is made as follows:

Secure from your druggist 1 oz. Parmint (Double Strength), about 75c worth. Take this home and add to it ¼ pint of hot water and 4 oz. of granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are said to be directly caused by catarrh, therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness or catarrh in any form, should give this prescription a trial.—Advertisement.

ESTIMATE MADE OF WATER PLAN

Cost Figures Are Compiled; Largest Dam in World Would Be Needed.

SAN FRANCISCO, March 12.—Appropriations requested by City Engineer O'Shaughnessy for carrying on Hetch-Hetchy work, will be recommended to the supervisors by the public utilities committee.

A road nine miles long to the dam site has been completed, and the city engineer plans to have fifty-two more miles of road constructed and to build a railway on this route. He says the city will save $1,500,000 in freight by providing a railroad to Hetch Hetchy instead of carrying in materials on motor trucks.

An appropriation of $16,000 is wanted for building a sawmill at the dam site, and $17,500 for running it. O'Shaughnessy says that the timber to be cleared away there will not be useful in construction work, being mainly oak, and that it will not be worth while to save it for firewood. He proposes to float it down the river and let the farmers take it if they want it.

O'Shaughnessy intends to clear off the reservoir site, which is the floor of the valley, and then start building the dam. He has about completed plans for the dam, which will be the largest in the world. On account of its unusual size he wishes to have the plans passed on by an eminent engineer, for whose services $5000 will be appropriated.

Supervisor Gallagher has suggested that the Hetch Hetchy work be done by day labor instead of by contract, as far as practicable, under the city engineer's supervision and without local interference. O'Shaughnessy agrees that the work can be done as cheaply by day labor, but says that until roads are built and the reservoir site cleared the contract method will be preferable.

COLLEGIAN WALKS IN PURSUIT OF HEALTH

SAN FRANCISCO, March 12.—After walking 600 miles through the rough country bordering the coasts of Oregon and California, Henry Miller, 20 years old, a sophomore at the State Agricultural College at Corvallis, Ore., reached San Francisco yesterday. Miller left Corvallis February 9 and averaged 23 miles a day in making the difficult journey. In June he will return to Corvallis and escort a horseback party of three co-eds and three men students of his college over the route which he has just completed.

"I decided upon the walk," said Miller, "because the doctors at college found that my lungs had suffered from my close confinement. At Ukiah I was examined again, and my lungs were pronounced perfectly sound."

PIG WITH NO HIND LEGS.

GADSEN, Ala., March 12.—Added to the soaring price of wheat here's another reason that we may not yet cease to complain "at the high cost of living." Dave Law, living near the Gulf State Steel plant, is exhibiting a pig born four weeks ago having only two legs, being minus the two hind ones. This pig seems to be the strongest and most active of the entire litter of ten, getting about faster on the two legs than his four-footed brothers and sisters

ANNOUNCE COMPLETION OF CANADIAN RAILROAD

By Associated Press.

OTTAWA, Ont., March 12.—It was announced yesterday by the government that the National Trans-Continental Railroad had been completed for the full distance of 1500 miles from Moncton, New Brunswick, to Winnipeg, Manitoba, running through the wilderness to the north of existing railways and of settlement, that the Grand Trunk Pacific Railway Company had been called upon to operate the line under the terms of the agreement made with the Canadian government when construction was undertaken ten years ago, and that the company had made "omnibus" objections to taking the road over and operating it.

CAMP MEETINGS ARE DECIDED ON

Dates Are Set for Elaborate Adventists' Affairs This Year.

MOUNTAIN VIEW, March 12.—Dates of all the camp meetings to be held by the Seventh Day Adventists this summer in the states of California, Nevada, Arizona and Utah, have been fixed by the Pacific Union Conference Committee, in session here. The places where these will be held have not yet been decided. The dates are as follows: Central California Conference, April 30 to May 9; Chico meeting, May 12 to 17; Southeastern Conference, May 13 to 23; Nevada Mission, meeting at Fallon, May 24 to 30; California Conference, June 24 to July 4; Northern California, July 8 to 18; Northwestern California, July 22 to August 1; Southern California, August 12 to 22; Utah, August 30 to September 5, Arizona, October 1 to 17.

The Mountain View Commercial Club took the delegates to the Bookmen's Convention, now in session here, on an automobile trip through the beautiful Santa Clara valley yesterday afternoon. As the speeding caravan of 26 cars passed through the apricot and almond orchards the visitors from the frozen East and Canada expressed their wonderment at fruit trees blooming in March. They also were interested to see farmers plowing and spraying their trees, while a few days ago the Easterners left the snowbanks of the Dakotas, and the sleigh bells of Canada.

The pilot car, driven by L. H. Lukens, and in which were seated Mr. W. W. Hartley, president of the Mountain View Commercial Club; James Cochran, assistant manager of the book department of the Pacific Press Publishing Association, and Arthur Wright, bugler, led the way first to Stanford University. They went through Palo Alto, returned along the San Antonio road to Los Altos, thence went out to the Santa Cruz road to Saratoga, then to Los Gatos and thence to Santa Clara.

OBSERVE AND MEASURE SATURN'S CREPE RING

By Associated Press.

FLAGSTAFF, Ariz., March 12.—The crepe ring of Saturn has been observed and measured at the Lowell Observatory here. It has been persistently wider on the east than on the west side of the planet during the past month by a difference of five-hundredths.

The fact will have an important bearing on the mechanics of the stability of the ring. No phase, effect or defect of illumination of the constituents of the ring, is sufficient to explain the phenomenon on account of the diminutive size of the meteorites composing it. A possible explanation of this detected eccentricity of the ring may be the revolution of its perisaturnium.

"SQUAW'S HEAD" ON CENT PROTESTED BY BRAVES

By Associated Press.

SALT LAKE CITY, Utah, March 12.—A delegation of Washakie Indians from Box Elder county called at the office of Indian Agent L. D. Creel yesterday to request that the government provides a "national flag" for the Indians and that the Indian head on the United States penny be changed. They said the head was a "squaw's head." They expressed satisfaction with the Indian head on the Buffalo nickel but complained that the coin was not large enough. Agent Creel is in San Juan county where the trouble with the Piute Indians exists and his office representative promised to refer the delegations requests to Mr. Creel on his return.

BIG BIRDS ARE SLAIN.

RANDOLPH, La., March 12.—C. H. Lewis, a prominent merchant of Randolph, saw two large birds light in the mill pond here. Securing a gun, he succeeded in killing them. The birds are of an unknown kind, but they resemble huge white cranes. They measure over five feet from tip to tip, have web feet like a duck and are almost snow white except a little dark blue on their backs.

DANDRUFF MAKES HAIR FALL OUT

25-Cent Bottle of 'Danderine' Keeps Hair Thick, Strong, Beautiful.

Girls; Try This! Doubles Beauty of Your Hair in Few Moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advt.

NEW KING EIGHT IS HERE TODAY

Success of Multi Cylinder Apparent in Latest of New Cars Here.

The eight-cylinder car has come to stay. This fact is becoming more apparent as the present automobile season progresses. Six months back, opinions concerning the success of the eight were not being given very freely. Skepticism prevailed everywhere.

The maker to bring out an eight first was the Cadillac. It was a success from the very start.

A second eight-cylinder, the King, made its first appearance in Oakland today. Frank Bartels, distributor, has been busy since early morning showing it to numerous interested buyers.

The King eight impresses one with the neatness of its outward appearance the moment it is first seen. Further inspection under the hood reveals as neat a mechanically designed motor and chassis as we have seen in some time. The motor is the V type and is compact and accessible. The bore is 2¾ inches and the stroke is 5 inches. The factory rating for the motor is 40-45 horse power. Starting and lighting energy is supplied by the Ward Leonard system.

Full floating rear axle, disc clutch, center control, three speed transmission and a wheel base of 113 inches are a few other general specifications.

NEW OIL CONCERN STARTS.

Otto Wallisch, for a number of years manager of the local Union Oil Company branch has gone into business for himself in San Francisco in partnership with J. L. Castor. They are to specialize on lubricating oils, a field in which both men are expert.

They are to have as a leader Whale Brand Lubricating products. An office has been opened across the bay and a warehouse will soon be ready in which a stock of considerable proportions will be carried.

The two men have a wide acquaintanceship in motor circles and the present venture was made only after they have given the subject considerable study. They feel that a high grade lubricant, once known, will be a ready seller.

PIG, ON FIRE, SETS FIRE TO WHOLE STY

HUNTINGTON, March 12.—Joseph Rupert last night endeavored to exterminate lice from his pigs, and he nearly exterminated the pigs, too.

Taking a torch and some coal oil, he began the job on the lice. Aside from a few squeals, the porkers objected not at all to having kerosene rubbed on their hides. But, in the midst of the greasing process, Rupert's torch fell. There was a flash from the pan of oil he was using, and the next instant a terrified pig, enveloped in flames, darted for the pen.

Then the fun began. Soon half a dozen pigs were in flames. They darted from the pen, encircled the yard a couple of times and then returned to the pen, setting it on fire. One of the pigs got a bright idea and dashed for a pool of mud and water. The others followed and the neighbors did not enjoy a roast pig dinner, as they had expected.

Oh, yes, the lice were exterminated.

CHICAGO DRUG USERS IN PITIABLE CONDITION

CHICAGO, March 12.—Thirty-thousand persons in Chicago are addicted to habit-forming drugs, which, under a new federal statute they probably cannot get, a gathering of physicians was told here yesterday by Dr. W. A. Evans, former city commissioner of health. The doctors, representing state, county, and city government and medical societies, met to determine what could be done for the drug users, whose condition has been depicted as pitiful.

Dr. George A. Zeller, state alienist, said 95 per cent of the drug users would cure themselves when deprived of narcotics. Dr. A. Hogan, physician at the Cook county (Chicago) jail, disputed this, as did others.

All available room in public institutions is occupied by patients seeking to be cured, it was brought out, and the meeting decided to ask aid from private institutions.

DOWNTOWN HOTEL WILL BE Y. M. C. A. VENTURE

SAN FRANCISCO, March 12.—In response to a need on the part of girls and young women traveling alone during the Exposition season, the San Francisco Young Women's Christian Association will next Monday open an exclusively women's hotel at 642 Jones street.

The management declares that the hotel will be equipped in an up-to-date manner throughout, with a single idea of comfort and homelikeness. There will be steam heat and private bath with almost every room, and the rates are to be as moderate as it is possible to make them.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes ad lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life-saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink.—Advt.

WASHINGTON FORCES BONDING

Arizona Solons Adopt Pari-Mutuel Law; Utah Legislation in Tangle.

OLYMPIA, Wash., March 12. — Governor Ernest Lister has vetoed the bill requiring motor-bus drivers in cities of the first class to carry an indemnity bond of $2500. The house promptly passed the bill over the governor's veto, the vote being 63 to 31. A little later the Senate repassed the bill by a bare two-thirds majority.

The House sustained the governor's veto on items aggregating $10,000 in the omnibus appropriation bill but passed over his veto an item providing $1500 to pay for unused plans for the new Cheney Norman building.

ARIZONA'S SOLONS QUIT.

PHOENIX, Ariz., March 12. — The second state legislature adjourned at 10.40 last night, after having failed to pass most of the important bills introduced during its 60-day session, owing to its antagonism to Governor Hunt. The pari mutuel horse racing bill was dragged out of committee finally and passed by a vote of 18 to 17. It passed the Senate several days ago and becomes a law upon being signed by the governor. Governor Hunt said he would make no statement regarding his action on the bill for some days. It is expected that an extra session will be called during the heat of summer to attend to urgent matters.

OMAHA WANTS TO GROW.

LINCOLN, Neb., March 12. — The bill providing for the annexation by the city of Omaha of South Omaha and the suburban towns of Dundee, Florence and Benson was recommended for passage in the committee of the whole of the House last night. The vote was 55 to 43. The fight has waged almost since the day the legislative session again. The suburban voters generally have opposed the bill.

PROHIBITION FOR ALASKA.

JUNEAU, Alaska, March 12. — A bill providing for prohibition throughout the entire territory of Alaska was introduced in the lower house of the territorial legislature today by Representative C. K. Snow of Ruby. The bill was referred to the committee on education, public health, quarantine and morals.

QUARREL IN UTAH.

SALT LAKE CITY, Utah, March 12. — Nearly 100 appointments made by Governor William Spry and sent to the State Senate yesterday for approval were rejected by the senators on the ground that the governor should have filed the entire list yesterday. The list includes members of a number of state boards and commissions, together with bank examiner, insurance commissioner and similar officers. As supporters of the Wootten prohibition bill opposed the approval of the appointments, it is stated that the action was taken because the governor had not returned the prohibition measure to the legislature.

LIBRARY CLUB MEETS.

The Alden Library and Improvement Club met last night at 8 o'clock at Vander Naillen School, Telegraph avenue and Fifty-second street.

HORRIBLE EFFECTS OF SKIN TROUBLES

Are Quickly Removed by the Use of Stuart's Calcium Wafers, the Eradicator of All Skin Eruptions.

Just in a few days one may clear the skin of all manner of blemishes, such as pimples, blotches, liver-spots, etc., if one will use Stuart's Calcium Wafers.

Don't use pasty lotions and creams to fill up the pores when they are working constantly with the blood to throw off the impurities of your system.

"Beauty Depends Upon Clear Complexions and Stuart's Calcium Wafers Are Famous for Skin Cleansing."

It's because pimples and eruptions come from the inside—from impure blood—and you can't cure them by rubbing stuff on the outside of the face. Purify the blood and the blemishes will disappear.

You will speedily enjoy a beautiful complexion if you use these wonderful little Wafers. Your face will become as clear and pure as a rose. Nobody likes to have pimply-faced people around. With Stuart's Calcium Wafers you don't have to wait for months before getting results. Even boils have been cured in a few days' time with these remarkably effective blood cleansers. Your whole system will feel better in a marvelously short time, and, my, what a difference in your looks!

INVESTMENT CO. TO HAVE HEARING

United Concern Applies for Permission to Sell Its Stock to Public.

SACRAMENTO, March 12. — Following an investigation and audit of the books of the United Investment company of Stockton, H. L. Carnahan, commissioner of corporations, will hold a public hearing Wednesday, March 17, at Stockton on the application of the company for permission to continue the sale of its stock to the public.

Upon the demand of the commissioner that it submit to an investigation of its books and accounts, the company filed a supplementary application asking permission to issue only 47,567 shares of its capital stock, which it claimed had been subscribed previous to the blue sky law taking effect, and on which it represented that the subscribers—about 400 in number—still owed the company $34,487.92.

It appeared from the statements made by officers of the company and from the investigation of its books that some 200,000 of the outstanding shares had been issued to various individuals, some of them present officers of the company, as promotion stock, for which the return to the company was of questionable value. Some of the holders of this promotion stock were offering their shares for sale as low as 15 cents per share, while the company was endeavoring to continue operations by selling its stock at $1 per share.

Of the stock which the company sold for cash, some was sold as low as 50 cents per share and some as high as $1.50 per share. The company's stock is said to be held by approximately 2000 stockholders scattered widely about the northern part of the State and the bay cities.

The officers of the United Investment company, then, on the 19th day of February, organized a new company under the laws of California, to be known as the Terminal Development company, with an authorized capital of $750,000, and this company made application to the commissioner of corporations for permission to sell its capital stock to the public.

The alleged purpose of this new company is to take up the work of financing the Stockton Terminal and Eastern railroad company at the point where the United Investment company left off.

BAD, BOLD BURGLAR! STEALS LAWN SPRINKLER

J. Byler, 2324 San Pablo avenue, invented a new type of lawn sprinkler. He labored over it for many months. He fabricated it in brass and nickle. Had he been able to afford it, the lawn sprinkler should have been made of precious metals and studded with jewels.

When attached to a hose, with the water turned on, the patented sprinkler could care for a lawn by using just half as much water as any other sprinkler. And the water would be sprayed into the air in unusual and artistic designs. Equipped with colored lights it would make a handsome night spectacle.

Byler loved his little lawn sprinkler. He kept it carefully in a safe in his office.

A burglar broke into the office last night and looted the safe. He found $3.50 therein, also found a little box, carefully tied up and put away. He was in haste, and had no time to examine the precious contents. So he took it away.

The box contained the lawn sprinkler. Byler reported the looting of the vault to the police. He was more grieved over the theft of the lawn sprinkler than over the money, however. He gave the police a detailed description of his little sprinkler, with inside and outside dimensions, reduced to micrometer measurement.

It is anticipated that if the burglar is not possessed of a heart of flint, he will bring that lawn sprinkler back.

"EUGENICS LAW ABSURD," SAYS MILWAUKEE DOCTOR

MADISON, Wis., March 12.—The Wisconsin eugenic law was scored by Dr. Horace Manchester Brown of Milwaukee, who appeared last night before the Senate committee which had the bill for its repeal up for discussion.

"The law is absurd and vicious, makes criminals of doctors, and drives people out of the state to get married," he said.

Mrs. G. A. Hipke, who framed the eugenic law, spoke in its defense, declaring there should be no discrimination between the sexes, and that each should be examined before marriage.

SERVED PRISON TERM.

By Associated Press.

SALEM, Ore., March 12.—Announcement was made by the penitentiary authorities here yesterday that Bert Heaton, under arrest in Utah on a charge of bank robbery, served eight years in the Oregon prison on conviction of second degree murder in having slain Ben Tracy at Junction City, Ore., in 1902. Heaton was pardoned by Governor West in 1911. The information has been sent to the authorities in Utah.

TWO STATE RIVERS TO GET U. S. AID

Sacramento and Feather Are Slated for Millions in New Water Bill.

By Associated Press.

WASHINGTON, March 12.—Chairman Sparkman of the House rivers and harbors committee announced today that if government revenues improve sufficiently to warrant it he expects to have the next rivers and harbors will cover a number of important new projects. The committee may visit the Muscle Shoals water power project in Tennessee and other places on that river on May 10 and the Sacramento and Feather rivers in California in July or August.

The Muscle Shoals project, already recommended by army engineers and urged by Senator-elect Underwood, the retiring Democratic leader of the House, and other members of the Southern delegations, contemplates a federal appropriation of $18,000,000, reimbursable to the government, with a view to comprehensive development of water power.

The government's proposed share of expense in the Sacramento and Feather rivers project is $5,800,000, although the whole project involves $30,000,000 expense. "I am going to look it over in July or August, any way," said Mr. Sparkman.

OIL MAN IS SUED ON CHARGE OF UNFAIR DEAL

SAN FRANCISCO, March 12.—Hamlin E. Hatch of New York yesterday began suit for $50,000 damages for alleged fraud in an oil deal against L. B. McMurtry, an oil promoter, and the Pacific Oil Lands Company. The New York man says that McMurtry, while acting as agent for him and seven other residents of the Empire state, located valuable mineral lands in Kern county.

Without letting any of the principals know of the great value of the property, it is set forth that Hatch accepted the sum of $250 and 1000 shares of stock of the Pacific Oil Lands Company, of the value of $1000, in settlement for his eighth share. He alleges that the lands are worth $500,000 and that McMurtry has been receiving each month from the purchasers the sum of $20,000 since August, 1913.

CROSSROADS DEBATE AS SALVE FOR FATIGUE

MADISON, Wis., March 12.—The effort of university extension departments to revive the spirit of the old-time debating societies, and to substitute intellectual effort for the present day "tired business man's" style of entertainment, was described by Professor R. L. Lyman of the University of Chicago before the First National University Extension Conference here last night.

Professor Lyman pointed out that public oral discussions or public problems existed before the Christian era and maintained itself through the Middle Ages.

"Your crossroads debating society, which our department attempts to assist, roughly, imperfectly, can teach and does teach men and women to think, seriously, enthusiastically, happily and, to a certain extent, effectively. This is, I submit, the supreme desideratum of any and all truly educative processes," he said.

LEGISLATORS EXCLUDE PRESS REPRESENTATIVES

DENVER, Colo., March 12.—Representatives of a Denver afternoon newspaper were excluded from the floor and galleries of the Colorado House of Representatives for the remainder of the legislative session yesterday. The action grew out of an investigation by a special committee on the alleged receipt of a passage of currency by Representative W. W. Holland.

The resolution excluding the newspaper's representatives was adopted by a viva voce vote of the House as "punishment to the paper for the news and criticism concerning the gang-ridden methods of the legislature."

rowds See Gorgeous Display of Modes at Great Fashion Show

Complete and gorgeous is the Oakland 1915 Fashion Show that the merchants have succeeded in surprising themselves as well as the thousands of visitors who yesterday and today marveled at the display in every store in the ntown district. The display is by far the most complete and most instructive spring exposition of wearing apparel in the ory of Pacific Coast Fashion Shows.

ne best proof of the popularity of the Oakland 1915 show is n in the fact that throughout yesterday, the opening day of display, more people visited the garment exposition than ever ered the stores throughout the entire three days of shows in ious years. Sales forces in all the stores were augmented to for the crowds of beauty seekers.

The latest in evening and afternoon gowns are shown in the windows of the Toggery, while hundreds of new creations in dress are shown at the Eastern Outfitting Company. Here, particularly, is the window display especially attractive. The New York Cloak and Suit House has a complete exposition of all that is de rigeur in cloaks, gowns and suits for women.

The Moss Glove House is showing a complete line of the latest gloves, as well as every one of the new accessories. Bowman's Drug Store has joined in the Fashion Show to the extent of displaying a complete line of purses and vanity bags, to go with the new creations. Friedman's display is second to none in the city. A complete exhibit of gowns, tailored suits, lingerie and fabrics is shown.

Manheim & Mazer also show a complete line of suits and gowns, charmingly displayed on living models. Hats of every style and description that is now, and at all prices, are shown at Gerwin's.

Displays of men's latest modes are shown at Roos Brothers, Houts & Ramage and the S. N. Wood Company. The latest boots for men and women are to be seen at Rosenthal's, Mesmer-Smith Company, Sorosis and the Reis Shoe Company.

Local Merchants to Make Own Garments

Prefacing his forecast of spring fashions, Mr. A. J. Simmonds, ladies' tailor, prophesied that the time was near when the merchants hereabouts will cut and finish the garments they sell in their own workshops. And they will be both better cut and better finished," he concluded. He then made the interesting statement today that the original Tipperary model, which has become the rage in its many modifications, was designed in his establishment. "Here it is," he said, holding up a straight little coat with patch pockets and arrow-head finished seams. "This is as it should be when it is strictly correct of Irish tweeds, never of any inappropriate material and with a slot-seamed skirt."

Large checks are to be very smart this spring, according to this authority. But clear, desirable checks are also very scarce. "Blue is actually the favorite already with women who are avoiding the colors that have been too much favored," he said. "The tweed is very attractive in the right cut. The width of skirts? Well, we are not making ours very wide. The suit tailleur has its skirt from 2¼ to 2½ yards wide at the very outside. Slightly belted models have distinction, by the way."

New Modes Are Many in Display

At the Eastern Outfitting Company, where preparations have been made for an exceptionally busy season, a large variety of suits and dresses of the new modes and colors wait milady in her search for spring raiment. "We have many, many charming dresses also, in chiffon, soft taffeta and Gros de Londre, for the gown is to figure extensively in this year's wardrobe," said Mr. J. Rosenstein, the manager. "Our suits are of battleship gray and putty. Exposition and new blues, melon green, sand and checks. The materials range from covert cloth to silk. Among these we have models showing the military effect and the circular skirt. A gabardine suit made with a belled coat is very attractive. To accompany the latest in street attire we have a variety of new blouses, mostly long-sleeved and high-necked, crepes, messalines, silk and voire. Among our hats are many tailored chapeaux and small tailors, as well as the airier fantasies of millinery designed to crown more elaborate sartorial efforts."

Black and White Checks Favored

Suits and more suits, suits of every size and every mode permissible according to the coutouriers, are on view at the Pacific Coast and Suit House. This establishment is featuring street suits, especially small sizes and garments for misses.

"While we have sand and all the duller shades of the season," said E. J. Kugler, "we have also a very extensive line of models in Tipperary green, the new blues, such as wall blue-Copenhagen, navy and black and white. Not only is white to be the vogue this summer, but black and white checks are to be greatly in favor. Already a slightly longer and less awkward jacket is coming in, but our suits show both lengths. Many effects are in the belted style, many with the pleated effect.

"We have hundreds of delightful evening and dancing frocks in chiffon, peau de soie, taffetas and other graceful fabrics. Then, of course, we have coats and still more coats. White, especially, and covert cloth are the favorites. There are also many models developed in wool poplins and poire."

BOWLING RETURNS TO FAVOR.

ELKINS, W. Va., March 12.—Bowling on the green will be started here this summer. A number of local sportsmen are behind the movement and Dr. J. A. Arbuckle, secretary of the fair grounds, where it is planned to play the games, is enthusiastic about it. The once popular game is being revived in several parts of the country.

MAKES EATING RECORD.

COLUMBIA, March 12.—A Rhode Island Red rooster belonging to Miss Elizabeth Hodge ate 1115 grains of corn in thirty minutes at the Boone county poultry show here. The bird was fed for the first time in two days. So far as known, this is the world's record.

A FEW MOST POPULAR MODELS

Picturesque Gowns For Social Events

The practicality of the costume tailleur, contrasted with the picturesque character of the gown for social functions, impresses Mr. S. M. Friedman, of Friedman's Cloak and Suit Company, as one of the victories of this season over many that have preceded it. "It is really a relief," commented Mr. Friedman. "Our suits are, of course, of the new outline, in the colors that are in vogue. We have specialized on afternoon and evening gowns this year, finding them exceptionally interesting and an important matter for a year of intensified social life. One of the revivals of this year is the marquisette gown, in the sheerest of weaves and in striking patterns. Coats are different, also, from the jaunty corduroy in Frenchy stripes of blue and tan to the popular white coat." A beautiful example of an afternoon coat at this shop was an Empire affair of biege silk poplin, its loosely pleated back caught at the high waist line in a wide band. Wide black velvet bordered the flaring lower part while collar and cuffs were of turquoise.

Large Checks In New Cloaks

That this is to be pre-eminently a suit season is the opinion of Mr. Ferguson of the Cosgrave Suit and Cloak Company. "For this reason we have selected our costumes tailleur with special care, endeavoring to have the most desirable shades from Hague, and all the new blues to the large check which is to be extremely popular. Both the plain suit in the correct spring lines and semi-tailored are to be worn so we have a variety of both, aiming to have always the most original and exclusive designs, as well as the highest-grade material. It is our aim to have the best quality and style at a reasonable price."

To accompany these new suits, Cosgraves are showing blouses of filmy lace and crepe, together with lace and silk combinations. Among these many of the new sheer Georgette crepe, embroidered in contrasting colors and developed in Exposition blue, lattice green, rose and maize are especially charming.

The first result of suffrage in Illinois seems to be that Chicago has lost the Carter Harrison habit.—New York Evening Sun.

Auto Is Maker Of New Fashion

If anyone wonders why leather is no longer de rigeur as a furniture covering and why tapestry is now in the lead, Mr. W. Ashford of the Jackson Furniture Company will tell you that it is all the fault of the automobile. "Within the past few years the use of leather for motors has been so excessive that there has been little of the desirable quality left for chairs and davenports," he says. Manufacturers have been rather at a loss for some time as to what the public really wanted in its place. The tide has turned now decisively in favor of tapestry, and fine designs are being chosen for the best type of furniture covering. Its decorative character adds to its popularity. For its decorativeness also cretonne is greatly favored, especially for wicker and Oriental grass furniture, and in sun-parlors. The change in the types preferred this year is more pronounced than in years. It is now the Period furniture that predominates. Jacobean leading, with William and Mary also a strong favorite. As to woods, while certain finishes attract many people, they are really fads and the staples are fumed oak and mahogany.

Common-Sense Togs; Plain, Not Severe

At the Toggery special attention has been paid this year more than ever to the plainer things sartorial, to the commonsense garments that are plain but not severe. "As usual, of course," remarked the manager, "we are showing suits, coats, dresses and skirts principally. But of these, anticipating a big season, we have a very large and interesting variety. The colors are all the latest shades favored—sand, putty, the new blues and greens. In cut the short jackets with ampler skirt now the mode prevail. As an unusual departure we have given emphasis to dresses, and in this direction we are equipped with three times our previous stock of gowns on silk and the popular woolen fabrics. It is not only a promising spring from the viewpoint of briskness, but from the improved simplicity of the fashions."

"KID" STEELE DEAD.

SAYS WOMAN TOOK HIS WIFE; GETS COURT ORDER

With a suit for divorce pending against him, Burr W. Sullivan, 1009 Fifth avenue, today instituted habeas corpus proceedings in the Superior Court, directed against Minnie C. Mills, whom he alleges has spirited away his wife since they separated a week ago. Sullivan says that he does not know whether his wife is in Oakland or San Francisco, but he has obtained an order from Superior Judge Ogden ordering Minnie C. Mills to produce Alvina C. Sullivan in court tomorrow morning at which time the habeas corpus matter will be heard.

Mrs. Sullivan filed suit against her husband last monday, charging him with cruelty. She alleged that he kicked her and threatened to kill her. At the same time she obtained an order from Superior Judge Ogden restraining her husband from disposing of their community property or from making an attempt to kidnap their two children.

The couple were married in January, 1910. Sullivan is an employe of the Southern Pacific Company.

Announcement

A representative of Gerwin's returned yesterday from New York and the eastern millinery markets, completing the second purchasing trip made so far this season.

Every department in this splendid establishment of three floors (devoted exclusively to millinery) reflects the results.

All the smart ideas that the prominent fashion journals are featuring—the new effects that are being worn in New York—new untrimmed shapes—clever new trimmed hats—new flowers and trimmings—new wings and fancy feathers—silk and velvet ribbons in all widths in the colors that are so scarce—many items that have not been shown before are arriving by every express and are first shown exclusively at Gerwin's.

By far the most charming millinery that has been shown for many a season—the styles are so decidedly different.

The Nation's proudest makes, Chickerings, Kimballs, genuine Autopiano Player Pianos and the beautiful Player Pianos de Luxe are included in this genuine sacrifice.

Free music rolls with every Player Piano included in this sale.

The great Manufacturers' Surplus and Emergency Sale places music within the reach of every home. Is it any wonder that the Eilers establishment is considered the busiest in Oakland? Manufacturers, business men, professional men, teachers, etc., etc., are calling and bringing their friends to participate in this extraordinary sale event. The world's foremost manufacturers are responsible for this sacrifice. Their representatives are in charge of the store and pay every dollar of expense in connection with this sale. Is it any wonder prices are so low?

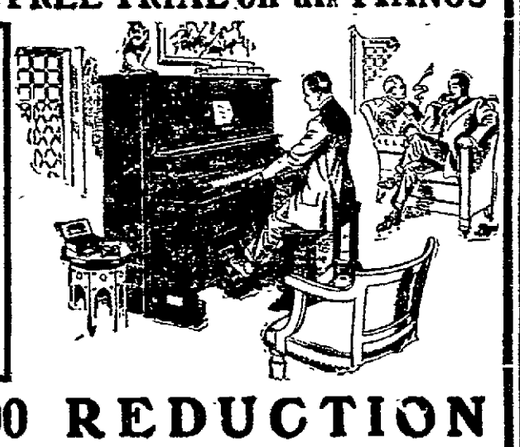

A sale that emphasizes a new prosperity era—we agree to buy three pianos for every two the manufacturers now sell.

Because the great institutions of Eilers has agreed to take three surplus pianos from the manufacturers for every two that they now sell.

No wonder the manufacturers' representatives who are here are leaving nothing undone to dispose of the instruments now in the great institution at 1448 San Pablo, within the shortest possible space of time. When they say cutting prices, it means "CUTTING PRICES." Their word "sell" means "SELL." Surely the buy-it-now movement never received a greater impetus than this great Manufacturers' Emergency and Surplus Sale at Eilers Music House.

LARNED DEMOTED; LETTER ARRIVES

Reduced to Inspectorship; Assigned to Ellis Island.

SAN FRANCISCO, March 12.—Official notice of the demoting of Frank H. Larned, assistant commissioner general of immigration, was received yesterday by Samuel W. Backus, commissioner of immigration, at Angel Island. Larned was reduced to the rank of inspector and assigned to duty at Ellis Island. Alfred Hampton, a son of Governor Wade Hampton, was appointed to the vacated position. Both orders were signed by Anthony Caminetti, commissioner general of immigration.

Unofficial reports were also received of the downfall of another of the opponents of Captain Frank H. Ainsworth, who recently was dismissed from his position as inspector of immigration at Angel Island as a result of charges brought against him by Larned and others.

Richard H. Taylor, one of Ainsworth's accusers, who visited San Francisco last year as a special investigator for the immigration service, is the other man reported to have lost his position as a final outcome of the charges and counter charges which agitated the service in San Francisco and Washington last spring. Ainsworth, refusing to accept his dismissal without a struggle, has been in Washington for a month seeking to have his case reopened. The order of dismissal against him, signed by William B. Wilson, secretary of commerce and labor, went into effect January 31.

Captain Ainsworth's first charges against a superior in the service were filed against Hart North, commissioner of immigration at this port, four years ago. North, after extended hearings, was dismissed from the service.

SUFFRAGE FORCES WILL MAP YEAR'S FIGHT

WASHINGTON, March 12.—Announcement was made by the Congressional Union for Woman Suffrage of a meeting of the advisory council of the union in New York City March 31, to map out plans for the suffrage campaign for the next nine months. The meeting will be held at the home of Mrs. O. H. P. Belmont. Mrs. Kent, wife of Representative Kent, will preside.

MARE ISLAND, March 12.—As a result of the cruiser San Diego now at Mare Island carrying off the first honors in the recent turret gun practice, that man-of-war is to receive the so-called "Spokane Cup," held last season by the U. S. S. Arkansas of the Atlantic squadron.

BIDS ARE ASKED.

MARE ISLAND, March 12.—An official communication was received at Mare Island Thursday afternoon from Secretary of the Navy Josepheus Daniels requesting the local navy yard officials to submit estimates at once for the construction of another torpedo boat destroyer along with No. 68.

ISSUE INVITATIONS.

MARE ISLAND, March 12.—Mare Island officers are making preparations to invite the members of the Rivers and Harbors Congressional Committee as well as their wives and families to attend the launching of the tanker Maumee when she is placed overboard at the local naval station on April 15.

BIDS ARE ORDERED.

VALLEJO, March 12.—Orders were received today at Mare Island from the Navy Department to submit bids on a fuel ship, which is provided for in this year's naval appropriation bill. The vessel is to be a sister ship to the tanker Kanawha, now under construction here.

MARE ISLAND NOTES

A model of the dreadnaught North Dakota, which was badly damaged when it was shipped to the Panama Pacific Exposition on the Caesar, has arrived at Mare Island for repairs. The work will probably be performed by the yard joiners at a cost of at least $1000.

May Help if You Have Tuberculosis

Proper diet, fresh air and temperate habits aid persons suffering from Tuberculosis. Often more is needed. Reports show that Eckman's Alterative has brought about many recoveries. Read what it did in this case:—

Madison Lake, Minn.

"Gentlemen:—In December, 1908, I was taken with hemorrhages of the lungs, which confined me several weeks, each each time to my bed. My doctor advised me to go West. In November I started for Denver, Col. After my arrival I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alterative. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alterative for my health." (Abbreviated.)

WASTING CROPS ARE HARVESTED FOR POOR

CHICAGO, March 12. — The thought that enough food products were rotting on Michigan farms to banish hunger from all the poor people in Chicago troubled the Rev. Johnston Myers, pastor of a downtown church, so much that he bridged the gap between famine and comfort.

More than 500 bushels of good potatoes, donated by Michigan farmers, arrived in Chicago today, a first shipment of this sort of unmarketed produce, and tomorrow from four stations Dr. Myers will begin distributing free to every poor applicant enough potatoes to last a week.

"The Michigan farmers have more potatoes than they can sell," Dr. Myers said last night. "Last fall, when in Michigan, I found hundreds of thousands of dollars worth of farm products going to waste for lack of market. This food would keep suffering and hunger away from Chicago if we could get it here."

CHEMIST CARRIED HIGH EXPLOSIVES, CHARGE

By Associated Press.

CHICAGO, March 12.—Dr. Herman Bodenheim of New York, a chemist, was under arrest by federal authorities in St. Louis yesterday on a charge of violating the Federal law which prohibits the shipping of high explosives on passenger trains.

The arrest of Bodenheim was caused last night by H. O. Clabaugh of Chicago, division superintendent of the Federal Bureau of Investigation. Bodenheim, it was charged, carried a valise filled with guncotton, which he had manufactured, when arrested.

Included in the complaint on which the arrest was made, Bodenheim was charged with sending, unmarked, a hundred ounces of guncotton from New York to a Chicago publishing concern without the knowledge of the express company that the package contained explosive.

MRS. STOCKER TO VISIT EXPOSITION IN YACHT

LONG BEACH, March 12.—Spick and span in her new coat of spotless white, with beautiful gold trimmings, the 200-foot steam yacht California, owned by Mrs. Clara Baldwin Stocker, one of the two heirs to the estate of the late E. J. (Lucky) Baldwin, is anchored in the harbor here.

She was repainted at the Craig yards for a voyage to San Francisco to begin, it is said, in a few days.

MAGAZINE WRITER AND STAGE FAVORITE WED

NEW YORK, March 12—Samuel Hopkins Adams and Miss Jane Peyton were married yesterday. Miss Peyton has been prominent in a number of stage productions during recent years. When David Belasco presented "The Woman" she appeared in the title role. Before that time she was a member of casts of "The Heir to the Hoorah" and "The Earl of Pawtucket." She has not acted this season. Adams is best known for his magazine and newspaper articles. He has written many short stories as well as several novels, including "The Clarion."

FRECKLES

February and March Worst Months for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of othine—double strength—from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.—Advertisement.

A BIT OF SPECTACULAR EMOTIONALISM.

Governor Johnson's proposal that the State of California shall acquire and operate the Western Pacific Railroad is rather a brilliant flight of imagination than a reasoned and practicable project. Passing by traditional stock arguments against public ownership—and they are many and weighty—there remain special considerations which come precious near putting upon the governor's project the stamp of absurdity.

According to the calculations of certain politico-economists at Sacramento, fifty millions of dollars will swing the deal. As a matter of fact it would take three times this amount to swing it to a successful issue, even if there could be assurances—which certainly there cannot be that such a property owned by the State could be administered effectively and in a respect solely of economic considerations. The Western Pacific is at best only a half built road. The resources of its projectors gave out just when they had reached the point of doing certain things essential to profitable railroad operation. The first stage of their work was a stem or continuous line from Salt Lake City to San Francisco. The next requirement, and an essential one, was the construction of feeders for the drawing of traffic from contiguous productive regions. But just as this work was about to be undertaken, there came a crimp in the resources of the projectors. They have had on their hands what was called a "through line;" but it has no feeders, it has few facilities in the way of side-tracks, and almost none at all in the form of general accessories. In brief, just when the Western Pacific was ready to be made into a real railroad property, its finances failed. Its projectors found themselves with a railroad in name rather than in reality, since the conditions of its effectiveness were a minus quantity.

Now, if the State of California, or anybody else, should acquire the Western Pacific Railroad as it stands, it would simply have on its hands the beginning of a big investment. For no sooner would it have paid for the property in its present shape than it would be called upon to put in as much more money—or mayhap double as much—for extensions, betterments, equipment, general facilities. Those calculating upon fifty million dollars as the purchase price would come nearer the mark of the final outlay if they would multiply fifty millions by three.

Under any circumstances possession and ownership by the State of a costly railroad property would be a radical and uncertain venture. When we consider the hazards—the possible and probable confusion and mischief—involved in ownership and operation of a railroad property three-quarters of which lie beyond the State boundary, the project seems a mere exercise in spectacular emotionalism.

Under the leading and guidance of our melodramatic governor, California has done a good many radical, absurd, costly and whimsical things. That, upon and beyond the lengths of radicalism and innovation already gone, the State ought now take upon itself a debt of a hundred or more millions of dollars for the purchase of a bankrupt railroad, for the most part situate in the states of Nevada and Utah, few will be wild enough seriously to believe for a single moment.

MR. KRUTTSCHNITT'S AMAZING REVELATION.

The testimony of Mr. Julius Kruttschnitt in the unmerging hearing at San Francisco on Wednesday let in a flood of light upon a subject which has long been rather more than less a matter of mystery. It will be remembered that when the proposal to divorce the Southern Pacific and Central Pacific holdings was made two years ago the instinct and judgment alike of the people of California stood squarely opposed. To the surprise of everybody, the administrative officials of the Southern Pacific company, including Mr. Kruttschnitt, arrayed themselves on the side of the proposal, going so far as to appear before the State Railroad Commission in united urgency of the unmerging plan. To the mind of the layman, the argument against unmerging was obvious and complete. Practically everybody in California regarded the plan as indefensible. It was looked upon as a project calculated to break down a system of transportation of high efficiency and to substitute for it a disjointed, unnatural, unworkable scheme.

If the railroad men had had their way—or what appeared to be their way—the combined properties, commonly known here as the Southern Pacific system, would have been broken into detached fragments. Interests of the largest kind, having intimate and necessary relationship to the business operations and general convenience of California would have been damaged or destroyed. The people of California, as one man, said no. It was at this point that the State Railroad Commission rendered California the greatest of its services. Holding absolute jurisdiction over the properties within the boundaries of California, its approval was essential to the carrying through of the unmerging project. That approval which seemed so eagerly desired by Mr. Kruttschnitt and his associates was withheld. The project fell to the ground because the California State Railroad Commission would not yield its consent.

Now comes Mr. Kruttschnitt in his testimony before the unmerging hearing with the amazing revelation that in urging the movement to dismember the Central Pacific and Southern Pacific properties, he was acting under a species of duress. It was not, we are now told by Mr. Kruttschnitt himself, his own judgment or his own wish or that of his associates in the administration of the existing system, that it should be torn asunder. Clearly—perhaps even more clearly than anybody else—Mr. Kruttschnitt saw the confusion, the mischief, the unwisdom of the proposal. He did what he did, not because he thought it proper or desirable to disjoint the California railroad system, but because he was under pressure at the hands of the then attorney-general of the United States. It is not a pleasant nor altogether creditable story, but there are the facts. For Mr. Kruttschnitt beyond a doubt now sets forth the case without reservation.

In the policy and procedure of any government, even the most liberal, there must be much that is arbitrary. Something must be allowed to the necessity for authoritative governmental action. But here is a case where the chief law officer of the United States first made appeal to the law under a fine spun theory, and then surreptitiously went behind the law to enforce by authoritative suggestion, capitulation on the part of the interest towards which he stood in the character of a prosecutor. What appeared at the time a mystery now is shown as the effect of a procedure of singular impropriety—we may even say of shameless intrigue

It is bad enough in all conscience when the government of the United States, through agents of no great understanding or caliber, sets out to enforce questionable theories by process of legal prosecution. It is something very much worse when, not content with appeal to the law, with all the powers of administration in its hands, it turns to the devices of intrigue and duress, and seeks to force those in charge of a great property to concessions contrary to expert judgment and fatal to legitimate interest.

THE ISSUE.

Whoever is interested in outside opinion as related to the Exposition Bond question—and every citizen ought to be—would do well to read with care an excerpt from the Argonaut of this week reproduced in another column. The issue, the Argonaut declares to be nothing less than the repute of this community not for liberal dealing but "for honest dealing." Outside opinion takes no note of local contentions in Alameda county. It sees only that a promise was given in terms so authoritative as to affect the action of Congress; that this promise was ratified by public acclaim in the whole East Bay region; and that the pledge has not been redeemed. Outside opinion takes no stock of technical, legal, or frivolous quibblings. It goes straight to the mark. The pledge was given for Alameda county. If that pledge be not redeemed, then Alameda county must stand in the opinion of the world a repudiator of its obligations.

All this is undeniable. Thus the issue in Alameda county, as it stands, relates not at all to the circumstances under which the pledge was given or to questions of discretion involved in the giving of it. Simply it is this—will Alameda county pay what was promised in her name or will she refuse to pay? Can there be anybody to doubt that in such a situation the obligation of Alameda county is, as the Argonaut succinctly says, "primarily to herself?" Shall we retain our money and lose our good name? This is the issue—nothing more, nothing less.

The name of repudiator is a hard one. It is one not easy to live down. Once fixed upon Alameda county it will remain a by-word and reproach for decades to come. Men and brethren of Alameda county, it should not be. We would better redeem this pledge even though it be not a definitely legal one—we would better pay and preserve our good name. This, we repeat, is the issue. There is no other. It is an issue which no logic, no sophistry can minimize. We would better pay than suffer the shame which failure to pay will put upon us as a community.

Destruction in the South Atlantic Ocean by a German cruiser of an American ship, the "Wm. P. Frye," with her cargo, raises an acute issue with which the Washington government must deal. And it should go at it promptly and positively. It is not for the captain of a belligerent ship, German, English or other, to say with whom or with what country merchants of the United States may trade, and what penalties may be meted out for violation of the rules of neutral trade. There are established rules under which traffic between a neutral country and countries at war may be carried on. There are established methods of adjudicating particular cases under these general rules. The captain of a belligerent ship who holds the rules of the game in contempt and who proceeds by desperate and destructive courses upon his own initiative and under the guidance of his individual judgments or private passions, comes precious close to the character of pirate. The case of the "Wm. P. Frye" emphasizes and brings to the point of a direct issue matters concerning which we have been backing and filling ever since the war began. Now the people of the United States will look to the Washington government to represent in its dealings with this matter not only their interests, but their spirit. The belligerent countries must be told—not only told but made to understand—that they cannot violate the rights of neutrals on the seas with impunity.

In the juggling of the Los Angeles police department in the case of Sells we have a natural if not a legitimate effect of that species of practice introduced so spectacularly in the famous San Francisco graft prosecution. The graft prosecutors introduced the innovation of letting go the chief criminal in any particular case in order to "get" the minor ones. The Los Angeles police department has given this principle a new twist. Its method is to secure a "confession" from a murderer by convicting him of some relatively petty offense, then giving him immunity in relation to the more serious charge. The fundamental idea behind this practice is that "confession" has something of the value of a moral purge. District Attorney Hynes repudiates this theory and condemns practice under it. Mr. Hynes is a bit old-fashioned. He doesn't believe that a dubious confession of an atrocious murder is condoned by a conviction for burglary.

Since The Tribune is among the local bidders—and we add with some pride, the lowest of them all—for a certain job of public printing now in controversy, we have some delicacy in commenting upon the matter. Yet the fact remains that work done by and for Alameda County ought to be done in Alameda County. The printing trades of the East Bay community are entirely right in their protest against the plan to send this particular job or any other to a fly-by-night institution outside the county. A proper way to determine the point at issue would be for the authorities to select a committee of expert printers and leave it to such committee to fix the price. Then, if there be nobody in Alameda County to do the work at this price, it will be time enough to look elsewhere

ALAMEDA'S OBLIGATION IS TO HERSELF

The Argonaut Defines the Issue in the Exposition Bond Campaign.

From this week's Argonaut.

As the case shaped itself the point for Alameda county now to consider is not the conditions under which the million-dollar pledge was given, but the fact of its existence. Nobody, we believe, estimates the original promise as a technical and legal obligation. There are some who deny that there attaches to it even a moral obligation. There are still others who would reject it because in their judgment it was made indiscreetly. But all this, pertinent though it may have been at one time, is now aside from the issue.

There is outstanding on the part of Alameda County a promise to provide $1,000,000 as a subscription on the part of the east bay region to the funds of the Exposition. This subscription was made informally, to be sure, but it was ratified by a hundred circumstances marking public acceptance and approval. By universal consent, by common opinion, by the judgment of what appears to be a majority of her own people, Alameda County owes to the Exposition the sum pledged

In this situation Alameda's obligation is now primarily to herself. The question is not whether a certain outstanding pledge was made in legal form, or even in a form morally binding, but whether or not it shall be paid. Outside opinion—not in San Francisco only, but broadly elsewhere—takes no note of local contentions in Alameda County. Its eye is fixed upon the fact that a pledge freely made, cordially ratified, and duly accepted by many citizens and by multifarious agencies of public expression in Alameda County remains unpaid. It hears that Alameda County is quibbling over the question of payment. It lifts its eyebrows and asks what can be the mental and moral attitude of a community which plumes itself upon its wealth and prosperity, which is obviously able to meet its obligations, but which hesitates to step up to the counter.

The stake now at issue in Alameda County is nothing less than that of the repute of the community, not for liberal dealing, but for honest dealing. It is hardly necessary to define either the moral or the material penalties which attach to a default of this kind. Probably it will not come to the point of default. Certainly it will not if the public spirit and the individual integrity of Alameda County are what they have been in the past."

TWENTY YEARS AGO TODAY

The stockholders of the Oakland Iron Works elected the following officers at their annual meeting: Directors—C. S. Booth, E. Clark, F. B. Morton, E. Wallach, George Fredericks; President, C. S. Booth, vice-president, E. Clark; secretary and treasurer, E. B. Norton.

United States Senator Perkins has returned from Washington. He will remain here now until the next session of Congress. Senator Perkins returned to Oakland with some strong, substantial views on national questions and local affairs. He expressed the belief that Oakland would secure a public building of fine proportions at the next session of Congress. "The railroad pooling bill," said Senator Perkins, "was one measure I assisted to defeat. It was iniquitous, and if passed would give the railroads power to pool or combine together and, in brief, to create a general railroad trust. The bill was killed, as it should have been."

The Reliance baseball team won the game from the University of California team. The score stood six to five. It was the best exhibition game yet given. Following was the Reliance team: Walton, Knightly, Oliver, Robinson, Dean, Campbell, Knowles, Ireland and Davis. The following Berkeley players lined up: Elston, Williams, Derry, Bernheim, Gosbey, Foster, Johnson, Morse and Wittenmeyer

Joseph M. Halton and Robert Irvine, both subjects of Queen Victoria, have renounced their allegiance before Judge Ogden and were admitted to citizenship.

The election yesterday was a surprise to many. The complete returns of the city show that John L. Davie is elected mayor of Oakland by a good majority. The non-partisans have secured a good working majority in the City Council. The complete ticket elected is as follows: Mayor, J. L. Davie; city attorney, J. K. Piersol; city engineer, A. R. Wilson; auditor, R. W. Snow; city treasurer, Z. T. Gilpin, councilmen at large R. Capell, M. Bassett, J. F. Towle and W. D. Heitmann; councilmen: F. K. Mott, C. K. Marshall, W. A. Manuel, C. Brosnahan, W. O. Buckland, William Watkinson and W. A. Dow.

THE COMMON PURPOSE

Brains mix with the soil better than bone dust, and intelligence is as essential to successful farming as is the sunshine. It is our concern, it is the concern of the country and the concern of the city to see that these principles are mingled with the soil itself.

The duty devolves upon the state and upon the federal government to spread the truth and principles. It is the duty of every community to see that these principles are carried into effect. One of the first things a county club must undertake is to overcome prejudice where prejudice exists, to overcome suspicion where suspicion exists. There must be a closer understanding and co-operation between the cities and the country, with a common purpose in view. You should co-operate with the farmers, not as patron with dependent, not as master with student, but as common citizens and co-laborers, animated by a common purpose, addressed to a common object, inspiring a feeling of fraternity and fellowship, of mutual trust and co-operation. See that neither one nor the other is attempting to prey upon his fellow.

The greatest obligation which any man owes is the obligation of service.—Senator Gore.

ONE-LEGGED ORATORS

A South African tribe has an effectual method of dealing with bores which might be adopted by western peoples. This simple tribe considers long speeches injurious both to the orator and his hearers, so to protect both there is an unwritten law that every public orator must stand on one leg only when he is addressing an audience. As soon as he has to place the other leg on the ground his oration is brought to a close.

IN MY LADY'S EYE

ODDITIES OF FACT

Every Russian soldier carries on his person an ikon or sacred picture, which is supposed to guard him against the bullets of the enemy. Every Russian general departing for the front has been presented with an ikon solemnly blessed by a priest or bishop.

The relationship of the royal family of Great Britain presents some embarrassing questions just now. Three first cousins of the King, the Duke of Saxe-Coburg, who is Colonel-in-Chief of the Seaforth Highlanders, and Duke of Albany, with a seat in the Lords; the Duke of Brunswick, the son and heir of the Duke of Cumberland and a British Prince, and Prince Albert of Schleswig-Holstein, the only son of Princess Christian, all had to take up arms against Great Britain, as they hold commissions in the Germany army.

The English government recently placed an order for 10,000 miles of khaki. Tommy Atkins requires a new suit every few weeks, and the Yorkshire woolen mills are running day and night.

Ants are eaten by many nations. In Brazil they are served with a resinous sauce, and in Africa they are stewed with grease or butter. The East Indians catch them in pits and carefully wash them in handfuls like raisins. In Siam a curry of ant-eggs is a costly luxury.

THE "BOBBY" SCORED

Many people are wondering whether Mr. John Burns has by now changed the opinion of the war which he had when hostilities were first declared.

During his long parliamentary career Mr. Burns has had many amusing experiences. As a rule, when it comes to a question of argument, "Honest John" scores off his opponent, but on one occasion, at least, he was taken down nicely. He was out walking in Battersea Park when he saw a man in conversation with a policeman. Suddenly the man put his hand in his pocket and drew out something which he handed to the constable.

Burns, thinking that he had discovered a flagrant breach of the regulations against tipping, approached the policeman and ordered him to hold out his hand.

The man in blue obeyed at once and extended his open palm before the indignant M. P.; but in it there lay, not the expected coin of the realm, but—merely a coughdrop.—Pearsons.

Dynamite His Meal Ticket

Once after deserting from the United States army, George G. Rheinheimer, originally from Brooklyn, was sent to prison. He liked the life. When released, he did his best to get back.

He came to Kansas City and wrote Postmaster Collins a letter threatening to blow up the postoffice if not given $500. Then he surrendered at police headquarters. Alas, they believed him crazy, but not crazy enough to be sent either to jail or an asylum.

Once more he was on the streets. Yesterday Rheinheimer walked into police headquarters and confided he had written another threatening letter to Postmaster Collins

"I asked him for $2000 this time," he said. "I guess you'll lock me up for that, won't you?"

The police said they would. He was arraigned yesterday afternoon before United States Commissioner Roy Thompson and bound over to the federal grand jury. His bond was fixed at $1000 and in default of this he was committed to jail.—Kansas City Times

SILK DRESSES are shown in wonderful array at **$12.75, $15** and **$22.50**.

Ready-to-Wear Dept., Second Floor.

TRIMMED HATS: Wonderful Values from $1.95 to $10

We have selected our modish Spring Hats with a view to suiting the taste that demands the latest style at modest prices. We believe that you would prefer two or three $5.00 hats, for instance, during the season than one $15 or $20 hat.

Here you can choose from hemps, milan hemps, barnyard straws, milan tagals and leghorns—trimmed in the newest effects, with narrow ribbon, fruits and flowers. The tendency is toward larger hats for Summer, and we present large sailors trimmed with roses and streamers of wide velvet ribbon. Quality considered, we have priced our hats the lowest in this city.

CHILDREN'S HATS in hemps and milans are beautifully trimmed with ribbon and small flowers. **$1.95, $2.50** and up.

UNTRIMMED SHAPES are here in six different styles, in black, Belgian blue, sand and navy—at **95¢**. Other shapes such as pokes, shepherdess sailors, toques and droop effects, are priced **$1.45, $1.95** up to **$4.95**.

THUGS BEAT AND ROB TWO MEN IN STORE

SAN FRANCISCO, March 12.—Leaving two victims unconscious from blows on the head with a beer bottle, a pair of armed and masked thugs escaped after robbing Leopold Spath, proprietor of a grocery store at 2400 Twenty-fourth street, and a customer, at 8:45 o'clock last evening.

Spath was waiting on Michael Hider, a patron, of 1001 Wisconsin street, when the robbers entered and with leveled revolvers ordered the two men to proceed to a rear room, where they were covered by one of the thugs while the other obtained $12.50 from the till. About the same amount was taken from Spath's pockets and $14 from Hider's. The thieves then fired shots into the ceiling and beat both their victims over the head with a beer bottle, leaving them insensible on the floor.

HAVE GOOD HEALTH

Take Hood's Sarsaparilla, the Old Reliable Spring Tonic.

Don't let the idea that you may feel better in a day or two prevent you from getting a bottle of Hood's Sarsaparilla today from any drug store and starting at once on the road to health and strength.

When your blood is impure and impoverished it lacks vitality, your digestion is imperfect, your appetite is poor, and all the functions of your body are impaired.

Hood's Sarsaparilla is a wonderful blood tonic. It will build you up quicker than any other medicine. It gives strength to do and power to endure. It is the old standard tried and true all-the-year-round blood purifier and enricher, tonic and appetizer. Nothing else acts like it, for nothing else has the same formula or ingredients. Be sure to ask for Hood's; insist on having it.—Advertisement.

COLLEGE TO PRESENT ST. PATRICK'S DAY PLAY

On Monday evening, March 15, in commemoration of St. Patrick's day, the freshman class of St. Mary's College will present "The Pride of Killarney," a drama in four acts.

For some years past, each freshman class has given an entertainment for the benefit of the public, and in following out this precedent, the class of 1918 invites their friends to be present.

Under the able direction of Brother Lewis, this play, which has never before been produced in this county, promises to be both novel and entertaining.

The cast of characters is:

Felix Harding, Alex McLean; Mr. O'Driscoll, George Chap de Laine; Mr. O'Donnell, Paul Zimmerman; Maurice O'Donnell, Frank Coakley; Raymond Vibert, Harry Madigan; Miles O'Shaugnessy, Herbert Bowden; Barney Rafferty, E. McNamara; Darby Grady, Leo Cunningham; Adolph Pennyworth, W. Fenneran; Micky Delaney, George Cunha; Constable, Eugene L. Moore; Magistrate, W. Cunningham; Gypsies, E. Perkins, G. Miller, V. Fleming; peasants and officers.

BOMBS NOT EXPLOSIVE, MAY BE NEW DEFENSE

By Associated Press.

NEW YORK, March 12.—William Keir, counsel for Frank Abarno and Carmine Carbone, accused of placing bombs in St. Patrick's Cathedral, who claim they were "framed up" by the police, intimated in court yesterday that the bombs did not contain explosives. In moving before Judge Swann for permission to inspect the report of the analysis of the contents of the bombs, the attorney said:

"Abarno does not know chlorate of potash from salts. Neither does Carbone. We know who manufactured these bombs and that they contain probably sand or some other inert stuff."

Judge Swann reserved decision on the motion and set tomorrow for argument on demurrers and other motions made by defendants' counsel.

STATE CONVENTION OF PLUMBERS IN SESSION

SAN FRANCISCO, March 12. — Delegates representing 2500 members of the California State Association of Plumbers and Fitters, yesterday morning opened the annual State convention, which will continue here until Saturday night.

Present as guests of the California association were Thomas Clark of Chicago, organizer of the United Association of Plumbers, and John Coefield of San Francisco, first vice-president of the national association.

Addresses were made by:

Thomas Clark, J. Coefield, Sam Donohue, president of the Oakland Building Trades Council; P. H. McCarthy, president of the San Francisco Building Trades Council; Alfred A. Coleman, president of the Master Plumbers, and John Le Ferman.

The following officers, who have served a year, will end their term tomorrow when new offiers are elected:

W. R. McMillan of San Francisco, president; Charles A. Coon of Los Angeles, secretary-treasurer; L. M. Hendsch of Los Angeles, first vice-president; F. G. Volkers, San Jose, second vice-president; L. H. Reichman of Stockton, third vice-president.

French Remedy for Stomach Troubles

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, lower bowel, liver and stomach troubles should try Mayr's Wonderful Remedy. It is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.—Advertisement.

SMALL LINE PART OF BIG RAILROAD PLAN

By Associated Press.

WASHINGTON, March 11.—The little Kanawha Railroad properties sold to the New York Central, Pennsylvania and Baltimore and Ohio Railroad interests were originally part of the Gould plan for a transcontinental line from Baltimore to San Francisco, according to a statement made to the Interstate Commerce Commission yesterday by James M. Schoonover.

Mr. Schoonover, vice-president of the Pittsburgh and Lake Erie Railroad conducted the negotiations under which the little Kanawha was transferred to the eastern roads. Under examination in the commission's investigation of the relations of the little Kanawha syndicate with the eastern roads Schoonover said the sale of the property effectually blocked the Gould transcontinental plan.

BAND WAS TERROR OF SEVERAL TOWNS

By Associated Press.

NEW BRITAIN, Ct., March 12.—Peter Krakas and Bernard Montvid, held at Wilmington, Delaware, on charges of killing the Rev. Father Joseph Zebris of the Lithuanian church here, and his housekeeper, Eva Gilmanaitis, February 8, have been the principals in terrorizing acts among Lithuanians of this city and other New England towns, according to reports made from Wilmington today to Chief Egan of the state police. Articles found in the men's effects include Father Zebri's hat, a quantity of cord similar to that used to strangle Miss Gilmanaintis and keys to St. Andrews's Lithuanian church in this city.

"Whoop 'em up, boys. We must pass the Exposition bonds and insure the welfare of the Exposition and our own dignity. Alameda county is one of the best counties of California and we must never allow anybody to doubt that. Work for the bonds and work hard. This is a plain duty of Alameda county."—Frank L. Hain, attorney.

"TRYING TO OUTSHINE THE FASHION, EH, TED?"

"Oh, I forgot you hadn't seen me since I started to go in for real 'class,' Bill. Talk about a custom-tailored chap wearing sweller clothes—I can't see it!

"I bought this Spring Suit AT CHERRY'S one day last week—bought it on CREDIT, Bill. When I used to have my clothes made to measure they cost so much I had to wear them threadbare—and a Suit would be completely out of style half the time I was wearing it.

"But GETTING READY TAILORED CLOTHES ON INSTALLMENT TERMS, I can afford to have the newest thing right at the start of the season.

"CHERRY'S SPRING SUITS certainly are stunners. English styles, with the vests a bit lower and other little changes about the cut of them. The store is a tip-top, big place, with a lot of cheery windows looking out on 13th street—you know they have a store at 528 13th, just above Clay. Cherry's store for ladies is in the same block (just across the street at 515). They have two lovely stores in San Francisco, for both men and women, at 1005 Market and 2490 Mission St. Say, Ted, are you wearing that 'Arrow Brand Clothing' that Cherry's are exclusive agents for?"

"Sure thing, Bill—all of Cherry's stores carry this brand. Try them—they are O. K."—Advertisement.

VENGEANCE! SAYS THAW'S DEFENDER

Stanchfield's Closing Address in Conspiracy Trial Marked by Challenge.

By Associated Press.

NEW YORK, March 12.—In his closing address to the jury sitting in the case of Harry Kendall Thaw and four co-defendants on trial for conspiracy, John B. Stanchfield, Thaw's counsel, urged the jury today to determine whether they believed Thaw had recovered his sanity and if they did to say so in their verdict.

Mr. Stanchfield sketched the case of the defense and laid particular emphasis to the claim that Thaw planned his own escape from the state hospital for the criminal insane at Matteawan because he believed that he was sane and that to remain in the hospital would cause him to lose his mind.

Mr. Stanchfield assailed Franklin Kennedy, special deputy attorney general in charge of the prosecution, charging that his sole occupation for five years had been the case of Thaw. He continued:

"Some private vengeance is responsible for the state of New York spending thousands upon thousands of dollars—probably $50,000—to try Thaw upon a puny little charge like this.

"I am something of a cross-examiner and would give anything to cross-examine Mr. Kennedy."

"I'll go on the stand," said Mr. Kennedy.

"If you ever do and I get at you, you will remember what happens," replied Mr. Stanchfield.

The defense closed its case after Thaw had answered a few questions of minor importance on cross-examination.

LONG, OF COFFEE FAME, OPENS MART

New Market at Washington and Eleventh to Have Eight Big Departments.

Long, "the coffee man," for many years one of the leading coffee merchants of the city, will open tomorrow one of the biggest and most complete markets in the city. Big quarters, at the southwest corner of Eleventh and Washington streets, have been arranged for the opening, after a month of preparation. The new market is to be complete in every way.

Eight big departments will make up the market. One of the biggest is to be the coffee department, where will be prepared the coffee upon which Long has built up his business. Another department will handle butter, eggs and creamery products. A delicatessen department will be conducted, at which fancy groceries and various delicacies will be sold.

A fully equipped bakery department will be a feature of the new market. All kinds of bakery products are to be handled. The meat department has been placed under the charge of Kohler Brothers. An outstanding feature of the vegetable department is the fact that the vegetables to be sold will come directly from the producer. Fruit and fish departments complete the list.

"Perfect Service" is the motto which Long has adopted for the latest venture in the business field. This is the fourth of the establishments founded and conducted by Long, who has other places of business at Ninth and Washington streets, the Washington Market; the new Free Market, at Sixth and Washington streets, and at 964½ Market street, San Francisco.

"MESSIAH" TO BE SUNG WITH BIG "1915" CHORUS

The first complete choral performance at the Exposition will be given next Monday evening, March 15, when Handle's great oratorio, "The Messiah," will be sung by the Alameda County 1915 Chorus under the direction of Alexander Stewart.

With the support of the great Exposition orchestra of 80 pieces, this event promises to be an important one in the history of choral performances around the bay. The chorus of 300 voices has been in training since the first of last September and more than half of the singers sang the same work under the direction of Mr. Stewart last July in Oakland. The soloists comprise the members of the Sierra Quartet: Mrs. Zilpha Ruggles Jenkins, soprano; Mrs. Ruth Waterman Anderson, contralto; Carl E. Anderson, tenor, and Lowell Redfield, baritone. Mrs. Mabel Hill Redfield, the accompanist of the 1915 chorus, will be at the organ.

This event will come as the climax of Alameda County Day at the Exposition.

BOND DEBATE HELD AT HOTEL OAKLAND

The Oakland Center held a crowded meeting today at Hotel Oakland, when the proposition to vote $1,000,000 for stock in the Panama-Pacific Exposition was the subject of debate. The affirmative was presented by H. C. Capwell and speakers from the floor were allowed ten minutes each to state their reasons for opposing the contribution. Dr. Sarah Shuey presided.

The following candidates also spoke:

For Commissioner No. 1—A. B. Connolly, William R. Geary, John Gelder, F. W. LeBallister, Cochran McCarron.

Commissioner No. 2—William S. Cox, W. H. Edwards, Harold Everhart, F. F. Jackson, Joseph Lloyd, Edwin Meese, Eugene Stachler.

NARROWLY ESCAPES INJURY.

E. Morris Cox, assistant superintendent of schools, and Mrs. H. E. Hawes, a member of the board of education, had a narrow escape from serious injury last night when the machine in which they were leaving the city hall collided with a Fourteenth-street car at Washington and Fourteenth streets. The running board of the car struck the wheel of the automobile, but it did not overturn.

AUTOIST SUES DRIVERS.

F. T. Westfall today commenced suit for $400 damages against Thomas and John Coelho as the result of a collision between a wagon driven by them and his automobile on the county road near Niles on February 6. Plaintiff alleges that the defendants' vehicle did not carry a light.

HARBOR MANAGER WANTED: $4000 YEAR

The civil service board will hold an examination for harbor manager on April 5, and applications for this position may be filed on or before March 31. So far very few applications have been filed, although the salary is $4000 per annum.

There is a splendid opportunity for the right man, as this city is about to experience wonderful development in the matter of increased tonnage over its wharves.

The dredging in the estuary adjacent to the quay wall is completed together with the filling in at the back of the same. It will be only a question of a few days when ships may dock at the quay wall and load and unload freight.

The residence clause has been waived, and applicants from all over the United States are eligible to apply. The office of the board will furnish complete data upon request.

GYPSIES MUST BREAK CAMP.

The Melrose police were called upon by residents in the neighborhood of Forty-sixth avenue and Clement street to round up a camp of gypsies under the leadership of "Prince" Robert Ristich, who had taken possession of some vacant land and had established themselves for an apparently indefinite stay. Captain Thorwald Brown, with Patrolmen Keefe, Enright and Crandall, made an official call at the court of the gypsy prince, and after explaining matters carefully, received a promise that they would leave today. The people in the neighborhood complained that articles of minor value have been disappearing from their homes since the gypsies came.

In Buying a Dress Form Remember!

—The merit of a dress-form depends on the degree that it is like the person. While measurements may be exactly like you, if the depth and width at any spot or place differ, things made on it will differ on you also, and you will be required to continually remove from the form and try on yourself to obtain an accurate fit.

—Why not buy a dress-form that means something—a form that is exactly like you in depth, width and contour lines? On such a figure you can drape, fit and finish, everything without once trying on yourself until complete. Gowns, shirtwaists, underwear, etc., everything you have always supposed were difficult to make. You can make with astonishing ease on one of these splendid dress-forms.

—"NATURE FORMS" are made to be exact models of the person's own figure, arms, bust, skirt and poise like you.

—Free lessons given in cutting and fitting to purchasers of "NATURE FORMS."

—Models and demonstration may be seen at Miss Kathryn Matting's Corset Parlors, Suite 18, No. 1441 Broadway.

SLAPS CHINESE PUPIL AND RECEIVES STAB

When little Esther Cline, a pupil at the Baptist Mission School at Fifth and Webster streets, became peeved at young Choy Jung, a recent arrival from the Chinese Republic during a recess today, she slapped him in the face and in retaliation young Choy, it is alleged, drew a knife and stabbed her in the right shoulder. A slight wound was inflicted. Choy was taken into custody and hauled off to the city prison while his small victim was removed to the Emergency Hospital, where she was attended by Steward Davison and nurses. The girl lives at 335 Fifth street and the youthful Chinese lives in Eighth street.

ART LECTURES AT EBELL.

The second of a series of five lectures on the art of the exposition was given today at Ebell clubhouse by Eugene Neuhaus of the art department of the University of California. These talks, given under the auspices of the club, are being attended by a large number of club women.

FAIRBANKS OAKLAND'S GUEST
CITY'S PROGRESS IS PRAISED

Former Vice-President Lauds Exposition Wonders

HON. CHARLES WARREN FAIRBANKS, FORMER VICE-PRESIDENT OF THE UNITED STATES.

Charles W. Fairbanks, former vice-president of the United States, and one of the most famous of the older political leaders of the United States, was a visitor in Oakland today, when he was one of the honored guests at a luncheon in the Hotel Oakland grill-room, given for him by Francis B. Loomis and Alfred Holman. Mr. Fairbanks is a visitor to the Exposition, having arrived in San Francisco the first part of this week.

The distinguished visitor was lavish in his praise of Oakland and the bay region in general, and was shown the city's principal buildings and places of interest. Other guests at the luncheon were ex-Governor James N. Gillette, ex-Governor George C. Pardee, Attorney Robert M. Fitzgerald, Attorney Melvin C. Chapman, Walter H. Leimert, Victor H. Metcalf, former secretary of the navy; John F. Conners, J. F. Carleton, Fred S. Stratton and W. W. Garthwaite.

"One of the most gratifying things to me since my arrival to take part in the Indiana dedicatory ceremonies at the Exposition last Monday has been to note the wonderful progress Oakland has made since I was here before," Mr. Fairbanks said. "Truly your development has been remarkable. On all sides I notice improvements in your beautiful buildings, your pleasant homes, your streets, your boulevards and your climate. They are all indications of prosperity and happiness. I believe your city is coming into her own, and I am pleased at your success.

"I have kept in very close touch with the Panama-Pacific Exposition, and I can say candidly and without hesitation that the fair is beyond all expectations. I am a member of the Indiana commission and chairman of the committee on agriculture and live stock. These duties have led me to know a good deal about the Exposition, but when I came here I was agreeably surprised. I believe it is a pity that every American cannot see the Panama-Pacific Exposition. If it is not viewed hurriedly, and if it is taken slowly and systematically, a liberal education can be obtained at the fair. San Francisco and California in preparing for this Exposition have rendered a national service. The benefits flowing from it will be of nation-wide influence. Few people realize what a magnificent display is here. They do not have any idea of the art of the builders, and they have but a long-distance conception of the wonderful ensemble of the whole.

"It is very gratifying that the Exposition should have been from the first a huge success. It is more than pleasing that such enormous numbers of people should have visited it from the opening day, and I believe that as the word of your attainment is sent broadcast over the country more and more people will want to come and see what California has wrought."

Wilson Takes Hand in Ohio Coal Strike

By Associated Press.

WASHINGTON, March 12.—President Wilson took a hand in the Eastern Ohio coal strike today when he consulted with Secretary Wilson of the Labor Department and representatives of the coal operators about methods for reaching a settlement. Secretary Wilson has already made fruitless efforts to bring the operators and the miners together. As a result of today's conference the president is expected to write letters to leaders of the two sides suggesting that the differences be arbitrated.

FLAGS DURING EXPOSITION.

At the suggestion of Curtis Wright Jr., officials of the Chamber of Commerce-Commercial Club, Consolidated, will ask the merchants and owners of buildings of the city to fly the United States flag from all buildings during the entire Exposition period. The action was taken at a meeting of the executive committee of the organization today.

CAMERA MAN'S STILL WORKING

WATCH FOR HIM, BOYS AND GIRLS

YOUNGSTERS TO HEAR BIG NEWS

Just one day nearer!

Sunday's just another day off!

And in the meantime watch for THE TRIBUNE photographer!

Sunday the big news is to be made public—the most important announcement to the boys and girls of the East Bay Region that has ever been made. Every boy and girl wants to see it. Every boy and girl who looks in Sunday's TRIBUNE is bound to find it. And then—but that would be telling about it time!

So remember—when you see the man with the camera, boys and girls, watch him. And remember to get Sunday's TRIBUNE and see what's doing!

THE TRIBUNE is going to do something big—and it's going to be one of the biggest things in years. The boys and girls of Oakland know about TRIBUNE DAY at Idora, and about THE TRIBUNE'S theater parties and affairs for its youthful friends—and so they know that when something good is promised something of surpassing excellence is coming! And that's exactly what's going to happen this time.

Look over the Sunday Issue. Laugh at Old Doc Yak—no one can help that — and also at Esther Starring and the other comic supplement screams. Girls, you can read Lillian Russell if you want to!

But don't forget the big announcement!

It'll be easy enough to find—there'll be a whole page devoted to it—with illustrations. There'll be good news in every line. There'll be Oakland boys and girls made happy with every look. It'll be more than worth while having seen.

So remember!

Watch for THE TRIBUNE photographer!

Watch for Sunday's TRIBUNE!

And don't forget!

SMALL CITIES URGE BOND ISSUE

Prominent Residents of Alameda County Plead for Keeping Faith.

A mass meeting to consider the Exposition bond issue has been called for Saturday evening, March 13, at Lincoln Hall, East 14th street, near Fruitvale avenue. The meeting is under the auspices of the Citizens' Committee.

"You say that the restaurant man, the saloon keeper, and the hotel man will be the only ones who benefit directly from the Exposition," said C. M. Wardell, at the Washington Township meeting held at Centerville last night. "Suppose this is so. Does it follow that you will not benefit? Will these men be able to keep this money in the till? Won't they have to employ more help to handle the throngs brought by the Exposition? Won't they buy more of your produce? Won't they put the money in circulation? And won't this be to your benefit?"

A representative gathering of citizens of the seven Washington township cities listened to the remarks by the various local speakers assisted by some of the Oakland business men, and at the conclusion of the meeting unanimously endorsed the following resolution:

Resolved, That we, citizens of Washington Township in mass meeting assembled, endorse the $1,000,000 Exposition bond issue to be voted on March 19, because we believe this money should be voted to the Exposition, not as a gift, but as Alameda County's investment in the world's greatest exposition.

Resolved, further, that irrespective of any so-called pledges of promises, the benefits accruing to Alameda county, educationally, industrially and through the thousands of visitors who will come here, are such that we deem it our duty and our privilege to vote these bonds.

FAIR DESERVES SUPPORT.

"We now have an opportunity," said J. W. Phillips, "to reap some of the harvest from past advertising. Let these visitors see and be convinced that Alameda County is the place for their future homes. The men who achieved the Exposition deserve our support.

"The Exposition needs the million dollars. Vote the bonds. Buttonhole your neighbor and make him vote them. The state looks for it."

"We are going to be the hosts to the world," said C. M. Wardell. "They must have a favorable impression of us. The man with the small pocket book will reap the benefits of the fair and he cannot refuse them.

"Our actions on the 19th will be tried at a tribunal which sits at the very fountain head of the universe. We got the Exposition by our telegram in the face of disadvantages. If we were right three years ago we are right now.

"I have never believed that the people of Alameda County would turn it down," said F. V. Jones of Centerville. "I don't believe it now. Put this before your fellow-citizens. Get loaded with facts and put your shoulder to the wheel."

The next speaker was Colonel John P. Irish, who was a member of the committee which went to Washington to fight for the fair.

"The telegram from Alameda County turned the balance," said he. "This promise was considered by the nation as well as by the Exposition, as an asset.

WORLD WATCHING US.

"The Exposition brings Alameda County under the world's eye. There are only two world-wide events now in progress. The war in Europe and the Exposition in San Francisco. One the spirit of destruction, the other, the epitome of peace.

"I am willing to accept my share of the burden and I work for a living just as you do. I, too, am a farmer, and not a gentleman farmer, either.

"Americans built the canal when all others failed. Are you indifferent to the opening of that great work and the Exposition which celebrates that event? We will profit by the canal. We have an obligation to meet even without a promise being made. We will never hear the last of adverse action. Let's have the whole world say, 'Alameda County did her part.' Get into the bandwagon."

Henry Lachman, chairman of the meeting, was then elected commander-in-chief of the minute men of the township and appointed the following captains of the various towns: F. T. Hawes, Centerville; F. V. Jones, Niles; T. E. McCarthy, Alvarado; Henry May, Decoto; A. T. Biddle, Newark; Mrs. Lyda Babb, Irvington, and P. C. Sorenson, Warm Springs. The commander-in-chief will work in Mission San Jose.

Ten-Year-Old Eggs Are Served to Jurors During Damage Suit

By Associated Press.

NEW YORK, March 12.—Cake made of eggs ten years old was served to jurors in the Federal district court during a hearing in the suit brought against a former collector of the port by Robert Herbst, an importer to recover $12,000 because a consignment of preserved Chinese eggs in which he was interested was destroyed as unfit for consumption. The eggs had been preserved in a solution of boracic acid. Dr. Ernest L. Smith formerly professor of biological chemistry of the Fordham Medical School, testified it was possible to keep eggs a hundred years by this method without impairing their quality.

CATTLE DRIVER INJURED.

SAN FRANCISCO, March 12.—Jos. O'Day of 1636 Oakvale avenue, while driving cattle in the Potrero district, fell from his horse and suffered a broken right leg this morning. He was treated at the Potrero Emergency Hospital.

ALAMEDANS URGE BOND SUPPORT

otable Speakers Are Heard in Big Rally of Voters.

ALAMEDA, March 12.—Convincing rguments showing the necessity from t only a business standpoint, but from moral standpoint, that the million-ollar Exposition bonds should be dopted, were presented at a business en's luncheon held yesterday at the agles' club house. Alameda's public mpaign for the bonds was opened the luncheon and tonight there will another big rally, to be held in the ouncil chambers of the city hall.

Plans are complete for the mass meet-g in the city hall tonight. The voters ill be told why Alameda county should ote the Exposition bonds and make itself ight with not only San Francisco, but e entire nation.

The Australian Boys' Band will give a oncert before the meeting and there will be several speakers thoroughly ac-uainted with all the facts concerning the onds to present the reasons why the lectors should vote for them.

George W. Reed and Roscoe D. Jones, s well as several of the other well known peakers in favor of the bonds, will talk is evening.

The luncheon yesterday was presided ver by J. S. McDowell, president of the Alameda Chamber of Commerce. He ntroduced A. S. Lavenson, chairman of the Alameda County Exposition Bonds ommittee. Lavenson made an appeal-ng address in favor of the passage of he bonds. He reviewed the promise ade by the Oakland Chamber of Com-merce that it would support a bond issue for one million dollars for the fair, and ow this promise was the turning point oint at Washington when the fair was given to San Francisco. He outlined the business benefits that will accrue to the east side of the bay from the Ex-position and showed that it would be a small investment for Alameda county to invest one million dollars in the Exposi-tion. Lavenson also said that there is a legal reason for the passage of the bonds, pointing out the various steps leading up to the calling of the bond issue.

Owen E. Hotle was then introduced and told of the moral obligation that Alameda county should support. He told of how the Exposition commissioners have made many grants for the benefit of Alameda county, believing that this county was to invest.

Chairman McDowell then called upon Rev. F. K. Baker, George E. Plummer, Halvor Hauch, E. A. Hartley, Nelson G. Welburn and J. H. Helmstein. All spoke in favor of the bonds and will work for their passage.

Among those at the luncheon were Smith Anderson, Jules Didier, Patrick Winters, Joseph Halton, E. Julius, Hans Holmes, N. G. Welburn, Dr. Chauncey P. Pond, Ed Shaw, H. Hauch, C. P. Magoon, George E. Plummer, O. E. Hotle, J. H. McDowell, A. S. Lavenson, Rev. F. K. Baker, Edward Silver, Hugh Gallag-her, J. H. Wilkens, E. R. Allen, Walton Farrar, J. H. Burton, Otto Rittler, E. A. Hartley, J. H. Helmstein, C. C. Adams, A. O. Gott, Frank Hally, Richard Hally, Richard Phelps and John Koordt.

TELLS OF EXTENSION WORK AT UNIVERSITY

UNIVERSITY OF CALIFORNIA, March 12.—How the University of California, through university extension is carrying educational opportunities to thousands of citizens in every part of the State, will be told today by Director Ira W. Ho-worth at the First National University Extension conference, at Madison, Wis-consin.

A report of the university extension division, submitted to the academic coun-cil, will furnish the delegates to the na-tional conference with material for com-paring California's activities with their own. This report tells in statistical form the story of the means by which nearly 50,000 people were brought into contact with the educational resources of the university during the second half of 1914.

The bureau of correspondence instruc-tion was the means of extending univer-sity instruction to 2502 men and women.

Class work patterned after that con-ducted at the university was conducted at several points in the San Francisco bay region. In these classes instruction was given to 736 persons. Through these classes the university was able to help students to meet the increasing demand for persons skilled in Spanish, French and commercial usage which has resulted from the growth of trade relations between the Pacific coast and South America.

Five hundred persons in the State pris-ons at San Quentin and Folsom felt the influence of university instruction.

The university has aided a number of city officials to solve various civic prob-lems, through the assistance of faculty experts secured through the bureau of municipal reference. This bureau has also aided in organizing the California conference on city planning, which is aid-ing California cities in this important movement for better cities, better living conditions, and foresight for the vast fu-ture of the cities of California.

CHAMBER OF COMMERCE ACCEPTS RESIGNATIONS

BERKELEY, March 12. — Resignations of Samuel C. Irving and Fred T. Robson, as president and director of the Berkeley Chamber of Commerce were last night accepted by the board of that organiza-tion. The action was taken in consonance with the usual rule regarding officers who become candidates for political of-fice.

Fred T. Robson and D. F. Bigelow were appointed delegates of the chamber to the inland waterways congress to meet in San Francisco on March 23, 24 and 25. The chamber, before adjourning, gave its endorsement to the plans for a California olive day, and will issue an appeal to lo-cal citizens to support the project.

C. C. Juster was named as delegate to the joint meeting of the State Senate and Assembly committees on roads and high-ways to be held at Sacramento on Mon-day evening.

CAST IS SELECTED FOR EXTRAVAGANZA

BERKELEY, March 12.—Results of the tryouts for "Fiat Lux," the senior extrav-aganza, as announced today by Frank Mathieu, coach for the production, bring Mlle. Cearley and Mildred Van Galpen into the feminine leads of Minola and Eugenica, and Merritt Curtis and Leon Ettinger to the chief masculine roles of the gods Hermes and Corycus.

There are a number of minor parts yet to be filled. As many of the roles re-quire dancing and singing ability as well as an amount of skill at acting, Coach Mathieu is experiencing some difficulty in making up the cast. He is also handi-capped by the fact that but few of the senior men have expressed the desire to appear before their fellows in the guise of actors. Parts not assigned include sculptors, newspapermen, politicians, spielers, visitors at the fair and others.

SATURDAY TO CLOSE FILING OF PETITIONS

ALAMEDA, March 12. — The last day for filing nomination petitions for the coming municipal election is Saturday. That is also the last day to register for the city election. Those who have not registered since January, 1914, or who have registered since that time but have removed, should do so by Saturday.

The city clerk's office will be open until noon Saturday and again between the hours of 7 and 9 o'clock Saturday night. The nomination petitions can be filed up to midnight, Saturday.

MARSHALL U. C. SPEAKER CHARTER DAY OCCASION

VICE-PRESIDENT THOMAS R. MARSHALL, WHO WILL BE CHARTER DAY SPEAKER AT THE UNIVERSITY OF CALIFORNIA.

UNIVERSITY OF CALIFORNIA, March 12.—Thomas R. Marshall, Vice-President of the United States, is coming to help the University of California celebrate its birthday.

The university has invited all its friends to join in this yearly birthday celebration in the open air Greek Thea-ter at Berkeley at 10:30 o'clock Tuesday morning, March 23, 1915, with Thomas R. Marshall, Vice-President of the United States, as the Charter Day ora-tor. The alumni will join with the fac-ulty and students in the procession which every year winds from the front of the University Library up the hill under the eucalyptus trees to the famous Greek Theater. Since the theater seats 8000, a general invitation has been extended to the public to be present.

The distinguished speaker of the day, Vice-President Marshall, is himself a university man, having graduated with honors from Wabash College in 1873. He has received the degree of LL.D. from a number of different universities and is a member of Phi Beta Kappa—the scholar-ship honor society. After having prac-ticed law for thirty-five years he served as governor of Indiana from 1909 to 1913, and then became Vice-President of the United States.

At past Charter Days a long list of eminent men have spoken at the Univer-sity of California. Among the Charter Day speakers of other years have been Josiah Royce, now one of the most dis-tinguished of American philosophers, who as a student won an oratorical con-test on Charter Day, March 23, 1874; President Theodore Roosevelt, John Hay, Lord James Bryce, British Ambassador; Chancellor David Starr Jordan of Stan-ford; President Arthur T. Hadley of Yale, President Edwin A. Alderman of the University of Virginia; Bliss Perry, editor of the Atlantic Monthly; Prof. Henry Van Dyke of Princeton, Secretary of Commerce William C. Redfield, Sir Richard McBride, Premier of British Co-lumbia; Prof. Joseph Leconte, Edward Rowland Sill, the poet; Prof. George H. Howison, Prof. Bernard Mosess, Presi-dent Charles William Eliot of Harvard, Pesident James M. Taylor of Vassar; Whitelaw Reid, Ambassador to England; President James B. Angell of the Uni-versity of Michigan, President W. H. P. Faunce of Brown University, Dr. Henry S. Pritchett, president of the Carnegie Foundation for the advancement of teaching, and Herbert Putnam, librarian of Congress.

CHURCH BENEFIT IS ALAMEDA SUCCESS

ALAMEDA, March 12. — A musicale for which Mrs. Fred Linderman opened her home on the corner of Chestnut street and Alameda avenue, yesterday, for the benefit of the First Presby-terian church was under the direction of the Ladies' Aid of the church. Mrs. P. L. Cortelyou, president. Mrs. A. J. Burgner was presented by Mrs. Cortel-you as chairman of the committee of arrangements. Mrs. Linderman was as-sisted by Mrs. Herbert Thompson, with Mrs. Burgner, Mrs. Cortelyou, Mrs. Ed-win Pond James, Mrs. Charles Elfers, Mrs. Harold Miller and Mrs. Edwin Nott and Miss Isabel Linderman in receiving the guests.

The participants were Mrs. J. E. Wright, who gave a number of clever little stories, concluding with Whitcomb Riley's "My Philosophy." Miss Mildred Meyers played Paganini's "Witches Dance"; Miss Edith Meyers, some of the arias of Der Freischutz, "'Twas April" (Nevin) and "My Little Gray Home in the West; Miss Mary Anderson, "A Norse Maiden's Lament" (Bruce Farr-ington); Mrs. Evangeline Saye Ayres, a Barcarole of Leoncavallo and McDowell's "Blue Bell"; Mrs. G. H. Anderson, a dialect story, "The Unexpected Visitors," from "A Widow in Thrums"; Miss Mary Forderer, "The Maids of Cadiz" and the Aria from "Madame Butterfly"; Mrs. Waldo Parkhurst, humorous reading of the "Church Choir," and Mrs. W. M. Randall, "Day Dreams" and "Life's Garden." Miss Hazel Gaukroger was her accompanist. Miss Lillian Evans ac-companied the other singers. Miss Evans, with the Misses Beth Hollander, Blanche Evans, Phyllis Cockroft, Emily Baird, Martha and Marion Linderman, assisted in serving the tea and cakes following the program, when the guests gathered about the tea tables for a social half hour.

PETTY THIEVES ANNOY BERKELEY HIGH SCHOOL

BERKELEY, March 12.—The number and seriousness of a number of petty thefts in the past three weeks at Berke-ley high school has caused the faculty of that institution to enlist police aid.

Lunches at the high school, the teach-ers say, are no longer safe from thieves who have stolen close to $400 in clothing and student belongings. Among those who have lost heavily are H. E. McGow-an, 26 Brookside; J. R. Douglass, 2614 Re-gent street; Kemper Simmons, 2235 Grant street; Miss Elizabeth McGuire and Mrs. F. L. Kleeburger.

Petty robberies were daily reported to the police from Boalt Hall on the Uni-versity campus, where R. M. Lyman lost a suit case containing a $40 suit of even-ing clothes.

At the First Christian Church in Berke-ley, a crook made away with a Sunday school collection of $8.

IMPROVERS TO MEET.

ALAMEDA, March 12. — The North Side Improvement club will hold a meet-ing this evening in the headquarters in McKinley park, Walnut street, at Buena Vista avenue. All residents who desire to know about the proposed bond issue are invited to attend the session. Superin-tendent of Schools C. J. Du Four will be the principal speaker at the meeting.

High School Protest Demands Freedom of Speech for Students

BERKELEY, March 12.—Not to be outdone by university stu-dents, the boys of Berkeley high school have started a fight for freedom of speech. In a paper circulated about Berkeley today an editorial entitled "Are You Going to Demand Your Rights?" voices their protest.

The following is from the edi-torial:

"Faculty control is good for the faculty, but decidedly detri-mental to the students. Are you going to demand your rights? Or are you going to knock the fac-ulty behind its back and bow to its commands? The solution lies with the board of education. Be true to yourself and demand your rights."

As this publication called "Stu-dent Opinion" was distributed without the necessary permit the police have been asked to find the authors. The only clew is in the names signed at the head of the editorial columns, which follows: Editor, A. Lumnus; manager, A. N. Other; business staff, Pat Ronize, G. O. Chase-and and Don T. Nock.

PLANS FOR ALUMNI CELEBRATION MADE

BERKELEY, March 12. — General plans for California day on May 8 to in-clude a parade of students and alumni, buffet luncheons, band concerts and a campus-wide "welcome home" celebra-tion, have been completed by a confer-ence of student and alumni committees.

Representatives of 50 classes will line up in the afternoon at Harmon gymna-sium for a pilgrimage through the cam-pus to the Greek theater, where gradu-ates will deliver short addresses. As Cal-ifornia day at the exposition immediately precedes the similar day on the campus, added attendance at the student affair is expected.

FORMER ALAMEDAN DIES.

ALAMEDA, March 12.—News has reached this city of the death of S. T. Coram, formerly of Alameda, at Napa. Coram was well known in Newark, this county, where he represented the James G. Fair estate. Deceased is survived by his wife, a son and daughter, and a sis-ter, who resides in England. The fu-neral was held in Centerville and inter-ment was in Odd Fellows' cemetery at Irvington.

EAGLES PLAN BALL.

ALAMEDA, March 12. — Merrimont will reign supreme at the masquerade ball to be given Saturday night at Eagles' club-house by the drum corps of Alameda Aer-ie of Eagles. The dancers will vie with each other in the novelty of their cos-tumes.

IRWIN REPLIES TO 'COLLEGE MAN'

Unsigned Attack on Exposition Bond Issue Rouses Ire of Berkeleyan.

BERKELEY, March 12.—H. D. Irwin, of 2366 Adeline street, Berkeley, has re-plied to an unsigned attack on the pro-posed Alameda county million dollar bond issue that recently appeared in the public press with the explanation that it was written by a university professor who declined to give his name. Irwin says:

"Allow me to dissent from the con-clusions of the professor who did not like to sign his name (I shouldn't think he would) to his article opposing the Exposition bonds.

"A plain obligation rests on the people of this county to vote these bonds. Everyone knows that they would have been voted five to one in order to bring the Exposition to San Francisco, and that the pledge of the representative commercial body of the county to sup-port such a measure met with approval at the time.

ANXIOUS FOR SELECTION.

"Why were we so anxious to have San Francisco selected as the site for this Exposition? Because we knew that it would be of measureless benefit jointly to San Francisco and to ourselves, and in only less degree to the state at large. For the benefit she will receive San Francisco both as a municipality and through the individual action of her citi-zens, has most generously provided funds for the Exposition. She has most nobly done her part. Likewise the state in recognition of the benefits that will come to all its communities voted a liberal support. But for the special benefits that Alameda county has received and will receive she has so far done nothing. In no other way can the people of Alameda county contribute their just share to the support of the Exposition than by voting these bonds.

"The people of the state at large un-derstand the situation. They know that the Exposition is held in a metropolitan district of say 1,000,000 souls, nearly one-half of which live in Alameda county. That the fair management generously located the big show where this county would derive the greatest possible benefits from it. That during all the years the great Exposition was building a stream of dollars has poured into Alameda county in payment of wages to our me-chanics and artisans employed there, and also for material purchased here. The people of the state also know that the conventions already booked to be held in our communities will alone return to our citizens the amount of those bonds many times over.

REALIZE CONDITIONS.

"Because they realized these conditions and the special obligation resting upon this county on account of these condi-tions, the people of the state voted to amend the constitution so as to per-mit Alameda county to pay the debt. By such vote the sentiment of the state was clearly expressed. Such expression has been confined by the stinging com-ment of the interior press upon our ap-parent willingness to shirk the responsi-bility.

"Let not our citizens deceive them-selves. We are on trial. The obliga-tion is a moral one only. Legal com-pulsion cannot be put upon us.

"An honest man does not refuse to pay a just debt because he may not be legally liable. What will be do as a community? Will he 'crawl beneath the tent' that we may save thirty cents per year to our average taxpayer?

"No wonder our merchants and leading citizens are working day and night that the odium of such an act, like foul pitch, shall not besmear this community."

"HONOR SYSTEM" FOR UNIVERSITY SENIORS

BERKELEY, March 12. — A determi-nation to make of the university "honor spirit" a working "honor system" was expressed last night at the regular Senior Singing at Senior Hall. To ac-complish this end it was recommended that each student become a proctor and that it be recognized that each should be willing to sacrifice feelings to report infractions of rules. Unless perceptible improvement is noted as regards viola-tions of library privileges, a student po-lice system for that building will be es-tablished.

To further the work and to determine the sentiment on the campus a series of questions has been sent out by the student welfare committee. The ques-tions are:

Do you believe in the essentials of the honor spirit in our university?

Do you think it has proved its worth here?

Can you suggest any methods to better the spirit?

Does the system receive enough pub-licity? Do more adequate ways of mak-ing the system known occur to you?

Can you make any other suggestions in connection with the upbuilding of the spirit?

BRIDE HOPES FAIR WILL SOOTHE PAPA'S FEELINGS

BERKELEY, March 12.—The hope that the wonders and beauty of the Exposi-tion will have a soothing effect on their parents who are soon to visit Berkeley from a plantation in Georgia, is held to-day by Mrs. Kenneth Street who, until yesterday, was Miss Tryphosia Black, and her sister, Miss Minnie E. Black of 2036 Channing Way. The youngest sis-ter yesterday tripped away with Street to San Francisco where they secured a license to wed.

"I don't know whether they are mar-ried or anything about it," said the older sister this morning.

The two young women came to Berke-ley two years ago from Georgia for their health, and have liked the bay cities so much that they have declined to return to the south. In June their parents are expected to visit Berkeley and the Ex-position. Rather than face their possible objection to a wedding Miss Black and Street took the matter into their own hands. Street is the son of Richard Street, a manufacturer's agent, 2510 Buena Vista Way.

ELABORATE PROGRAM FOR BENEFIT PLANNED

ALAMEDA, March 12. — A program will be presented at the Washington school auditorium tomorrow night by the Washington park as a benefit to the base-ball team. A vaudeville variety bill com-posed of talent direct from the circuits as well as the best of local offerings will comprise the entertainment while a dance will follow.

Miss Edith Hahn, Misses Benita and Gene Hunt, the Cook Brothers and other attractions will be seen.

MRS. COOPER ARRIVES.

ALAMEDA, March 12. — Mrs. William Cooper, and two children, accompanied Mrs. Minnie Sabin Cooper, the widely known reader and interpreter of the drama, have arrived from New York. Mrs. William Cooper, who is the daughter of Mrs. Minnie Sabin Cooper and niece of Mrs. Charles Tabor of this city, has been residing in Elmira, New York, since her marriage.

William Cooper will join his wife and little family later on.

WILL ATTEND GAME.

ALAMEDA, March 12.—Members of the Alameda fire department have been in-vited to attend a benefit game which will be held Sunday, March 8, at the Coast League grounds in Oakland, between the teams of the Oakland and San Francisco fire departments. A delegation from this city will attend the contest, which will be speedy, the firemen being experts in the national pastime.

Who Would Not Work With Pretty Co-Eds Passing Hot Dogs?

BERKELEY, March 12.—Pretty co-eds as servers of "hot dogs" are to make the campus of the State University more interesting than usual tomorrow when stu-dents of the agricultural depart-ment are to be regaled with the warm edibles that work in im-proving the landscape about Agri-cultural Hall may go on with com-fort to the inner man. While the male students are busy with shovels, rakes and hoes, the wo-men of the department will heat to a sizzling point the succulent "dog." The Forestry Club will add to the pleasures of the affair by serving hot coffee.

HAYWARD LEADS IN CENTRAL LEAGUE

Defeat of Richmond Gives Winner Clean Score in Pennant Race.

HAYWARD, March 12. — In defeating Richmond high school baseball team, 11 to 7, in a well contested game on St. Mary's grounds, Oakland, Wednesday af-ternoon, the Hayward high team has taken the lead in the Central Alameda county athletic league series. Owing to darkness setting in the game was brought to a stop at the eighth inning. Features of the encounter with Richmond were the pitching of Ed Strobridge of Hayward who sent nine men out and the heavy hitting of Eugene and Ed Strobridge, Captain Ralph Armstrong and D. Day of the Hayward team.

Following is the standing of the teams in the league:

Club:	W.	L.
Hayward	2	0
Centerville	2	1
Richmond	1	2

Livermore, the other member of the league, did not bring forward a team this year.

The Hayward team against Richmond was composed of Eugene Strobridge, Ed Strobridge, Larsen, Captain Ralph Arm-strong, Linnard, Day, Jensen, Comstock, Prowse; subs, Russell and Tyler.

ALAMEDA HIGH CLASS IN COMEDY PRODUCTION

ALAMEDA, March 12. — The low senior class of the Alameda high school will pre-sent its play, "Mrs. Dot," tonight at Adel-phian hall. "Mrs. Dot," an entertaining widow who always gets what she wants even when the thing wanted is a certain man for a husband, is played by Velma Delemater. Lady Selender, a worldly wise woman with a marriageable daughter on her hands is played by Geraldine Trap-hagen. Margaret Calcutt takes the part of Nellie Selender, a girl who has not lost her love of the romantic in spite of two seasons of London society.

"Mrs. Dot's" aunt, Miss Macregor, is represented by Lillian Suydam. The boys in the class are equally represented. Tom Birbeck plays the part of James Blen-kensop, rich and a bachelor; Fred War-ford, Gerald Hollington, the man Mrs. Dot wishes to marry; and Harry Etter, Freddie Perkins, Mrs. Dot's nephew and secretary.

The play has been coached by Fred Carlyle, and the success that has been attained with past senior plays insures an entertaining evening for those who attend the performance tonight.

PRETTY LITTLE PARTY FOR ALAMEDA BRIDE

ALAMEDA, March 12. — Mrs. Vernon Clark (Vivienne Christiensen) entertained today at her home, 1331 Caroline street in compliment to Miss Wilhelmina Krumb, who is to become the bride of Leroy Bolt, within the month, but who is not disclos-ing her wedding date to even her most intimate friends. The afternoon was given to Dutch whist, and the bride-elect was presented with many pretty gifts.

The home was in pink and green, pink carnations and fern setting off the at-tractive interior.

A dainty repast followed the cards. Mrs. Clark's guests were the Misses Krumb, Ruth Grimes, Ruth Fowler, Myrtle Stur-tevant, Renee Davis, Lilla and Vesta Wonderlich, Grace Gould and the Mes-dames Paul T. Mackie and James G. Mackie, with Mrs. Thomas H. Benton Jr.

MINISTERS RETURN FROM EFFICIENCY TRIP

ALAMEDA, March 12. — Rev. C. L. Mears, moderator of the Congregational churches of the State, has returned from an efficiency campaign tour of the in-terior of the State accompanied by the Rev. Roy Campbell of the Fourth Con-gregational church of Oakland. They visited Fresno and Porterville, reviewing the work of the churches and societies and discussing better methods with the officers and members.

Wednesday was spent in Fresno, where two sessions were held, followed by a banquet and evening public service where the Rev. Mears spoke. The same pro-gram was carried out in Porterville, yes-terday.

LEAK THREATENS FAMINE.

ALAMEDA, March 12.—Owing to many leaks in the main that carries water to the industrial district at the north end of Webster street, that section is fac-ing a water famine. Several of the in-dustries have entered complaints about the condition of the pipe, which is almost a sieve, they claim. As a result the water does not reach the district, but wanders away into the underground passages. The main runs north along Webster street from Santa Clara avenue and is of the three inch variety.

COMPLETE VITAL STATISTICS.

ALAMEDA, March 12.—The vital sta-tics of Alameda have been compiled from 1868 to the present date and are now in excellent form. For years the death and birth records were kept in a haphazard manner, but they are now recorded with a card system. Under the direction of Dr. Arthur Hieronymus, the health of-ficer, the records have been brought up to date and information concerning deaths and births can now be readily found.

MOOSE MEMBERS ELECT.

ALAMEDA, March 12.—The Moose election was held and the following mem-bers will take office for the ensuing term. Dictator, T. C. Stoddard; vice-dictator, E. A. Clavitzer; prelate, Don Cohen; outer guard, Jerry Donovan, inner guard, C. Norris, delegate, Dr. Chauncey Pond, trustee, L. Swenson; treasurer, James Barsones; alternate, F. R. Quigley. The installation will take place the second Wednesday in April.

ENDORSE SCHOOL BONDS.

ALAMEDA, March 12. — The school bonds were given an endorsement Wed-nesday afternoon at the meeting of the Alameda Women's Improvement club, which convened in the quarters on Web-ster street, at Haight avenue.

FAILS TO KILL SELF.

BERKELEY, March 12 — Mrs. T. K. Kaing, 1625 Francisco street, this morn-ing attempted to take her life by swallow-ing two ounces of hydro-chloride acid. She will recover.

EXPERIENCE DAY AT PARK MEETING

Mounted Police System Will Be Developed, Says Col. L. M. Brett.

BERKELEY, March 12. — Today was mutual experience day at the convention of national park superintendents. Expe-riences gained and methods perfected by each of them were turned over to the whole body in a series of conferences which lasted throughout the day. Tomor-row's meeting, at which a number of prominent government officials, in the geologic and forest services, will speak will be held at the Exposition in San Francisco.

Methods used in fighting fires in the Sequoia and General Grant park were outlined and explained by Walter Fry superintendent of those playgrounds. Fry laid emphasis on the fact that a few well trained rangers may do the work of hun-dreds of inexperienced soldiers or civ-ilians.

TALKS ON TRAILS.

The other speakers and subjects were: "Trail Building," Gabriel Sovulewski, su-pervisor Yosemite National Park; "Bridge Building," David A. Sherfey, resident en-gineer, Yosemite; "Patrolling and Ranger Service," Col. L. M. Brett, acting super-intendent of Yellowstone; "Road Build-ing," S. F. Ralston, supervisor Glacier Park; "Hot Springs Park," Dr. W. P. Parks, superintendent of Hot Springs Reservation; "Federal and State Juris-diction in Parks," W. B. Acker, Interior Department.

Col. L. M. Brett of the Patrolling and Ranger Service, in his brief talk ex-pressed the hope and the belief in the possibility in a mounted patrol system for the parks in this country that will be comparable to the famous mounted police in Canada.

"A patrol system, distinct from the forest rangers and distinct from the reg-ular soldiery now stationed in some of our parks, is one of the developments to be expected," he said. "Such a body of men would have permanency and could be trained in the specific park duties, fire fighting and the like, until a stage of perfection would be reached that would mean more efficient work by a smaller number of patrolmen. It is known that the army officers do not welcome the iso-lated service that comes with park duties and that a separate body of men, trained to the wilds and in the service for their liking of the open space would mark an improvement to be wished. This body of men will soon be assembled. The United States mounted police is already a cer-tainty."

NOTED MEN TO SPEAK.

Among the speakers for tomorrow's session will be Hon. E. T. Taylor, con-gressman from Colorado; Henry S. Graves of the forest service; Howard Greenley architect, of New York City; Robert Mar-shall of the geological survey, and Mrs. John D. Sherman of the Federation of Women's Clubs.

There will be discussions by conces-sionaires, representatives of transporta-tion and others.

BOY IS SHOT WHILE PLAYING WITH PISTOL

BERKELEY, March 12 — Gerald Ken-ney, 12 year old victim of a revolver accident whose condition last night was said to be critical, will recover, accord-ing to word from Roosevelt hospital to-day. The boy, who is the son of J. J. Kennedy, carpenter, 2530 Dana street, was shot through the stomach when a cheap revolver of 22 caliber, exploded in the hands of a playmate, Benjamin Boasberg, 2312 Telegraph avenue.

The bullet went through Boasberg's hand, and then into the abdomen of Ken-nedy. Until the bullet had been found and removed at a late hour last night the boy was thought to have no better than an even chance for recovery, and relatives were forced to spend anxious hours.

COMMITTEES NAMED FOR CALIFORNIA DAY

BERKELEY, March 12. — The execu-tive committee in charge of California day to be held at the University of Cal-ifornia on May 11 announced the organi-zation of several committees to arrange the program for this day and also out-lined a plan for the day's celebration.

A publicity committee was named and placed under the direction of Edwin B. Fuld, whose purpose it will be to adver-tise the celebration and make a states-wide publicity campaign. The alumni of the university will be kept in touch through this means and it is thought that the slogan "Fifty Classes Back" will be-come a reality on this day.

LYNCH OPPOSES UNMERGER LAW

SAN FRANCISCO, March 12.—Robert Newton Lynch, vice-president and gen-eral manager of the San Francisco Cham-ber of Commerce was the chief witness today before the special government ber of Commerce, was the chief witness tion with the proposed unmerging of the Central Pacific and Southern Pacific rail-roads.

Lynch testified that in 1914 as soon as the federal authorities brought an action for the separation of the two roads, a petition was sent to Washington requesting that the matter be dropped.

The chamber of commerce unanimously adopted the resolutions directed against the advisability of separating the South-ern Pacific and Central Pacific and took the matter up with other chambers of commerce throughout the state. A ma-jority of these, Lynch declared, agreed with the local organizations. The wit-ness asserted that in the membership of the chamber of commerce were all im-portant local shippers and they were the ones upon which the burden of the sepa-ration would fall. He declared em-phatically that in his opinion the un-merging of the lines would not be de-sirable.

RUSSIA ORDERS 40,000 TONS STEEL RAILS

By Associated Press.

PITTSBURG, Pa., March 12. — The Russian Government has ordered 40,000 tons of steel rails of light weight from American mills, a portion of which has been placed with the Carnegie Steel Com-pany and the Cambria Steel Company. It became known here last night. The order is one of the largest "light" rail orders placed in several years.

The Russian and French governments have also placed additional orders for barbed wire with companies in the Pitts-burg district. The last order calls for approximately 15,000 tons and is valued at more than $500,000.

"Alameda county is morally obli-gated to pass the bond issue. Had the county not have desired to do-nate this money toward the Exposi-tion it should have said so directly after the money was promised. I expect to vote for the bonds and any influence which I may have with the voters will be used in favor of the issue."—E. R. Aiken, attorney.

ELABORATE PLANS FOR CELEBRATION

St. Patrick's Day at Hayward to See Special Program.

HAYWARD, March 12.—St. Patrick's day will be celebrated here with an elab-orate program to be presented by local talent in the Mission hall Wednesday evening, March 17. Mrs. T. L. Kelly is at the head of the committee in charge of the entertainment arrangements.

Hundreds of Ships Sunk by Germans

By Associated Press.

AMSTERDAM, Holland, March 12, via London, 1:52 p. m.—The Mittig Zeitung of Berlin has published a list of mer-chantmen said to have been destroyed by the German navy since the beginning of the war. According to it German ves-sels have sunk 111 steamers with a total tonnage of 400,000; four auxiliary cruis-ers with a total tonnage of 32,500; one sailing vessel, one schooner, 8 mine sweepers and one troop transport.

Russia Expected to Declare Poland Free

By Associated Press.

LONDON, March 12, 3:43 a. m.—Reuter's Petrograd correspondent says it is understood in the Russian capital that an important decree relating to the autonomy of Poland and the recog-nition of the Polish language will be issued shortly.

URGES RAILROADS TO EXPLOIT EXPOSITION

That Eastern railways could exploit the Exposition greatly to their own advan-tage in the way of selling tickets West, if they were to display literature regard-ing the fair and otherwise urge Eastern tourists to take the trip west, is the statement of Nathan Gantz, general man-ager of the H. C. Capwell Company, who has just returned from an extended business trip East, during which he suc-ceeded in making several important mer-chandise purchases.

That many of the Eastern railway sta-tions only use small placards to announce to the world that the Exposition is run-ning and that the publicity for the fair can be improved in many lines, is the Oaklander's opinion. He also declares that the Eastern people are under a mis-apprehension as regards hotel accommo-dations and rates, and do not realize that good and reasonable accommodations may be obtained here.

"There are, however, a number of peo-ple who expressed their intention of com-ing out this summer," said Gantz. "In fact, I am advised that if all the peo-ple who say they are coming really do arrive we will scarcely be able to ac-commodate them all."

"They are now making preparations to start jitney service in Chicago and New York. This is one of the few things which we have started in advance of the East."

GREAT BRITAIN ADDS TO CONTRABAND LISTS

By Associated Press.

LONDON, March 12, 3:28 p. m.—The British government it was an-nounced today has added the follow-ing articles to the absolute contra-band list:

Wool, woolen and worsted yarns, wool tops and noils, tin, chloride of tin, tin ore, castor oil, paraffine wax, copper, iodine, lubricants, hides and all kinds of leather suitable for mili-tary equipment, ammonia and its salts, urea, asiline and its compounds.

WILL TEACH STUDENTS IN NOVEL EXHIBITION

TRIBUNE BUREAU, Panama-Pacific Exposition, March 12.—Free entrance to the Exposition, free tuition, text books and supplies and, in fact, a free business education, will be the advantages en-joyed by the students enrolled in the Standard Commercial School Exhibit at the Exposition. A model class in which actual teaching by expert teachers will be seen, is the exhibit. The students will not be chosen for brilliancy, but as aver-age pupils.

JOHNSON'S WASN'T JOHNSON'S.

Sante Johnson lives in an ark moored to the bridge across the estu-ary at Fruitvale avenue bridge. F. Johnson lives in an ark moored at the Park street bridge. The latter lost a launch, which was found by Sante Johnson. The name "John-son" on it struck his fancy. Sante looked upon the launch in the light of a derelict on the high seas and proceeded to take possession. F. Johnson found the launch in the pos-session of Sante Johnson and tried to take it away from him. The police were called and the matter adjudi-cated without any arrests being made.

MOTHERS' CLUB DANCE.

One of the bi-monthly neighbor-hood dances planned under the aus-pices of the Emerson School Mothers' Club will be given tonight in the school auditorium, Forty-ninth and Shafter streets. The affair is to be a vama-vama party and a large num-ber of young people will attend in variations of the carnival costume. Among the women who have assisted in conducting the series of dances all winter are: Mrs. O. N. Brown, the president of the club; Mrs. W. E. Leber and other members.

Meet your friends, write your letters, rest—in THE TRIBUNE Booth, Liberal Arts Building, Third Street, between Avenues C and D. You are welcome.

HERMIT DYING; STUDENTS GRIEVE

Hospitable Pioneer of Stanford Slowly Passing Into Great Beyond.

STANFORD UNIVERSITY, March 12.—The hermit is dying. Every generation of the Stanford student knows the old man of the foot-hills, and in each case there will be a feeling of regret that the mysterious host is on the point of passing. Whenever anyone passed his door the pedestrian was always sure of a hearty welcome and a glass of home made wine, the latter of which was the old fellow's pride. Now he hobbles around, stricken with dropsy—but the hospitality still remains.

Domingo Grasso, this is supposed to be his name, is a native of Genoa, Italy. He landed in America in 1869 and almost immediately came west to California. In 1875 he discovered gold on the MacDonough estate in the Portola foothills, gaining temporary fame for himself and the San Francisco banker. He was employed for many years in MacDonough's vineyard.

Ever since the university has been in existence the old man has played host to thousands of "liking" students. There was something gentle and aristocratic about the hermit that appealed—and besides the glass of wine was inevitable. His cabin was always neat as the proverbial pin, matching his personal appearance.

It is rumored that the old man was without food for many days, but this he denies vigorously, at the same time showing plentiful supply in the larder. He admits, though, that the provisions were brought to him yesterday as a gift, so it is easy to believe that his pride withheld him from asking aid from the many he had entertained.

He is assured of comfort during his illness, for San Mateo county will hereafter care for him in his home. It is evident that he will soon take to his bed, the sickness gaining on him greatly day by day.

QUARANTINE HITS MILLIONAIRE.

By Associated Press.

NEW YORK, March 12.—Virtually all of Westchester county was quarantined last night because of the discovery of hoof and mouth disease among gentlemen farmers' herds there. The order affects the country estates of John D. Rockefeller, Mrs. Helen Gould-Shepard, William Rockefeller, John D. Archbold and others. It is expected that 460 head of cattle will be destroyed tomorrow.

JITNEY ORDINANCE WILL BE AMENDED

City Officials and Drivers Agree on Changes in Municipal Law.

The jitney bus ordinance is to be amended at conferences to be held between city officials and representatives of the Jitney Bus Drivers' Association, as a result of an agreement reached at an executive session in the office of Mayor Mott today. If the ordinance is amended to the satisfaction of the jitney men, as is anticipated, the initiative ordinance filed by the association a few days ago will be withdrawn.

The meeting today proved a harmony session. The jitney ordinance has been tried out, and in several of its provisions has been found, it is agreed, to be unjust to the drivers. These matters will be amended. At the same time the regulation as to the liability bond will be made more strict.

The session was attended today by Mayor Mott and his secretary, W. H. Jordan; City Attorney Woolner, George Clarken, representing the jitney drivers, City Clerk Smith, Chief of Police Petersen and Assistant City Clerk Merritt.

Clarken made a strong talk in favor of reasonable regulation that would not be unduly restrictive. The city officials agreed that several of the matters concerning which he complained should be rectified. The jitney bus men are not inclined, unless they are forced to it, to force an initiative ordinance that would thereafter be hard and fast, and which could not be amended as conditions changed, by the city council.

The city council formally adopted reasons for refusing to pass the initiative jitney ordinance filed last week by Clarken. Clarken stated today that he considered the points made in the council statement were valid, and that the proposed ordinance could be altered before being submitted to the voters to meet the objections raised by the council. There is apparently a disposition on the part of both the commissioners and the jitney men to get together and frame reasonable legislation, which will do away with the necessity of an initiative.

The reasons adopted by the city council for not passing the jitney ordinance submitted and filed by Clarken are as follows:

"Under the present jitney bus ordinance a five-cent fare is all that can be charged within the limits of the city of Oakland. Under the proposed ordinance any fare may be charged between given points which the driver of the machine may see fit to display.

"The power of the council to revoke chauffeurs' licenses for incompetency and for unlawful acts is practically taken away by the proposed ordinance, as such acts are made subject to review by the courts, while as it now stands the decision of the council in such matters is final.

"The council proposes to amend the jitney bus ordinance now in force by providing for bonds where bonding companies or sureties shall be required to pay any final judgement rendered against the assured. The proposed ordinance does not make any such provision and if passed cannot be amended thereafter except by vote of the people. The public will therefore have no protection in case of accident.

"The proposed ordinance contains no provision for the approval by the council or any official of the bond required to be filed thereunder."

NEW SUPPORT FOR BOND RALLIES

Organizations Pass Resolutions and Plan Campaign Work.

Organizations and individuals are daily sending new endorsements of the $1,000,000 exposition bond issue to be voted on March 19, to the headquarters of the Business Men's Campaign Committee at 1527 Broadway. The campaign of education which the men and women of the county have persistently waged for the past two weeks is converting hundreds of men and women each day.

Headquarters of the "Minute Brigade" have been established at 1427 Broadway, and Mrs. Charles S. Chamberlain, commander-in-chief of the women soldiers, is appointing her captain and lieutenants in preparation for the militant campaign to be waged from today to the date of the election next Friday. There will be a woman precinct commander in every precinct in the county, who will work directly under the commander-in-chief. The "Minute Brigade" will work independently of the "Minute Men," although in each case the work will be supplementary.

The biggest mass meeting ever held in the eastern end of the county was held at Centerville last night under the auspices of the Associated Chambers of Commerce of Washington Township. Following addresses by Henry Lachman, who presided, and a number of Oakland men the meeting unanimously adopted resolutions endorsing the bonds.

A bond rally was held last night at the Garfield school, and the issue was endorsed, following educational addresses by several speakers. Another large bond meeting is scheduled for tonight in the McChesney school, East Thirty-eighth street and Thirteenth avenue. The speakers will include Mrs. Nellie Lane, Dr. George T. Pomeroy and W. D. Egilbert, Exposition Commissioner-General for the State.

Still another large meeting is to be held tonight. This is to be in the Alameda city council chambers. Roscoe Jones and George W. Reed will be among the speakers. J. W. Phillips, C. M. Wardell and Mrs. Nellie Lane were speakers last night at a big meeting in Dimond hall, in the Dimond district. More than forty Alameda residents at a luncheon yesterday pledged themselves to vote and work for the bonds. Among the speakers at the luncheon were A. S. Lavenson and Owen Hotle, of the Oakland Business Men's Committee; E. A. Hartley, Nelson G. Welburn, Rev. Frank Baker, George E. Plummer, J. H. Helmstein and H. Hauch, Alameda merchants.

ADDRESSES CAR MEN.

H. C. Capwell today addressed employes of the San Francisco-Oakland Terminal Railways at the Chamber of Commerce building. Another meeting will be held in the same place this evening.

Educators of Alameda county have endorsed the bond issue. Members of the executive committee of the National Educational Association committee, which has charge of all arrangements for the big convention in Oakland in August of this year, and which is expected to bring 50,000 visitors to the city, have issued a statement urging support of the bonds.

Those who have signed the statement are: A. C. Barker, superintendent of Oakland schools; Dr. David P. Barrows, dean of the faculty of the University of California; E. Morris Cox, assistant superintendent of Oakland schools; Dr. A. S. Kelly, president of the Oakland Board of Education; Lewis B. Avery, assistant superintendent of schools, Oakland; Charles E. Keyes, principal of the Oakland High school; George W. Frick, county superintendent of schools; W. D. Forbes, principal of the Manzanita school, and Miss Elizabeth Sherman, principal of the Dewey school. The statement is as follows:

EDUCATORS URGE BONDS.

"The educational value of any exposition is incalculable. To the children as well as to the parents the exhibits are wonderfully mind-broadening and their good effects cannot be estimated in dollars and cents.

"The Panama-Pacific Exposition is the greatest of all world's fairs and in its case the acknowledged educational value of any exposition is increased many times. Alameda county residents will get full value in this matter of education alone by contributing their share of exposition funds.

"Another matter which we consider vital is the effect that a failure to pass the bond issue will have in the attendance at the sixty or more conventions that Alameda county has secured for 1915, and secured largely because the exposition is in San Francisco. There is grave danger that if the vote on the bonds is unfavorable, thousands of Californians, who otherwise would come to Oakland to take part in one or more of the meetings, will refuse to do so. The effect of this defection on the part of visitors would be widespread and would mean a huge money loss to merchants and citizens generally.

"Because of these two reasons alone, among many others equally important, we urge the voters of Alameda county to vote 'yes' on the bond issue at the election on March 19."

WHO SEEKS WIDOW FAIR AND FORTY?

Cooks Like Chef and Wants a Suitable Spouse; Apply County Clerk.

George E. Gross, county clerk and official Cupid, will add a marriage bureau to his other departments if he receives proper encouragement. He has already been asked to find a husband for a lorn widow. She is forty, blonde, and has three children. She wrote to Gross this morning and, after requesting him to act as "go between" and find her a suitable husband, even went so far as to agree to let him pick out said husband—and to marry him if he proved suitable for a widow of forty years with three children.

"You meet plenty of men in your official capacity," wrote the widow, "and you could easily pick out the right man for me.

"I own my own home here in Oakland. I have a gentle disposition. Both my other husbands just loved me to death. I'm a good cook and can handle food with any chef in the country. I don't want a man who drinks. I had too much trouble getting my property to have some man drink it up. He must love his home.

"If you know any man who wants a wife and a home, bring him to your office and I'll meet him there. If he looks good to me—the license bureau is only a few steps away."

Gross refuses to give the widow's name. But he will try and find her a husband.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.

2. SHELBYVILLE, KY.—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.

3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 1568 Constant St., Cleveland, O.

OAKLAND CIVIC CENTER HEARS BOND ADVOCATES

Members of the Oakland Civic Center were told of the reasons why the $1,000,000 Exposition bond issue should be passed at the election next Friday, by H. C. Capwell, a member of the Business Men's Bond Campaign Committee, today. The talk was given at the regular meeting of the organization at the Hotel Oakland.

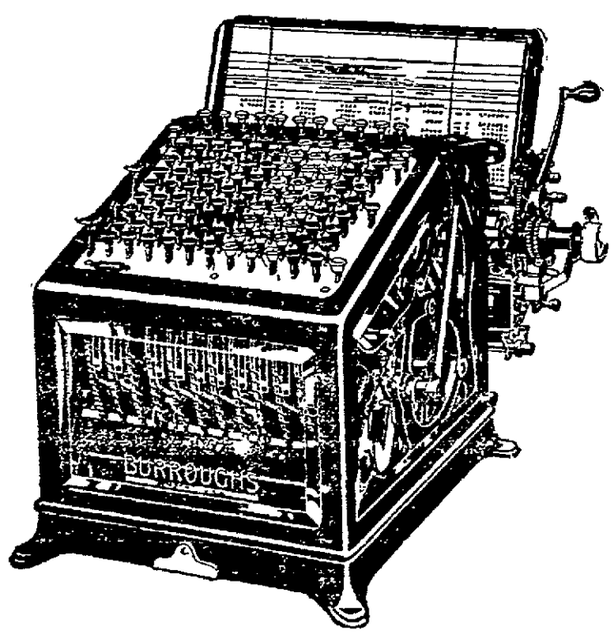

The women were also addressed by the various candidates for city commissionerships. Each speaker was limited to ten minutes.

DEPOT MUST BE ERECTED.

RICHMOND, March 12. — The Southern Pacific has been ordered to begin work on the erection of the $11,000 depot and to have it completed by July 20 of this year by the State Railroad Commission, according to information received yesterday. When the new passenger depot is completed the present wooden building will be removed to the corner of Sixteenth street and Nevin avenue, where it will be used for freight purposes.

Six Wonderful New Machines, That Add, Substract, Make Statements and Do Bookkeeping, Added to the Equipment of the First National Bank

EVER SINCE the establishment of the First National Bank, over twenty-three years ago, it has been the chief aim of the Directors and Officers, aside from affording absolute safety for deposits, to provide facilities and equipment which will assure our customers the maximum of convenience and satisfaction in the handling of their financial affairs.

Pursuant to this policy, six of the latest time-saving devices have been purchased for the keeping of accounts and the rendering of statements. On and after March 13, 1915, therefore, an improved form of statement will be issued, which, we believe, will be superior to the old method.

Will Span Ages In Orient Scene

Society Leaders to Hark Back Through Centuries to Buddha

A Chinese temple with the Emperor of China gorgeous in gold brocade prostrate before a great bronze Buddha will be a picture of the Orient translated to "Wildwood" Sunday afternoon.

There have been other unusual entertainments at the Frank Havens place in the Piedmont hills, but none more beautiful than the pantomime of ancient China to be presented Sunday.

The Chinese room with its carved teak and old embroideries will be the setting, and fragrant, drifting smoke from gleaming incense burners will emphasize the "atmosphere." Gathered there will be an interesting company, the William Randolph Hearsts, Adolph Spreckels and other distinguished visitors to the Exposition among them. But their twentieth century Occidentalism will be lost in the environment.

The emperor is to be impersonated by Hubert Stoutts, a young university student, who will represent the Manchu ruler's attainment of Nirvana. His soul's unrest and final peace will be interpreted in pantomime and dancing. Clashing cymbals and the music of pipes will be an accompaniment. But a point in realism will be strained with violins and the more gracious harmonies of a Western orchestra at the end.

Still, a weird impressive scene of alien beauty that will carry a modern party of the Occident back centuries into the mysterious East.

MARRIED U. S. EMPLOYES MUST PAY EXPENSES

By Associated Press.

WASHINGTON, March 12 — Government employes who travel with their wives cannot expect the government to bear any share of the expense incurred on that account, according to a ruling just announced by Comptroller of the Treasury Downey, whose word in such matters is final.

The decision was in the case presented by D C Stutler, an employe of the Department of Justice Stutler turned in a bill for expenses for four days at a hotel in West Virginia with his wife, asking the government to pay the amount he had been charged when he previously occupied the room alone This claim was refused and Stutler was allowed half what the room cost.

LAMBARDI CASE ENDED.

SAN FRANCISCO, March 12.—The charge of violating the state labor law in failing to pay his singers against Mario Lambardi, the aged grand opera impresario, was dismissed yesterday in the police court. The complaining witness, a member of the company which disbanded a few nights ago, failed to appear.

If no promise had been made at any time there is upon us an honorable obligation to vote this money.—Colonel John P. Irish. Exposition bond election March 19

Make your food more tempting with Cottolene

For making cakes, pies and pastry—for all shortening and frying—Cottolene is *supreme.*

Cottolene is an exact combination of the purest, richest, most carefully refined cottonseed oil and the choicest beef stearine obtained from selected, high grade leaf beef suet. Cottolene is itself one of the purest of pure foods.

Cottolene makes foods more digestible—more wholesome—makes them taste better. Use it for *every* kind of shortening and frying and for making cakes and pastries.

Cottolene

For a quarter of a century Cottolene has been growing steadily in favor. It is not offered as a substitute or as being "just as good" as other shortening and frying fats. It is an *original* product and *better* than anything else that you can use for shortening or frying. Insist on getting *real* Cottolene.

Cottolene is ready for use as you take it from the pail. It creams up beautifully and blends readily with the flour.

Use a third less of Cottolene than of any other shortening or frying fat. You can use it over and over for frying. Cottolene does not absorb tastes or odors. Always heat Cottolene slowly.

Pails of various sizes, to serve your convenience. Arrange with your grocer for a regular supply.

Write our General Offices, Chicago, for a free copy of our *real cook book*—"HOME HELPS."

MILLION AND HALF PASS FAIR PORTALS

Attendance Record at Panama-Pacific Record Breaker.

TRIBUNE BUREAU, Panama Pacific Exposition, March 12.—With the dedications of several foreign palaces, numerous important county days and a number of notable affairs of added interest, the Exposition today completed a week of unparalleled activity in big fairs and reported an attendance figure that indicates the million and a half mark being passed within the next thirty-six hours.

Formal openings of pavilions and the special county events brought exceptionally large crowds to the big show. This morning, when the gates opened, the attendance figure for the time since the Exposition opened its doors stood at 1,439,393. Yesterday's attendance totaled 43,093.

With messages of good will from Queen Wilhelmina and the elaborate ceremonies of Holland cementing the friendship between the Netherlands and the United States, the Netherlands dedication yesterday was elaborate. The big Marin county dedication and its ceremonies were another brilliant feature of the fair. Yesterday's salmon festival was also notable, when pretty girls, dressed in appropriate costume, impersonated the famous fish of the north.

The polo contests at the Exposition are the next feature of interest. A match Tuesday between Pasadena and Cooperstown teams will open the series.

Four entries have been made for this event, the other two being San Mateo and the Philadelphia Country Club teams, which will be matched against each other on Saturday afternoon, March 27. For the championship the victorious team of each of these matches will meet on Saturday afternoon, April 3.

All of these games will be played on the exposition field, and "on the flat," or without handicaps.

The line-up of the teams will be as follows:

Coopertown—F. S. von Stade, No. 1; C. C. Rumsey, No. 2; Thomas Le Boutellier II, No. 3; Malcolm Stevenson, back.

Midwick—Carlton Burke, No. 1; J. Watson Webb, No. 2; Frederick McLaughlin, No. 3; Hugh Drury, back.

Philadelphia County Club—Howard Phipps, No. 1; Stanley Stokes, No. 2; E. Lowber Stokes, No. 3; Paul D. Mills, back.

Other games will take place between these championship teams and the exposition team, which will be announced within a day or two as the schedule is worked out further.

Besides the practice games which the army teams are having daily in the Park stadium, play is going on down the peninsula. Yesterday a game took place on the San Mateo field, for which several of the Eastern players and army men went down, and Saturday they will practice on the Carolan field at Burlingame and on Sunday at San Mateo.

Meet your friends, write your letters, rest—In THE TRIBUNE booth, Liberal Arts Building, Third street, between Avenues C and D. You are welcome.

LONGSHOREMEN STRIKE: RUSSIAN SHIP WAITS

By Associated Press.

VANCOUVER, B. C., March 12.—The sailing of the Russian volunteer fleet steamer Yaroslavl for Vladivostok with American-made cannon and ammunition for the Russian army has been delayed by the strike of longshoremen here. The ship will not get away until Saturday or Sunday. No more Russian steamers are on the way from Siberia and the volunteer fleet service, which is said to have been of great importance to the Russians in supplying the army with heavy guns, will be discontinued temporarily.

MYSTERY TRUNK IS SOUGHT BY POLICE

CHICAGO, March 12. — A trunk full of gun cotton declared to be the property of Dr. Herman Bodenheim, and believed to have been shipped from New York on a passenger train for San Francisco, was sought by Federal agents today in connection with their investigation of Bodenheim, arrested in St. Louis yesterday charged with having unlawfully transported explosives. The agents said the trunk contained enough high explosive to wreck a train or a railway station.

Dr. Bodenheim is said to be a manufacturing chemist of New York. One explanation of the supposed routing of the explosives by passenger train was that by shipping it in a dry state instead of the usual wet condition, the shipper had been enabled to undersell competitors.

The shipment is said to have been traced through St. Louis and Kansas City and to be now speeding across the western country.

It is expected Dr. Bodenheim will be given a preliminary hearing before a United States commissioner here tomorrow.

NEW TRAIN SERIES OVER SANTA FE ROUTE

T. A. Rigdon, passenger agent, Atchison, Topeka & Santa Fe Ry. Co., has just received a telegram from John J. Byrne, assistant passenger traffic manager, Los Angeles, that the Santa Fe will commence on Saturday, March 13, to operate a new tourist car service between Oakland and Los Angeles.

The Santa Fe will operate this car leaving Oakland daily at 11:55 p. m., and will give passengers the option of occupying the car from 9 p. m.

Byrne has also issued announcement that passengers holding second class tickets for use on the "Texan," the Santa Fe's new train, can use first class Pullman standard sleeper from Clovis to New Orleans.

RECEPTION TO NETHERLANDS WAS BRILLIANT FAIR FUNCTION

MISS ALICE VOORSANGER, DAUGHTER OF C. VOORSANGER, NETHERLANDS COMMISSIONER TO THE EXPOSITION. HER COSTUME IS NATIVE.

TRIBUNE BUREAU, Panama-Pacific Exposition, March 12.—One of the most elaborate social affairs of official Exposition history took place yesterday at the Netherlands' dedication ceremonies, when, after the exercises proper, an elaborate reception was held. Commissioner-General and Mrs. Torchiana were the honored guests of the occasion, the affair taking place in the lobby of the Netherlands building, and marking a new departure in national dedication affairs.

Mrs. Alice Voorsanger, wife of the Dutch commissioner, and several San Francisco society leaders, were among the prominent women in the receiving line.

The reception after the dedication was an innovation in such ceremonies, it is declared, and the plan has proven remarkably successful at the Exposition events.

KERN COUNTY GIRLS GIVE MARINES ORANGES

TRIBUNE BUREAU, Panama-Pacific Exposition, March 12.—Kern County dedication ceremonies were held today with pretty girls and oranges as the principal features. The honored guests were the marines, a company of them visiting the exhibit after the morning drill, when they were presented with golden fruit and poppies by the bevy of Kern county maidens in charge of the booth.

The official band and the Exposition guards headed the Kern county procession and C. A. Barlow, Kern county commissioner, acted as chairman of the day.

The Kern county officials received informally after the dedication.

DIVORCED AND RE-WED AT 15.

WEBB CITY, Mo., March 12.—Divorced and married again within 24 hours at the age of 15, is the record of Grace Tucker of this city, now Mrs. Willie Shadwick. At the tender age of 12 Grace Tucker was married to Mirt Jamerson, 20 years old. After two years they separated. She was granted a divorce a few days ago, pleading that she had been forced into the first marriage by her relatives. Her maiden name of Grace Tucker was restored and the next day Miss Tucker, with the consent of her mother, was married to Willie Shadwick.

ESPERANTO CONVENTION TO BE INTERNATIONAL

TRIBUNE BUREAU, Panama-Pacific Exposition, March 12.—The Esperantos are to meet in connection with the Exposition in August and today Director Barr of the bureau of conventions of the Exposition sent out thousands of announcements to the various societies of Esperantas all over the world. These were headed, "Internacia Esperantista Kongreso San Francisko, 22-29 Augusto."

A copy of the 35-page Exposition fact books translated in Esperanto with the fairly deciphered entitled "Ekspozicia Fakt-Libro" is going with each announcement and will carry news of the Exposition and information about California into forty-seven lands.

The congress will be the eleventh of its kind and the second in North America. It will be decidedly international.

The committee of arrangements is headed by Professor H. B. Langille of the University of California.

WAGNERIAN CONCERT AT EXPOSITION SUNDAY

TRIBUNE BUREAU, Panama-Pacific Exposition, March 12.—A Wagnerian concert, under the direction of Max Bendix, conductor of the official orchestra a the Exposition, will be one of the elaborate features of Sunday's program at the Exposition. The concert will take place in Festival Hall at 3 o'clock.

The overture to "The Flying Dutchman" will be followed by "Siegfried's Idylle," a composition of Wagner that is not found in the score of any of his operas. After Siegfried's "Trauer Marsch" from "Die Gotterdammarung," Walther's prize song from "Die Meistersinger," for which Wilhelm arranged the violin solo, will be played by the orchestra of eighty men and the program will be brought to a close with the "Vorspiel" from "Die Meistersinger."

Military Activity in Japan Significant

By Associated Press.

TOKIO, Mar. 12.—The public interprets naval and military activities of Japan as evidence of the government's impatience at the procrastination of China on the Japanese demands. The semi-official press characterizes as danger delusions "the idea of the Chinese that Japan is not determined to insist on its demands and that they lack the support of the people."

ENGLAND IS HEARD.

LONDON, March 12.—Replying to a question in the House of Commons yesterday regarding the Japanese demands on China, Neil Primrose, under secretary for foreign affairs, said, "The British government has no objection to the expansion of Japanese interests in China, provided such expansion in no way inflicts injury on British interests." He added, answering a question "It is one of the objects of the Anglo Japanese alliance to secure the integrity of China."

MILITARY MOVEMENTS START.

YOKOHAMA, via Tokio, March 12.—The dispatch of Japanese garrison troops to Manchuria and Northern China which has been confirmed, has centered the attention of the country upon the negotiations for concessions from China. The newspapers express the belief that these military movements are in preparation for eventualities in case China declines to accede to Japan's demands. It is their opinion that the old garrisons will remain until the negotiations are concluded satisfactorily.

"Alameda county should certainly do its duty by the exposition and vote for the bonds. If any county benefits from the exposition it will be Alameda county. The voters should have enough pride in the county's moral welfare to make good the promise given when the location of the fair was in doubt."—James P. Montgomery, attorney.

MISSOURI TO SHOW AT FAIR TOMORROW

Noted Men From Land of Benton to Aid in Home Dedication.

TRIBUNE BUREAU, Panama-Pacific Exposition, March 12.—Missouri dedicates tomorrow. With a number of California's most famous men in attendance and as speakers for the occasion, and with elaborate exercises, the "Show Me" state is to reverse custom, and show the world something.

Noted Californians hailing from the state of the corn cob pipe and sorghum mills will be in charge of the ceremonies, among these being:

General Tirey L. Ford, formerly state prison director of California; Major-General Arthur Murray, U. S. A., in command of the Western Department of the Army, and Vice-President M. H. De Young of the Exposition.

A feature of the ceremonies and the social hour which is to follow them will be the presence of a reception committee of fifty well-known California women, all of whom formerly lived in Missouri. Mrs. R. C. Bogle heads this committee, which includes also Mrs. Arthur Murray, Mrs. M. H. De Young, Mrs Tirey L. Ford, Mrs. Phoebe A. Hearst, Mrs. J. O. Davis, Mrs. E. D. McNear and Mrs. Walker C. Graves.

The exercises are to be under the auspices of the Mississippi Society of California, which was chiefly instrumental in securing Missouri's participation in the Exposition. Tirey L. Ford is president of this society and will act as chairman of the ceremonies. He will be assisted by General Murray and Mr. De Young, both of whom will deliver addresses.

After music by the marine corps band and an invocation by Rev. Dr. J. E. Squires, the handsome Missouri home will be formally presented to the Exposition by Chairman Ford. On behalf of the Exposition President C. C. Moore will make the speech of acceptance. Others who have accepted invitations to speak are Governor Johnson, who promises to be on hand if the legislature does not convene tomorrow; Mayor Rolph and William Bailey Lamar, chairman of the United States Commission to the Exposition.

"I certainly am in favor of the bonds. Alameda county will do well to pass the bond issue and invest $1,000,000 in the capital stock of the Exposition. It's an obligation which every voter owes to the success of the Exposition which will no doubt reflect just as much credit on Alameda county as on San Francisco."—H. W. Pulcifer, attorney.

TRAP MONSTER FIGHTING RAT.

JOLIET, Ill., March 12.—A rat so large that he was wedged half way in the mouth of the largest rat trap obtainable in Joliet was discovered in a cafe here. After an all-night struggle to extricate himself, the animal desperately battled to escape death from a crowd which gathered to see the "record breaker." Measurement, which followed the execution, showed the animal to be 20 inches long from nose to tail tip, weighing nearly five pounds, and with claws an inch long.

ROTH'S ARM IS TOO MUCH FOR CATCHER PRICE

Young Oak Backstop Is Kept From Tieing Score by Sox Outfielder.

(By BILLY FITZ.)

Though the Oaks lost to the Chicago "Goofs" yesterday 1-0, they appeared to better advantage than when they tied the visitors in ten innings last Sunday morning. Their fielding was clean cut, the pitching excellent, and they out-hit the visitors, losing only because of the wonderful arm of Centerfielder Bobby Roth, who tossed the heavy-limbed Price out at the plate following a sacrifice fly that would have scored almost any other man on the team. At that, Oakland fans have still to determine to just what extent the infield will be strengthened with Ness at first, Alcock at short and, perhaps, Bill Lindsay at third. None of these three men were in the line-up yesterday, all being on the sore arm list. Jack Ness' condition may necessitate a trip to Los Angeles and a visit to Doctor Spencer, who is the "Bonesetter Reese" of California. Ness has two twisted ligaments in his shoulder, the same ones that bother him every spring.

Fortunately, the club is better supplied with first basemen than almost any other line of baseball material, except the pitchers. Big Paul Koerner played a dandy game around the initial pillow yesterday and smashed the ball with terrific force. Once he nearly tore a hand off Thirdbaseman Breton with a drive that the latter could not handle.

Rube Gardner is patiently waiting his opportunity, also, and is in the best condition of any man on the club.

"Dutch" Klawitter and Charley Pruiett, who worked yesterday, against the deadly Scoggins, showed almost mid-season form. Pruiett escaped without any damage at all, while Klawitter might have been spared the one run against him with a little faster defensive work and a break in luck.

TRAINING CAMP NOTES.

Disgusted with the lack of interest shown by San Jose fans in the Salt Lake team, Manager Cliff Blankenship is talking about removing the club to Watsonville.

Harry Wolverton and a squad of 20 Seals arrived in San Francisco this morning prepared to tackle the White Sox at Recreation Park at 2:30 unless rain interfered. The boys who comprise the party are: Pitchers Pernoll, Reisigl, Smith, Benham, Fanning and Barham. Catchers Schmidt, Clark and Sepulveda. Infielders Heilmann, Downs and Jones. Outfielders Schaller, Bodie, Fitzgerald, Tobin, Baerwald and Melean and Trainer Carroll. Baerwald and Reisigl will be new faces to the fans. Corhan and Leard were already here.

Have you heard the definition of a White Sox batting rally? It's "two walks, an error and a sacrifice fly." But it really is funny that Comiskey's men seem always shy on the woodwork.

Lena Blackburn, shortstop of the White Sox seconds, left for Los Angeles last night to join the first team. Buck Weaver is sick and Blackburn will step into his job. Blackburn appears slated for the utility job. Sammy Bohen, the San Francisco recruit, will play short until he has to leave the squad to join the Lincoln club of the Western League.

Several changes are to be made in the White Sox seconds in the next few days. It is understood that either Berger or Breton will be turned over to Venice.

The latest bunch of pinochle players at Pleasanton to be forced is the Charley Pruiett gang. This gang consists of Pruiett, Ness, Guest and Lindsay. Ness and Pruiett are partners and challenge the other two, following their defeat tonight. The best that Pruiett could do tonight was to hold 15 trumps 100 aces and 40 pinochle.

KOERNER AND RUBE WILL BE KEPT

Both Phil Koerner and Rube Gardner will be kept on the Oakland club this season, according to present indications. One is a left-hand hitter and one a right-hand hitter, and they will alternate in the utility role at first base and right field. The problem of how to carry two utility infielders will be solved by cutting down the catching staff to two men instead of three. The fact that Phil Koerner in a pinch can go behind the bat will make this plan feasible.

The fact that Jack Ness is experiencing trouble with his arm may mean that either Gardner or Koerner may be used almost regularly during the opening month of the season. The lead-off position will fall to Daniels unless he falls down in his hitting. Middleton will be in center and Watson in right. If Lindsay rounds to form he will have the call over Litschi at third, and Louis will have the call over Guest for the utility role, because of his hitting.

RITCHIE DEFEATS FREDDIE WELSH IN BLOODLESS BATTLE

Ex-Champ. Has Every Round Easily, But Carries No Knockout.

By Associated Press.

NEW YORK, March 12.—Willie Ritchie of San Francisco, former world's champion, outfought and outpointed Freddie Welsh of England, the present title holder, in every round of a fast ten round bout here last night.

Odds were 7 to 5 on Welsh.

All through the fight Ritchie did the forcing, while Welsh spoiled some of his good work by holding in several rounds.

Ritchie at no time during the bout gave his backers any concern. He rushed all over the ring, sending lefts and rights to the head and body, and the body punishment being the more severe.

Welsh ducked cleverly in the opening round and Ritchie's blows did not seem to have much sting. In the second, Ritchie stepped into a hard right uppercut and while he forced the pace the Englishman failed to open up.

In the third, Ritchie did nearly all the work, his two most telling blows being a right drive over Welsh's heart, and a right cross to the jaw. Welsh kept ducking away in the fourth, but Ritchie landed a straight left to the face, followed by two short right uppercuts. Welsh caught Ritchie with a right hook as the Californian was coming in, but Ritchie had the honors of the round easily.

Welsh avoided a good deal of punishment in the fifth round by clever foot work and in the sixth showed to better advantage, landing on the body and head several times, but he failed to take the lead from the Californian.

Ritchie drove right and left to the body in the seventh, and Welsh kept dancing away, to hoots from the spectators and cries of "Why don't you fight?"

In the latter part of this round, Ritchie chased Welsh all over the ring.

In the eighth Ritchie forced Welsh into a corner and hooked a hard left to the jaw, then crossed his right to the head and again to the body. Both were landing on the body at the bell.

Ritchie kept up the same rushing work in the ninth and tenth rounds and the champion never was able to gain the slightest advantage. Neither man showed any marks of the bloodless battle. At 2 o'clock in the afternoon both fighters weighed under 135 pounds, according to agreement and the ringside weights showed that neither had gained more than a pound. Two previous contests between the two men were awarded to Welsh.

HANS JOHNS TO LEAD LIVERMORE

LIVERMORE, March 12. — At a meeting held here at which many prominent men of this town were present, Hans Johns was elected baseball manager for the season. Until suitable grounds have been located the team will play all their games away from home. New suits have already been ordered.

Manager Johns has an abundance of material from which to pick his team. Among the aspirants for a place on the team are Allen, Martin, Selaya, Toos Brown, a former State leaguer; Spencer, Mitchell, Harder, Young, Silva, Robinson, Holmes, Draghi and Garbini. A practice game will be played a week from Sunday at Brentwood.

All teams wishing games write Manager Hans Johns, Livermore.

FREMONT ALL-STARS TO BE FORMED

A team known as the Fremont All-Stars is about to be organized and will be composed of graduates of the green and gold school who have scintillated in the past. The team will be under the management of Harry Morse, captain of the championship 1912 team.

Games have been scheduled with the various high school teams about the bay. Some of the cracks who have worn the Fremont uniform in the past are "Red" Baldwin, "Lefty" Pease, Harry Morse, Al Clark, Bernie McDonald, Frank Fields, Dick Bauer, Sport Guarini, "Steve" Weeks, Earl Hammond and others of lesser fame.

Wins A. C. A. L. Championship

This is CAPTAIN LOUIS BOYER, who piloted Oakland Tech to the A. C. A. L. title over the Berkeley High yesterday afternoon.

"Tech's" victory enables them to contest in the finals for the state championship.

Tech Springs Surprise on Berkeley and Grabs Title

In a fast and exciting game which was witnessed by a crowd of over 3500, the Oakland Technical high basketball team won the Alameda County Athletic league championship yesterday afternoon by a score of 32 to 22 at Piedmont pavilion.

The Techs outplayed Berkeley in every department of the game and although their opponents tried hard to check the wonderful offensive work of the winners, the Techs put up a brand of ball that completely overshadowed that of the Berkeley team. Tech's victory over Berkeley gives them the title for the first time since 1912.

It was a case of too much Hjelte and Boyer coupled with the sterling playing of Ham Lorimer and the postage stamp sticking qualities of Vinnie Irish and Vaughn Miller. At times during the first half, the Techs were sorrowfully lacking in team work and the Berkeley scoring machine was given several chances of which they did not take advantage. The Techs got going, however, and before the second half was far gone, they were playing a brand of ball that completely bewildered Berkeley.

Berkeley started after about ten minutes of play by registering a basket, Jack Symes. Berkeley's individual star turning the trick just after he had manipulated a foul goal. The game was up and down for about five minutes, some beautiful passing work by the guards of both sides, featuring, when "Mush" Hjelte, Tech's center, shot a basket. After Symes had missed a foul shot and Boyer had missed two, Vaughn Miller shot a goal from the center of the field and placed Tech in the lead from where they were never headed.

Lorimer shot a moment later for Tech, while Symes did likewise for Berkeley.

A while later, Louis Boyer passed to Lorimer from the center of the field, Lorimer registering a goal. Hjelte then shot for Tech, while Montgomery shot a goal for Berkeley.

Three goals by Tech and two by Berkeley ended the scoring in the first half, Tech, 18; Berkeley, 13.

In the second half, Tech outplayed the Berkeleyites in every department of the game. Louis Boyer's wonderful basket shooting and the general all round work of the Techs featuring. Five field goals and two fouls by Louis Boyer, together with two goals by Lorimer brought Tech's total up to 32 in the last half, while two field goals by Jack Symes together with five fouls brought Berkeley's total to 22.

The lineups:

Berkeley—Forwards, Montgomery, Brigden, Matignon; center, Symes; guards, Nevin, Frunk, Maybeck.

Tech—Forwards, Boyer, Lorimer, Lawson; center, Hjelte; guards, Irish, Miller.

Boyer, five field goals and two fouls out of seven chances; Hjelte, four field goals; Lorimer, four field goals; Miller, two field goals. Total, 32.

Berkeley—Symes, three field goals, six fouls out of ten chances; Montgomery, three field goals; Nevin, two field goals. Total, 22.

Referee—Burns.

WHO WANTS A FREE SEASON PASS?

All you fans who can use a season pass good for any Coast League park on the circuit at any and all games this year, read Sunday's sporting pages and the rules governing THE TRIBUNE'S 15-day contest.

In addition to the season pass, there will be ten passes to the opening game on the local grounds. The contest won't cost you a penny in any shape or form, and will take very little of your time, only you have to be familiar with Coast League players, and be able to identify certain photos under a handicap. Full details are printed each evening in THE TRIBUNE green, the sporting edition that contains all the latest news of the day. Get it tonight.

ILLINOISANS TO BE WELCOMED IN TRUE U. C. STYLE

BERKELEY, March 12. — Athletes from the University of Illinois will be treated in true California style when the track team from this university arrives here on March 29 to prepare for the California-Illinois track to be held on April 3. The committee in charge for this day gave the evening of April 3 as the time on which a dance can be held in honor of the visiting athletes.

The team will also be given trips through the Exposition and the various places of interest when they arrive and special cooks and servants will be installed in one of the fraternity houses on the campus to insure the best of care for the team, who will be housed near to the new track.

This day will be a memorable one in the history of California athletics, and special plans have been made to dedicate the new field, called "California Oval" until a permanent title is selected. Races between some of the old heroes of the cinder path are to be staged.

It was rumored that Hoehman, star sprinter of the "Illini" team and record holder for the sprints of the last conference, would be unable to make the trip, which immediately caused great joy in the ranks of the California team, as this individual is conceded the fast time of 10 flat in the hundred and 22 seconds in the 220 yards. Nothing further has been heard as to the cause of the probable absence of Hoehman and it is thought that this advice was groundless and only one of the usual bursts of excitment which precedes a big meet.

The California men are being worked out daily on the old path as the new oval is not ready for the spikes and Coach Christie has staged several interclass preliminary meets in order to get his men in shape for the first contest.

Jimmie Todd, veteran in the quarter mile, and Captain Eddie Stanton are rounding into shape with great speed and Coach Christie is seen to smile more each day these two performers appear on the track for their daily jog. The freshmen are also building up a strong team with which to go against U. S. C. and some "prep" school stars are fast being turned into likely candidates for varsity material.

PLEASANTON OPENS SEASON SUNDAY

PLEASANTON, March 12. — The town club will open its season here Sunday against the Oaks. "Speed" Martin will pitch for Pleasanton and George Tubbs, former State league, will be behind the bat. Manager Gale has signed up Clark Boldt for an outfield berth. Boldt's homers last season were a big feature. It looks as though Pleasanton has an exceptionally fine team with which to start the 1915 season.

BERKELEY HIGH HAS PROBLEM IN BASEBALL TEAM

Only Two of Last Year's Championship Team Are on Hand for 1915.

Manager Herb Edgar of the Berkeley high school baseball team is whipping his charges into fine form. Of the men who represented last year's winning team, only Irv Nevins is back, and he is not playing the same position as last year. Instead of a first baseman, he is now a full fledged third sacker. Edgar was a sub on last year's team.

Alfy Palmgren, last year's catcher and one of the nittiest high school backstops in the business, is now playing Sunday ball with the Berkeley Wawonas, while Morale Berkeley high's star pitcher last year, is out for the University of California freshman team. Boldt, captain, outfielder, and sub-pitcher last year, is now playing semi-pro ball in Hayward, while Archie Rubart, shortstop last year is now a prospective member of the 1915 St. Mary's Phoenix team.

"Reb" Richardson has registered in the University of California and was a member of the U. C. freshmen football team last year, while this season he is out for the position of second base on the freshmen baseball team.

On third last year was Bill Daniels who has since then graduated and is now a star member of the Berkeley Owls, while Bobby Smale, Berkeley's clean up hitter and star outfielder last year, is now attending Oakland Technical high school.

In place of last year's vets, Manager Edgar has Ottoman, a fast fielder, in place of Nevin who is now holding down third in great fashion. Priest, a fairly good all round ball player although a woefully weak hitter, is holding down second in place of Richardson, while McGown, president of the Berkeley high school student body, has filled the gap left vacant by the brilliant Rubart, but not completely, for Rubart left too big a hole to plug up in so short a time.

In leftfield, Price has succeeded Bobby Smale, and although he is not the finished batsman and fielder that Bobby was, he carries a healthy wallop and his hitting promises to chase several runners around the bags this season.

Herb Edgar will take care of center, while Johnny Farrel will be seen in right. Edgar is a fine fielder and a fair hitter, while Farrel is a weak hitter but a great fielder.

In the pitching box, Berkeley is considerably weakened, for McCord is the only dependable twirler on the team at the present time. George is only a mediocre sort of a slabster. He does not carry much speed, but is as steady.

Behind the bat, Bercolli, a husky Italian lad, who hits hard, is the mainstay. Bere is hardly the finished product that Palmgren was but he is almost as heavy a hitter and is always working hard. Figuring it out man to man, Berkeley is about 35 per cent a weaker hitting outfit this year than last, and about as good a set of fielders.

BEAVERS' FIRST OUT WITH BATTING ORDER

FRESNO, March 12. — Walter McCredie, manager of the Portland Coast League team, has announced his regular line-up for 1915. In addition to the eight men selected for regular jobs in the outfield, on the diamond and behind the bat, four pitchers, all holdovers were selected. The regular line-up and batting order for the season follows:

Coltrin, shortstop; Derrick, first base; Doane, right field; Stumpf, second base; Speas, center field; Lober, left field; Davis, third base. Carisch and Fisher, catchers.

The four pitchers definitely assured of positions during the next year are Evans, Higginbotham, Krause and Martinori. Lush and Risgarare are also certain to be chosen, although McCredie made no announcement to this effect. Higginbotham has been selected to open the league season.

Bears Want to Crush Chinese Who Defeated Cardinal 10-7

BERKELEY, March 12. — Contrary to first advices from Nat Strong, manager of the Chinese university of Hawaii baseball team which is to meet the University of California nine tomorrow on California field, the coming contest will not be the first game the Orientals play in the United States as they were successful in hanging a defeat on the Stanford team yesterday, by the score of 10 to 7.

This game gave the dopesters a chance to compare the strength of the Chinese and California teams as Stanford and California are about as evenly matched this season as they have ever been before and with the defeat of Stanford at the hands of Ako and his tribe, it is thought that California will have to hustle to win tomorrow's contest.

In the game with Stanford, the easterners found Hoover, the cardinal twirler, for eleven hits in the nine innings and piled up three runs in the first inning with each side being credited with errors in abundance, Stanford having seven and their opponents four. This batting streak in the Chinese was unlooked for and is something seldom seen in an Oriental team. The men played the speedy fielding game that has made them noted and also performed well on the paths, giving Coach Jimmie Schaeffer some worry as to the chances of his team.

California, on the other hand, improved its chances when it took the trip to Santa Clara yesterday and was defeated by the strongest team the southerners have turned out in a number of years by the score of 7 to 5. Neither McMillen or Gefkin were in form and the Santa Clara runs came in bunches. With these two men going good and the slugging outfield of Schaeffer in batting trim, the two teams should be evenly matched.

With this game in sight for Saturday afternoon, the annual Freshman-U. S. C. contest scheduled for the morning and the interclass track and field meet also on the card for the afternoon, the sport enthusiasts at the university should put in a busy day.

BILLIARD NOTES

W. T. Cleverdon and Milo Condon played the first game in a contest for the three cushion billiard championship of Alameda county at the Oakland billiard parlor last night. The game was a beautiful exhibition as both champion and challenger were in good form, usually scoring at every possible opening that presented itself. Condon acquired a lead of eight points in the early innings but Cleverdon caught up with him by the time they had played half of their string out and from then on it was an even battle.

Condon finished first, one point in the lead on the night's play, 50 to Cleverdon's 49. A slight change was made wherein the number of points per game was increased from 40 to 50. Tonight's game will finish the contest.

AMATEUR BASEBALL

The Olympic club baseball team will play the second game of the series with Santa Clara college on the college diamond tomorrow. With Horwedge in the box, the clubmen defeated the Mission players last Saturday, 5 to 3. Tom Hickey, who had an opportunity to sign up with Connie Mack of the Athletics last year, was in the box for the college men, but was hit hard by the heavy suckers of the Winged O aggregation. Sunday the collegians defeated Cliff Blankenship's Salt Lake team, and now feel that they will redeem themselves when they again tackle the clubmen Saturday.

BRAVE BREAKS ANKLE.

MACON, Ga., March 12. — William Martin, infielder of the Boston Nationals, broke his right ankle while practicing here yesterday. Manager Stallings said Martin would be sent to his home in Washington.

KING, Herb Specialist, 501 10th St., Near Washington, Oakland, Cal.

Close races and comedy features marked the Olympic Club swimming championships held on Wednesday night in the club pool. Three events for the first team swimmers resulted in finishes in which only the judges could pick the winner. The thirty-three and one-third-yard race, one lap in the pool, called forth nine starters. Eugene May, a new swimmer, won the race by inches from Randy Flood, the Lowell High school star. The time, 18 3-5, was very creditable considering the crowded tank. Third place went to Harold Emmal.

Wm. R. McWood, the veteran sprinter, accomplished a come back by defeating the cream of the club's swimmers over 50 yards. Close behind McWood was Gus Rissman, another new swimmer. Rissman has just returned from New York where he acquired a fast drawl stroke. Four men were tied for third place. They were Murray Benton, A. Murphy, George Bond and Herb Jensen.

Ernest Smith won the 100 yard event by a small margin from George Lindsay. This race was well contested by six fast century specialists. Edwin Booth, of the University of California managed to capture third.

The younger swimmers of the club showed to good advantage in a series of races. Young Lisle of the midget division showed a phenomenal burst of speed for one his size, when he won the one lap race in 25 1-5 seconds.

The comedy events were furnished by the Olympic aquatic clowns. George Baker, Otto Schultz, Chas. O'Day, Chas. Small and Tom Guerin were the big show in a funny act, entitled "Fun in a Barber Shop." Another event in the comedy line was the novelty race, in which the competitor swam through a life preserver, donned a suit of clothes, and swam back from the end of the tank with an umbrella over his head.

After high and fancy diving a water polo game took place. E. Smith's Whites defeated Otto Schultz's Reds by a score of 4 to 2.

The following are the results:

Midget race, 33 yards—Won by Lisle, Haverside second and Rethers third. Time, 25 1-5 seconds.

Intermediate race, 50 yards—Won by David; Cheney, second; Julien, third. Time, 31 seconds.

Special, 33 yard race—Won by Eugene May; Randy Flood, second; H. Emmal, third. Time, 18 3-5 seconds.

Open 50 yards—Won by Wm. R. McWood; Gus Rissman, second; Benton, Bond, Jensen and Murphy tied for third. Time, 27 3-5 seconds.

Open 100 yards—Won by Ernest Smith; Geo. Lindsay, second; E. Booth, third. Time, 1 minute 3-5 seconds.

Bundfold race—Won by G. Herrington, McWood second.

Fancy and high diving—Won by W. Williams, second, Donald Day, third, B. Beck.

Water polo—Won by Whites; E. Smith, G. R. Eseleur, Waltenspiel, Kiser, Day, Johanson, Pomeroy.

SOX DEFEAT ANGELS BY LATE RALLY

LOS ANGELES, March 12. — Oscar Horstman had a second chance at the Chicago White Sox and for four innings—from the beginning of the sixth to the end of the ninth—Oscar hurled brilliant ball. Then, in the tenth, with the score two-all the Sox started slugging the ball, five hits netting them five runs, and the final score was White Sox 7, Los Angeles 2. Eddie Collins got four hits. The score:

	R.	H.	E.
White Sox	7	11	0
Los Angeles	2	7	2

Batteries—Scott and Mayer; Perritt, Horstman and Boles.

WELSH FIGHTS SHY OF C. WHITE

CHICAGO, March 12 — Freddie Welsh, the lightweight champion, has declined an offer of $12,000 and $500 for training expenses to meet Charlie White of Chicago in a 20-round championship contest, it was announced today.

A syndicate of Denver, Colo., men had arranged to stage the contest on May 29, it was announced, and had come to terms with the Chicago lightweight, who has fought Welsh twice within the last few months.

Welsh, it was said, held out for $15,000, which was refused by the Denver men.

GIRLS WIN SEVEN STRAIGHT.

The girls of Saint Joseph's defeated the Bears Monday afternoon in the latter's court by the score of 24 to 9. The feature of the game was the playing of the two forwards, Alice Rappold and Captain Hazel May of St Joseph's. Lucy Fern starred for the losers. The teams lined up as follows: St Joseph's—Captain Hazel May and Alice Rappold, forwards; Helen Silva, center; Mary Cronin and Margarite Coone, guards. Bears—Lucy Fern and Mary Downey, forwards; Mae Phillips, center; Aileen Mather and May Taylor, guards. Umpire—Samuel Johnson.

DEL MONTE TOURNEY OPENS SEPT. 4

Golfers throughout the Pacific Coast and elsewhere will be interested to know that the dates for the big annual golf tournament at Del Monte, known as the Del Monte Championship, has just been announced as September 4 to September 11, inclusive.

This tournament will carry the additional title to the Del Monte Championship of California State Champion, as the California Golf Association has recognized that this tournament attracts the most representative body of the Pacific Coast.

Running simultaneously with the men's tournament will be the Women's Del Monte Championship event, also many other events for both men and women. The presence on the Pacific Coast of many Eastern golfers attracted here by the Exposition, and the close proximity of the Del Monte course to San Francisco, will no doubt enlist an entry that will break all records.

Golfers are requested to send in their reservations at once, as September is going to be a very busy month at Del Monte.

WHEELMEN'S CARD HAS 3 MAIN EVENTS

The Wheelmen's club card for next Wednesday evening at Piedmont Pavilion will have three main events and is announced as follows:

Battling Johnson vs. Charley White, 133 pounds; Johnny Reichele vs. Abe Henderson, 135 pounds; Kid Petaluma vs. Joe Brown, Johnny Dundee vs. Kid Shadow, Cyclone Conde vs. Geo. Davis, Jack Johnson vs. Louis Hoffman, Young Joe Rivers vs. Joe Cuneo, Joe Jeffries vs. Kid Farley; Pearl Rodgers vs. Gunner Smith, Roundhouse Murphy vs. Young Basil.

SAIER IS STILL COUNTING 'EM

Vic Saier, first baseman of the Chicago Cubs, and whose home is in Lansing, Michigan, has been doing quite a job of bookkeeping this winter. Saier has been trying to get a line on the exact number of men killed off in the European war.

Daily Saier tackles the newspaper reports and jots down the latest total of dead. He credits these on the proper page of his memorandum book. His total of dead for all armies engaged is 2,000,000,000 in round numbers. His figures are a million or so above that, but he makes allowance for typographical errors in a few instances.

MANDOT VS. MURPHY.

CHICAGO, March 12 — Joe Mandot of New Orleans and "Harlem" Tommy Murphy of New York were matched today in New Orleans to fight 20 rounds there March 29, according to an announcement here. They are lightweights.

ASPHALT STREET WORK COMPLETED

Annexed District Sees Many Improvements Along Its Thoroughfare.

MELROSE, March 12 — Completing an unbroken stretch of asphalt roadway on East Fourteenth street to the eastern limits of Melrose, work is in full swing in laying the improved road surface in this section. The north side of East Fourteenth street for several blocks in Melrose has been laid with concrete and is ready for asphalting. The badly laid surface of East Fourteenth street in Fruitvale and Melrose was formerly the subject of much criticism, but the improvements have placed these communities on as high a plane as any in Oakland in the matter of well laid thoroughfares.

The Melrose Businessmen's association which is largely responsible for the street improvements in this district will discuss progress in this direction at its next meeting, Tuesday night.

GUILD TO REHEARSE

SAN LEANDRO, March 12.—The first rehearsal of a laughable farce entitled "Uncle From Reno" will be held in the Masonic hall Monday by a cast selected by the members of St. Mark's Episcopal Guild. The play will be presented in April and will be in the nature of a benefit for the guild.

YOUNGEST MINERALOGIST ATTRACTS ADMIRERS

SAN LEANDRO March 12.—Since the public learned four-year-old Charlie Mason was the youngest mineralogist in the world, the little fellow has received many visits from admirers, chiefly feminine, who are showing a deep interest in his collection of minerals.

One young woman asked for Charlie's horoscope, and predicted he would make his mark in the world as a geologist and in other fields of activity. Another of his fair admirers wants to write him up in an Eastern magazine.

TRIES TO STOP RUNAWAY; KNOCKED DOWN; HURT

SAN LEANDRO March 12.—In an attempt to stop his runaway horse Morgan Kelly was knocked down and badly cut here yesterday afternoon. The horse stopped a few yards away after Kelly was thrown to the ground and stunned. He was removed to a neighboring store and was able to go home after treatment. His injuries consisted of cuts and bruises. Kelly's horse shied at a piece of paper and started off along Joaquin avenue, the mishap occurring when Kelly tried to get in front to stop the runaway.

LOS AMIGAS CLUB TO GIVE ENTERTAINMENT

SAN LEANDRO, March 12.—Pretty girls dressed in white midd blouses, white skirts and red ties, members of the Las Amigas club of this city, were hostesses to forty of the younger set at an entertainment in the Masonic hall last evening. The gay party played games and danced until a late hour when supper was served. Miss Anna Jensen, president of the club, was chairman of the evening.

ST. PATRICK'S ENTERTAINMENT.

ELMHURST, March 12.—A St. Patrick's day entertainment will be given this evening by the young people of the Elmhurst Presbyterian church. There will be Irish songs and games and the decorations of the church and supper tables will be a reminder of old Erin. About forty of the young church men and women are arranging tonight's affair and are preparing to entertain a large company of Elmhurst folk. Mrs. R. Hill and Mrs. H. Walcott are at the head of the entertainment committee.

EASTERN STAR TO INITIATE

HAYWARD, March 12.—The Hayward Chapter of the Order of Eastern Star will initiate several candidates at a meeting this evening. The chapter has changed its meeting nights to the second and fourth Fridays of each Monday. Since it was formed here several months ago the chapter has steadily increased in membership and is one of the most popular of this city's lodge organizations.

ANNOUNCE ADVANCE IN PRICE OF TINPLATE

By Associated Press.

PITTSBURG, Pa., March 12.—Independent tinplate manufacturers in the Pittsburg district yesterday announced an advance in the price of tinplate equal to $3 a ton. The announcement followed that recently made by the American Sheet and Tinplate Company of the same increase in price, which brings the market up to $3.40 per base box. The advance is effective at once. Tinplate mills in the district, it is estimated, are operating at fully 90 per cent of capacity.

WHEAT FOR ALLIES TO LEAVE SEATTLE

Three Large Ships to Sail for Europe Within Next Ten Days.

SEATTLE, Wash., March 12.—Within the next ten days three big sailing craft, the full-rigged French ship Laennec, the Swedish bark Svithiod and the British bark Alice A. Leigh, will leave Seattle with cargoes of wheat for the United Kingdom.

All are under charter to M. H. Houser, the grain exporter, who loaded the American bark William P. Frye, which was destroyed by the German auxiliary cruiser Prinz Eitel Friedrich, and all will proceed to English ports "for orders."

The Laennec, Captain Achille Gurlec, will sail tomorrow or Saturday with 3000 tons of wheat and will be followed in a few days by the Svithiod, Captain O. Lodin, and the Alice A. Leigh, Captain Allen Davidson, with 3000 tons and 4600 tons, respectively. Officers of all three vessels were unwilling to discuss the route they would follow.

"This information is not for the Germans?" said the mate of the Alice A. Leigh, the largest sailing craft under the British flag. "You know you can't be too careful about giving out information concerning a British ship in war time."

The mate of the French ship Laennec was less reticent. He said the Laennec would proceed to Falmouth for orders and expressed the hope she would make as fast a passage as the American bark Edward Sewall, which arrived at Dublin Sunday, 125 days from Seattle.

Notice is hereby given that on the 18th day of February, A. D. 1915, the said W. E. Bryant was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at 704 Union Savings Bank Building, in the City of Oakland, State aforesaid, on the 23d day of March, A. D. 1915, at 10 o'clock in the forenoon, for the purpose of proving their claims against the estate of said bankrupt, and examining said bankrupt; and that at the same time and place all creditors whose claims have been duly proven and allowed shall appoint one or three trustees of said estate, and also may consider whether such trustee or trustees shall be authorized to sell the property of the estate.

Claims must be prepared in form required by the Bankruptcy Act, and sworn to.

Dated: Oakland, Cal., March 11, A. D. 1915.

WM. J. HAYES,
704 Union Savings Bank Bldg., Thirteenth and Broadway, Oakland, California. Referee in Bankruptcy in and for the County of Alameda, State of California.
E. HUFFAKER, Attorney for Petitioner.

NOTICE.

F. A. RING, Secretary.

GRAIN BUSINESS LOSS, DECLARED

Western Railroads Object to Commission Rulings, Is Testimony.

By Associated Press.

CHICAGO, March 12.—More testimony that the carrying of grain and grain products was unprofitable to Western railroads was given here yesterday by C. E. Perkins, freight traffic manager of the Missouri Pacific and Iron Mountain system, who said State Railroad Commissions were responsible for reductions made in rates on these commodities.

Mr. Perkins was testifying at a hearing of Western roads who are petitioning the Interstate Commerce Commission for permission to advance their rates on certain articles, and most of his testimony was about rate conditions in Texas, but he maintained that in general the Interstate Commerce Commission's regulation of interstate rates was influenced by the various state rates.

"State commissions," he said, "absolutely control the amounts the railroads are able to earn.

"The rate as originally established from Kansas City to the southern and largest group of Texas points, comprising more than half of the state, was 38½ cents a hundred pounds on flour. Today by reason of state reductions, this interstate rate has fallen to 36 cents and we are now asking the Interstate Commission to advance it to 37 cents, or 1½ cents lower than the 1902 rate. Wheat was likewise forced down from 33½ cents a hundred pounds to 31 cents from Kansas City to Texas and we are now asking only 32 cents."

The witness said rates in Louisiana were lower than those in Texas.

Tomorrow the hearing on grain and grain products is to be completed and on Saturday the railroads' petition for increases on rates for carrying meat and cattle is to be considered.

DEALS LIVELY IN MINE STOCKS

Market Shows Changes in Many Securities During Morning.

SAN FRANCISCO, March 12.—With the announcement that Atlanta intends to make regular shipments and that things are looking up the mining stock market is holding its own today. Jumbo Extension, which started this morning at 85, rose to 94.

Things are showing an improvement in the whole of Tonopah, according to the report, and investigators are becoming more confident.

OAKLAND MARKET HAS SLOW DAY

Few Price Changes Noted and Scant Arrivals Serve to Lend Inertia.

Except for the arrival of one car of standard oranges from Southern California and moderate consignments of rhubarb, celery and asparagus, nothing of note came into today's market, which was very slow. Trade at this end of the season is very inactive and quantities of poor stock is still on hand. However, in about two weeks the appearance of spring vegetables and fruits, together with settled weather, is expected to fill the street with interest and life, and the quietest winter the commission houses have known in many years will give way to a better period.

Green onions, due to their plentifulness, relaxed in price to 75 cents to $1 a box this morning. Asparagus sold at yesterday's rate of 10 to 12½ cents per pound, and peas, according to quality, brought from 8 to 12½ cents. Rhubarb prices ranged from $1 per box for small stock to $1.75 for extra fancy San Leandro fancy selling at $1.50. Prices on celery were fixed in this morning's sale by its grade and condition. The best grade brought at top $3 for large crates. Less first class stuff, however, brought not above $2.50. Half-crates [illegible] easier today at $3 to $3.50 per case and the range on oranges had widened to the difference in the class of fruit offered.

BUTTER AND EGGS.

Butter provided the only stir in dairy quotations today by dropping half a cent to an even price of 24 cents per pound. Otherwise there were no changes on yesterday's rates.

The following are the quotations established this morning on the floor of the San Francisco Dairy Exchange. The regular jobbing prices are generally 3c per lb on each square of butter, and 2c per dozen on eggs over these prices:

Butter, 24c per lb; fancy eggs, 20½c per dozen; pullet eggs, 18½c per dozen; Cal. cheese, 12c per lb; Y. A. cheese, 15½c per lb.

BUTTER AND EGGS MARKET REPORTS.

PETALUMA, March 12.—There was no change reported in the price of extra ranch eggs and the quoted figure was 19½c. The receipts were heavy yesterday and it was brisk about the market. The hatcheries are paying fancy prices for prime stock. The price of select pullet eggs was 17c here and there was a light delivery.

The poultry delivery was very light and the prices were firm. Feed prices were steady yesterday.

STOCKTON, March 12.—On the local produce market yesterday broilers advanced from 23@25c to 26@28c per pound, while fryers remained firm at 22@23c and hens at 14@15c. There was a good demand for ranch eggs, firsts bringing 18c and seconds and pullets 16c per dozen. Ranch butter continued firm at 20½@22½c per pound.

POULTRY AND GAME.

There were no arrivals of turkeys this morning and no event of special interest in the poultry market excepting the usual chicken consignments, which made no changes in quotations.

Poultry, per lb—Small fryers, 24@25c; large fryers, 23@25c; small broilers, 27@28c; eastern young roosters, 19@20c; eastern hens, 17@18c. California hens—17@18c; old roosters, 12@13c.

Per dozen: Old ducks, $4@5; young ducks, $6@8; young Pekin ducks, $7@8; old pigeons, $1.25@1.50; squabs, $2@3; geese, $2.50@3 per pair.

Game—Per dozen: Hare, $2@2.50; cottontail, $2.50@3; gray geese, $4@5; brant, $2.50@3.50.

SWEEPING CHANGES IN CONSULAR SERVICE

By Associated Press.

WASHINGTON, March 12.—In a reclassification of the United States consular service, announced by the State Department, sixteen consulates are closed, five are removed, six new consulates are created, the salaries of eighteen consuls-general are increased to correspond to increased business transacted, and the salaries of thirty-three consular officers are increased, one consulate only, that at Nottingham, England, suffering a decrease.

The consulates closed are those at Addis Abaha, Abyssinia; Bogota, Colombia; Dawson, Yukon Territory; Neuchwang, China; Iquique, Chile; Iquitos, Peru; Managua, Nicaragua; Cape Gracias, Nicaragua; Geree-Dakar, Senegal; Port Louis, Mauritius; Maskat, Oman; La Paz, Bolivia; St. John, Quebec; Sierra Leona, West Africa; Sivas, Turkey; Suva, Fiji Islands.

These consulates have been moved: Owen Sound, Ont., to Fort William and Port Arthur, in the same province; Dalny, Manchuria, to Tairen in the same province; Rimouski, Quebec, to Riviera du Loup in the same province; Harput, Turkey, to Diarbakir, in the same country; Cognac, France, to La Rochelle, in the same country.

The newly created consulates are at Sao Paulo, Brazil; Antofagasta, Chile; Changaia, China; Tunis, Algeria; Dakar, Senegal; Monbasa, East Africa.

The largest salary increase is in the case of the consul-general at Buenos Ayres, who will draw $5000 instead of $4500.

EXPORT FIGURES ARE PROOF OF PROSPERITY

SAN FRANCISCO, March 12.—How California is prospering to the extent of tens of thousands of dollars monthly by the opening of the Panama canal and the European war, is told by the figures of exports from this port during the last few months, and which show that for the first two months this year the exports were more than $[illegible] over those for the first three months a year ago.

During February this year exports from this port amounted to $8,666,734, and this makes the month the fifth highest month in the past ten years. The marked increase in the value of cargoes going out of San Francisco became noticeable in August of last year, when they were $4,804,768. September showed $8,255,736, and October $8,920,234. The six months of the war, commencing with September, show exports greater than the entire year in 1905.

In 1905 the entire exports amounted to $45,-603,501; in 1910 they dropped to $33,773,746, and in 1914 they had increased to $54,784,092. There was a gain in February this year over the preceding month of from $1,707,052 to $8,-666,734.

There was a gain of more than $6,000,000 in 1914 and exports over those of 1913, and the increase promised for the present year by the jump during the first two months, according to customs officials, to make San Francisco a $100,000,000 port within a year, or two years at most.

BIG WHEAT DECREASE.

WASHINGTON, March 12.—Wheat held in country mills and elevators on March 1 amounted to 86,000,000 bushels, the Department of Agriculture estimated last night, compared with 94,000,000 bushels one year ago and 118,000,000 bushels in 1913.

GRAIN

CHICAGO, March 12.—Rapidly diminishing supplies in mills and elevators had a bullish effect today on the price of wheat. After opening ⅛c to 1¼c higher, the market here made a decided further upturn before beginning to react.

Urgent demand for both cash and May by export houses tended to rally the market on every downturn. The close was strong at 1¼c to 2⅛c above last night.

Free purchasing by commission houses lifted corn. The opening, which varied from the same as last night to ⅛@⅜c higher, was followed by a moderate gain all around.

Owing to wheat strength shippers were chary of pressing bear side of the corn market. The close was firm at ⅝@⅞c to ¾@1c net advance.

Continued export call gave strength to oats.

Provisions rose with hogs.

CHICAGO, March 12.—Corn—No. 2 yellow, 73¼@74c. No. 4, 70½@71c; rye, No. 2, $1.13½. Barley, 70@80c, timothy, $4.50@5.60; clover, $13.50.

Close: Wheat—May, $1.55¼; July, $1.21.
Corn—May, 73½c; July, 75⅜c.
Oats—May, 58⅝c; July, 53⅞c.
Pork—May, $17.70; July, $18.12.
Lard—May, $10.60; July, $10.82.
Ribs—May, $10.12; July, $10.45.

MONEY TO LOAN

Money For Everyone

QUICKLY AND PRIVATELY.

Anyone keeping house in Oakland, Berkeley or Alameda may borrow in amounts from $10 to $100 on their plain note and contract. No mortgage or assignment of salary necessary, just a plain contract that is simple and to the point.

Loans may be paid in small weekly or monthly installments to suit the borrower. If you wish to pay loan in full before the time contracted, a very liberal rebate will be allowed on the months it has yet to run, you pay only for the time you use the money.

LOANS TO LADIES ON THEIR OWN SIGNATURE.

If you are contemplating borrowing money and wish to get it quickly, privately and at a cost you can afford to pay, call and let us talk it over with you. If you cannot call, write or phone for one of our representatives to call at your home free of charge.

PHONE OAKLAND 2910.

INDIAN TRAPS MANY WOLVES.

TOWER, Minn., March 12.—John Big Nose, an Indian living on the reserve, is the champion wolf hunter of this district. He captured a half dozen of the brutes. The forest is full of wolf tracks, but the animals are wary, and to attempt to capture them is to put one's self against their superior cunning. Poison fails to work, and a set trap is about the only means of taking them. The recent restoration of the bounty of $7.50 by the commissioners, supplemented by $7.50 from the state, together with about $5 for the fur, makes the capture of a wolf a sufficient incentive to wage a warfare on these forest robbers.

THIS HEN IS NO CHICK.

MYERDALE, Pa., March 12.—William Scott of this place has a pet hen which he calls Fancy Scott. Fanny is 13 years old, her last birthday anniversary being observed last Tuesday. She is still hale and hearty, but, of course, she's no chicken, according to a local poultry fancier.

ALCATRAZ PRISON NOW 'BARRACKS'

New Title for "the Rock" Is Order From National Capital.

SAN FRANCISCO, March 12.—There is no longer any "Pacific branch of the United States Military Prison" at Alcatraz. There no longer is any military prison in the United States. Alcatraz now is known as the "Pacific Branch, United States Disciplinary Barracks," the army appropriation bill, now a law, changing the entire status of military prisons, not only in name, but in effect.

Enlisted men or officers of the United States committing serious offenses, hereafter will be sent to the United States Penitentiary at Fort Leavenworth, or at other Federal prisons that may be designated. Men charged with purely military offenses will become members of disciplinary companies. This means that, instead of doing the work of convicts, they will do the work of soldiers. After being under observation for some time, and after their commanding officers see that they want to "make good," they will be restored to the line of the army and will complete their original enlistments.

Punishment is not now the idea of military prisons. Reformation is the big object. If a man wants to reform and to refit himself for military service, he will be given every chance so to do. If he shows himself incorrigible, he will be sent to a Federal penitentiary.

Months ago old Fort Point was remodeled as a disciplinary barracks, the idea then being that Alcatraz would be transferred to the immigration department. The immigration department since has not shown any overwhelming desire to take over the island in the center of the bay. Therefore, the army must maintain it for some little time to come, the idea still being, however, that eventually all prisoners there will be sent to old Fort Point.

When anybody asks any San Franciscan now, however, what all the big white buildings on Alcatraz are, the reply should not be that they are prison buildings. They are disciplinary barracks for soldiers who have fallen by the wayside, but who now are trying to make good again.

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean Your Liver and Constipated Bowels Tonight and Feel Fine.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.—Advertisement.

LECTURES ON NATURE GIVEN FOR CHILDREN

A series of nature lectures for children is being given every Saturday at 10 o'clock at the Piedmont branch public library, Piedmont avenue, near Fortieth street. Tomorrow's lectures will be on "The Birds of Mosswood Park," by Miss Margaret Wythe of the University of California Museum. An exhibit of birds nests, eggs and stuffed birds will be shown.

Miss Grace Meeker of the Oakland public schools delivered a lecture on "Trees" last Saturday. "How Desert Plants Get a Drink" will be the subject of a lecture Saturday morning, March 20, by Mrs. Elizabeth Madison of the Oakland high school. Other talks will be given at later dates on butterflies, moths, wild flowers and bees and insects. Much interest is being taken in the lectures by children in the district.

COLLEGE PLAYERS GIVE ONE ACT COMEDIES

The college players, from St. Mary's college, featuring Louis F. Le Fevre, Val Fleming and Thomas Lloyd Lennon, appeared in a series of one act plays last night at St. Anthony's hall in East Oakland. The music was rendered by the college orchestra, under the direction of Frederick Schorcht.

The plays given last night were well received by a capacity audience, and will be repeated tomorrow night. "The Infernal Feminine," written by Louis Le Fevre and Gerald Brusher, students at the college and featuring Val Fleming, is one of the best comedies on college life seen for some time.

"The Verdict," with J. Emmett McNamara in the leading role, was also a clever piece, and the program was rounded out by a playlet of Raymond Warren Channing's entitled "Midnight," an old theme handled in a new way, which met with a great deal of applause.

In addition to his difficult role in "The Infernal Feminine," Fleming found time to render a few character songs, while his cast was changing costumes. The plays were all well produced and showed no little talent and hard work on the part of the youthful thespians. They had throughout a professional swing that is not often found in amateur performances. The entire program will be repeated tomorrow night.

BAD MAN OF OAKLAND LANDS IN PRISON CELL

SAN FRANCISCO, March 12.—John N. Rogers, who declares that he hails from Oakland and who did his best to make himself appear "a bad man" in the tenderloin at an early hour this morning, succeeded in landing himself in the city prison.

Patrolman Lawrence Bowland was summoned to 776 Commercial street, where two women complained that Rogers was trying to terrorize the inmates and had boasted that he was going out to hold somebody up. Bowland decided to take no chances and promptly handcuffed his man.

A search of Rogers' pockets revealed at least that he was prepared for any emergency. He carried a big automatic, a false mustache and an extra gray slouch hat. The name had been cut out of the hat and it was apparent that Rogers had at least planned a trick of some sort. He is being held in detinue.

"We, of Alameda County, have always been honorable. Gentlemen, this $1,000,000 is an obligation. We are not giving this money to San Francisco; we are buying stock in the Exposition and we are reaping benefits from that Exposition now. We must vote the bonds."—H. A. Johnson of the Santa Fe Improvement Club. Exposition bonds election March 19.

MORE SHOWERS TONIGHT, IS WEATHER FORECAST

SAN FRANCISCO, March 12.—A sudden change in weather conditions came last night and rain began falling at 11 o'clock in the bay cities. Up to noon today it had not extended further south than San Jose and there was no heavy precipitation anywhere. According to the United States Weather Bureau, unsettled conditions prevailed with a likelihood of showers tonight and tomorrow. The rain has been general throughout the northern section of the state and in the Sacramento valley.

CLAREMONT COUNTRY CLUB ELECTS OFFICERS

At the annual election of officers and directors of the Claremont Country club, William Pierce Johnson was again made president, and Robert Fitzgerald, vice-president.

Tyler Henshaw was named as secretary and for directors: A. T. Ellis, W. S. Rheem, George D. Greenwood, Captain Charles Minor Goodall.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embrocation in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is gently used over the skin to render it pliable to the natural stretching which it undergoes. The myriad of nerve threads just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, and is recommended by grandmothers who in their earlier days learned to rely upon this splendid aid to women.

You can obtain "Mother's Friend" at almost any drug store. Get a bottle to-day and then write for our little book so useful to expectant mothers.

CHARGES FOR GAS CAUSE OF PROTEST

SAN FRANCISCO, March 12.—Alleging that the gas furnished by the Santa Maria Gas and Power Company contains only 60 per cent of the heat units that it contained a year ago, while the price remains at $1 per 1000 feet, A. W. Cox and other citizens of Santa Maria have complained to the Railroad Commission of both the rate and the service. They charge that the heavier gases are being extracted for the purpose of making gasoline and other by-products.

C. M. Kirby has asked authority to sell his interest in telephone property at Dixon to the Pacific Telephone and Telegraph Company.

The complaint of the city of Redding against the rates of the Pacific Telephone and Telegraph Company has been dismissed.

Rose S. Soaulding wants the Railroad Commission to permit her to sell an irrigation ditch in Tulare county to the Foothill Ditch Company for $15,000, the purchaser to assume a judgment for $12,665 in favor of certain water users.

In the case of Angal Ferrasci et al. against the Empire Water Company, the Railroad Commission has decided that whenever the water company, after reasonably serving its customers east of Kings river, shall have under its control a surplus from the system of the Lemoore Canal and Irrigation Company, it shall convey such water to the west side of Kings river for use by consumers on that side.

The complaint of the Southern California Sugar Company against the Southern Pacific and the Atchison, Topeka and Santa Fe filed recently with the Railroad Commission, has been amended so as to include the Pacific Electric Railway Company. The complainant asks for lower rates and also $1350.93 from the Southern Pacific Company, alleged to be excess paid by the complainant on beet shipments over what it would have paid had it enjoyed the same freight rates as the Santa Ana Co-operative Sugar Company.

SPANKS HIS SON, AGED 24; BOTH LAND IN JAIL

John Regalli is 24 years of age, but according to his father's viewpoint, he is still a boy, and, if he does not behave, should be practically, if not literally, spanked. Acting on this belief, his father Michael Regalli, proceeded to administer a severe beating last night when his "boy got sassy."

It appears that John and his father, who live at 2845 Ninth street, began to argue last night, and in an effort to convince the old man of the error of his ways the "boy" said something which displeased his parent. The result was that John was taken to the emergency hospital by the police.

He had sustained a severe laceration of the ear in addition to bruises, numerous and many which adorned his countenance. The father escaped without a scratch, proving thereby that he was in all respects able to finish whatever he had started. The pair were removed to the city hall, where they were charged with disturbing the peace.

GUESTS RETURN EAST.

CONGRESSIONAL TOUR PLANS ARE PERFECTED

By Associated Press.

WASHINGTON, March 12.—Plans for a congressional tour to the Hawaiian Islands, under the auspices of Prince Kalaianasole, the Hawaiian delegate, are virtually complete today, with 130 persons in the party. There will be 55 senators and representatives and members of their families on the trip, the expense of which will be borne by Hawaiians. They will leave the last of April and spend twenty-two days on the islands, returning to San Francisco about May 25.

Among those in the party who have accepted invitations are Representative Mann of Illinois, the minority leader of the House; Senators Stone, Overman, Saulsbury, Cummins, Poindexter, Martins, Representatives Sharley, Kentucky; Glass Virginia; Anthony, Kansas; Stafford, Wisconsin, and Copley, Illinois.

RAILROAD CONVICTED OF REBATING CHARGE

By Associated Press.

TRENTON, N. J., March 12.—The Central Railroad Company of New Jersey was found guilty of charges of rebating in the federal district court here today. The indictment charged 185 violations and the jury sustained the indictment.

The rebating charged consisted of granting special rates to the Lehigh Coal and Navigation Company for the shipment of coal.

The minimum penalty for each count is a fine of $1000 and the maximum a fine of $20,000.

The court deferred sentence.

OSMONT HEIRS WIN SUIT FOR FORTUNE

SAN FRANCISCO, March 12 — The heirs of the late Attorney Thomas M. Osmont have the full legal right to the title to property near the Southern Pacific depot valued at approximately $3,000,000, according to a decision by Superior Judge Crothers yesterday.

The decision was rendered in a suit brought by Mrs. Elizabeth A. Heydenfeldt, widow of the late Judge Solomon Heydenfeldt, and their two children, Elfin O. and Moodie O. Heydenfeldt, who claimed that Attorney Osmont obtained the title to the property by subterfuge.

Judge Heydenfeldt died in 1880 and his estate was in litigation for the next eleven years. Osmont was one of the attorneys connected with the litigation. Seeing that the estate would be entirely swept away if they continued the litigation the heirs effected a compromise in 1891. Attorney Osmont demanded $50,000 for his services.
